

ALIENS TO PAY INCOME TAX

Many Will Take Advantage of Becoming American Citizens, Canvass Shows.

Aliens employed in the factories of South Bend who have refused to announce their intention of becoming naturalized within a reasonable time will be required to pay an income tax on their wages amounting to eight percent, the tax being paid to the U. S. revenue office.

A canvass among the foreign workers employed at the Oliver plant revealed the fact that only a very few will not take the advantage of seeking citizenship when the opportunity is afforded to them. It is said that those subject to the new income tax will leave America for Europe to take up domiciles in the several new republics created by the peace conference.

Back to Europe.

A small number of those employed at the Studebaker corporation have made voluntary statements to the heads of their departments of their intention to leave the place of their present employment within a short time. They intend to leave for Europe, joining the thousands of others who already have left.

An investigation shows that the majority of the foreign element will remain in America even if the land of their birth is freed from the yoke of Germany. The majority of the workers remaining here have contributed liberally to the response of the government in buying Liberty and Victory Bonds and War Savings stamps, and have contributed to all war causes.

OVERSEAS FIRM ACQUIRES SHIPS

Anderson Company Purchases One Hundred Steamships of Shipping Board.

WASHINGTON, Aug. 1.—One hundred steamships built on the great lakes during the war have been sold by the shipping board to the Anderson overseas corporation of New York for approximately \$80,000,000. This is the largest ship sale on record, the board said, in announcing the deal tonight and the vessels will eventually pass into Italian and French ownership.

Delivery of the ships will commence Aug. 10, and proceed at the rate of six or more a week until completed, Chairman Hurley said. As the sale is made on a partial payment basis, the board will keep a measure of control to assure provision of insurance protection and freedom from liens. The ships range from 3,300 to 3,500 dead-weight tons, draft.

Mr. Hurley made the announcement concerning the sale a few minutes before he left his office as chairman of the shipping board for the last time. Tomorrow he returns to private life, leaving for his farm in Illinois.

Hurley Says Good-Bye.

During the afternoon Mr. Hurley shook hands with and said good-bye to nearly 2,000 men and young men employees of the board. Earlier in the day the retiring chairman called at the white house and bade good-bye to President Wilson. He was closeted with the president for about an hour. The president thanked Mr. Hurley for the aid he had given during the past three years, and said he would miss his counsel.

Mr. Hurley tonight was given a farewell dinner by Washington newspaper men who have "covered" the shipping board during his administration as chairman.

Mr. Hurley resigned last month to take effect Aug. 1.

His successor as chairman has not been announced but it is believed that John Barton Payne, whose nomination as a member of the board was reported favorably to the senate today, will be appointed.

CHAIRMAN OF ORPHANS' FUND COMES TO CITY

Mrs. A. P. Shaber, of Michigan City, national chairman of the Queen Elizabeth fund for Belgian relief, will be in South Bend today in connection with the Flower day which is to be held for the benefit of the fund. Mrs. Shaber will give an address on the court house lawn at 3 o'clock tonight. A patriotic motion picture will be shown on a screen in front of the court house. George Sincer, of Mishawaka, will bring a machine from Mishawaka, where the picture was shown Thursday night, and will throw the film on the screen from the Conservative Life bids. The electric light companies have agreed to turn off the lights in the vicinity in order that the pictures may be distinct.

TO THE HOUSE-WIVES.

If you want canning peaches, get busy. Now is the time. We are receiving the best quality at the lowest prices they will be this year. Arkansas Elbertas, freestone, and best for canning, they will last a short time. Give your order to your grocer. Schuler-Klingel & Co., 113-117-119-121 W. Bronson st.

Plenty sizes in low shoes and at a great saving at Fedder's 5966-2.

Wear 'Em? Sure! Ladies Like the Abbreviations

"Would you wear 'em?" said one South Bend young woman to another.

"Yes, I'd wear them if everybody else did," was the answer.

The subject under discussion was half hose for women—socks, to speak plainly.

South Bend women are ahead of the city's biggest department stores when it comes to this new fad which is rampant in New York and throughout the east. Calls have been received regularly at all of the big women's stores for the abbreviated hosiery, but none of them have yet stocked the articles. Not to be cheated, the South Bend women have resorted to make-shift.

They're wearing men's socks—and children's, too, when the sizes are large enough!

"Some of our customers," say they want the socks for bathing—which may be a fib—but others are very frank to say they want them for street wear," said a clerk in one of the city's department stores. "Sometimes we can fit them in men's socks and sometimes in children's, but if the demand keeps up our buyers will have to acknowledge they've overlooked a bet, and misjudged the fashion-followers of South Bend."

"I don't see why we shouldn't wear 'em," said a society girl Thursday. "They're being worn in New York, and they'll soon be general here—only our stores don't carry them in stock yet."

And seeing no reason to the contrary they just go ahead and sport 'em. They have been noted in several instances on South Bend steps in recent days. It may be that visitors have brought them along, maybe not. But they're here.

Saturday will be a big day at Fedder's. Come get your share of bargains in low shoes. H. C. Fedder, 5967-2.

POLICE SECURE BOOZE AT SZABOS

Forty-one Gallons Found—Owner Says Liquor Was to Be Used for Sickness.

Forty-one gallons of booze were added Thursday night to the stock at the city hall. The liquor was brought in by Asst. Chief Cassidy and Detectives Delinski and Hamilton, who staged the second raid within a week on the soft drink saloon of George Szabo, 1192 W. Thomas st.

The raiding party found the liquor, which was in seven five-gallon, one four-gallon and two two-gallon jugs, carefully concealed under a pile of kindling wood in the cellar of the Szabo place.

Szabo must have had a great deal of sickness in the family lately, or at least is expecting some, as he made the plea to the police that he was keeping the liquor for medicinal purposes. He said that he had not been selling any of the booze.

Raided Last Saturday.

The Szabo place was raided last Saturday afternoon. Although it was about the supper hour, when business is usually good in such places, there was not a customer in the house when the police arrived. The police denied, however, that they knew anything about Szabo being tipped off about the raid.

However, circumstantial evidence seems to prove that Szabo knew all about it. It is very evident that all this liquor was not brought to the Szabo place during the past week. In other words, it must have been

there last week when the saloon was raided by the four plain clothes men, who failed to get any evidence. Szabo was released Thursday night on a \$100 bond. His case will probably be tried in city court Saturday.

POLICE CAPTAIN WILL TAKE SHORT REST

Police Capt. James Schock had a hard time keeping his mind on his work Thursday night. Reposing under his desk was a huge can of angle-worms, and the captain divided his attention between watching the can to see that none of the wigglers escaped, and watching the clock to see if it was getting along towards midnight, when Capt. Bunker was due to relieve him. Capt. Schock starts a 15-day furlough today, and he and his family will spend the time at Dew-Drop-Inn cottage at Fish lake, near Marcellus, Mich. Capt. Schock has spent his vacations at Fish lake for the past 15 years, and expects to snare some of the big fish that got away last summer. Detective James Cutting will relieve him while he is away.

LONDON POLICE FAIL TO HEED STRIKE CALL

LONDON, Aug. 1, 3:05 a. m.—Early this morning few policemen had responded to the general strike call. The night patrolmen started to work at 10 o'clock and nearly all remained at their posts throughout the night.

A large majority of the policemen were not aware of the intention of the union to call them out. Some refused to believe that a strike had been ordered and some expressed disapproval. It appeared evident that the move was decided upon secretly by the union executives.

LONDON POLICE STRIKE.

LONDON, Aug. 1.—The London police declared a strike Thursday
