

RAIL SHOPMEN FLOCKING BACK TO THEIR PLACES

Wilson's Ultimatum Breaks
Strike; Wage Demands to
be Considered.

By United Press.

WASHINGTON, Aug. 9.—Railroad shopmen who struck without authorization are flocking back to work in response to Prest Wilson's declaration that he would not consider their wage demands until they were all back at their jobs.

The railway department of the American Federation of Labor today received telegrams indicating that all the men would be at work by Monday.

Labor leaders said they expected to begin negotiations with Rail Director Hines by next Tuesday. The shopmen want a 25 per cent wage increase. Wage demands of other railroad employees may be submitted with theirs. It is expected that Hines will appoint a board to sit with him and to consider whether increases are justified on the basis of the high cost of living and how railroad pa-

compares with that of other big industries.

Prest Wilson's flat stand against strikes, enunciated first in his open letter to Hines and reiterated yesterday in his address to congress, was expected to clarify the situation with regard to the demands of the railroad brotherhoods.

CHICAGO, Aug. 9.—Ranks of striking railway shopmen were considerably thinned today as a result of Prest Wilson's request that the men go back to work until their wage question could be taken up. More than 25,000 in the Chicago district today had voted to return to work pending settlement of their claims, reports from union headquarters show.

The passenger train situation here and throughout the central west continued acute, however. In many shops and yards, officials, foremen and yardmasters conducted repairs and manned switch engines. Twenty trains on the Chicago and North-Western, Chicago and Alton and Chesapeake and Ohio railroads were suspended. It was believed suburban service would be kept intact.

Freight shipments were refused in several directions early today and last night out of Chicago. The Wabash railway accepted only merchandise destined for points on its own lines. All roads marked tags "subject to indefinite delay."

WATERTOWN, Wis., Aug. 9.—Chief of Police Piertz is "dog gone" sore at the daylight saving law. He says he leads a dog's life pursuing tramping law breakers who refuse to adjust waitings to the new time.
