Maj. Gen. Enoch H. Crowder, Judge advocate general of the United States army, arrived in New York the other day aboard the Cuban gunboat from Havana, whither he went last March at the request of Pres't Menocal to aid in the revision of Cuban laws. Conn Tried Sixteen Years to Find Relief—Gains 20 Pounds By Taking Tanlac.

"I tried for sixteen long years to find a medicine or treatment that would overcome my troubles, but all my efforts failed completely until I commenced taking Tanlac," said Dan Conn, a well known employee of the P. & O. Implement Co., and who lives at 861 East Elm street, Canton, Ill., the other day.

"My general health just seemed to give out all at once," continued Mr. Conn, "and during all these years it has been a hard struggle for me to keep on my feet. It was just a general all around breakdown, but my stomach seemed to give me more trouble than anything else. What little I ate just seemed to lie like a lump of lead right in the pit of my stomach and would cause me to suffer something awful. All my strength left me and I just had to drag around with no life hardly at all. Then to make matters worse, rheumatism hit me about four years ago, and this trouble got so bad that it finally put me in bed where I had to stay for a good, long time. For several days at a time, my legs would be so badly drawn up that I couldn't straighten them out at all, and the only way I could get any relief was by rubbing my legs for hours at a time. I lost so much in weight until I got where I looked like a skeleton almost. I went everywhere for treatment that I was able to go, and tried many different kinds of medicine, but I just gradually got worse all the time.

"That was the condition I was in when a friend of mine talked me into giving this Tanlac a trial, and sir, if you would just come down to the factory and see me now, you would never think that I was down and out in health such a short time ago. Tanlac did it too, and I'll tell the world so, and I will say further that I think it is the best medicine on earth. Tanlac just hit my case exactly, and since taking nine bottles of it I am as well and strong as I was in my life. I have a fine appetite, and everything I eat agrees with me all right. My stomach trouble has been completely overcome, and go has the rheumatism. I have gained over twenty pounds in weight, and am stronger in every way than I have been in sixteen years. Now a medicine that will do that much for a man ought to be talked about, and as long as I live I will boast Tanlac everywhere I go."

Tanlac is sold in South Bend by the Central Drug Store and in Mishawaka by the Red Cross Pharmacy.
