TODAY'S TEMPLE ATTRACTION.

The popularity of Vivian Martin has been increasing with every picture in which she has appeared, and today she is one of the most admired of all the Paramount stars. She is unequalled in her particular field—that of the portrayal of young girl type of an unsophisticated and lovable character. She is indisputably one of the best of the screen's drawing cards, because her appeal is to all classes. She has been peculiarly successful in the presentation of her characterizations, in all of which her genius and artistry have been evidenced with excellent results. Her admirers will be delighted with her work in "Little Comrade," for its story is not only dramatic, but its situations have distinct appeal. Comedy, pathos, drama, are all welded into a stirring and timely story, and in it Miss Martin is as charming and attractive as ever. "Little Comrade" will be shown at the Temple today.

Cohan Plans to Retire to Form New Association

NEW YORK, N. Y., Aug. 23.—George M. Cohan, theatrical Broadway's leading member of the Producing Managers Protective Association, Friday night was on the verge of retiring from play production for ever, to devote his life and \$100,000 of his fortune to the up-building of a new "independent" actors organization in an effort to break the actors strike and keep the stage free from the control of organized labor.

In a letter to Louis Maen, chairman of a meeting of nearly 900 actors and actresses not members of the Actors Equity Association, Mr. Cohan intimated that he would resign from the Managers Association and give himself entirely to the interests of a new organization of actors which would work for the "uplift of the spirit of the stage" as soon as a definite organization could be perfected and its aims outlined.

More than 450 a-tows and actresses signed up for the new association tonight under Mr. Maen's guidance, and immediately a committee was appointed to draft a constitution and by-laws and wait on Mr. Cohan.

At the afternoon meeting of the "independent" actors, Mr. Cohan said:

"No matter how the wind blows, I do not think I shall ever produce another play. I am with you all in every movement for the betterment of the theater and to bring back the friendly relations between actors and managers."
