

STUDEBAKER NOW EARN 10 PERCENT NET ON COMMON

Figures Obtained After Deducting Federal Taxes Reveal Strong Position.

Net profits of the Studebaker corporation, after deducting federal taxes, are now running about \$3,000,000 quarterly, or at the quarterly rate of 10 per cent on the \$30,000,000 of common stock, according to a statement issued yesterday by Pres't A. R. Ecskine. Although operations of the company were not in full swing until April, net earnings after taxes for the first six months of 1919 exceeded 10 per cent on the common.

Since July 1 production and sales show substantial increases in both automobile and horse-drawn vehicle divisions and demand for corporation's products is several times greater than factory output, which, in the case of autos, has been running and promises to continue at rate of 4,200 cars a month.

Prices Increased.

Prices of all automobiles were increased July 1, and net profits of third quarter alone after reserve for income and excess profits taxes are estimated at 10 per cent on common stock and fourth quarter should give a similar return if production is not interrupted by developments new unforeseen.

Units of new auto plants under construction will be completed next January and shipments of cars started in April with total of 25,000 scheduled for shipment next year which added to 50,000 cars produced by the Detroit plants, makes 75,000 cars planned for production next year, when it is estimated sales will exceed \$100,000,000.

Strong Position.

The corporation is in stronger financial condition than ever before with cash in bank, sight draft outstanding and investments in government and marketable securities of nearly \$15,000,000, with no bank indebtedness and all plant expansion paid for to date. Large inventories of raw materials are on hand at all points and labor and operating conditions are excellent. The recently adopted cooperative plans for mutual benefit of employees and stockholders were received with enthusiastic appreciation and give promise of good results throughout the organization.

RESUME PARCEL POST SERVICE TO SPAIN

Notification of the resumption of parcel post service to Spain, effective Sept. 1, has been received at the local post office. Under this new ruling, parcels weighing 11 pounds or less may be mailed to Spain, the Balearic Islands, the Canary Islands, and Spanish possessions in northern Africa, but such parcels cannot be registered.

In the same bulletin the attention of the postmaster is called to the fact that money order relations with Greece have not been resumed.

Sub-Chaser Sets New Record

Sub-Chaser 131 and Lieut. Commander Day.

Bearing five other sub-chasers, all of which had seen foreign service, the No. 131 is shown entering New York harbor, after a 600-mile run from Bermuda. The little boat, leaving Bermuda at the same time, raced the entire distance at full speed, and the No. 131 completed the run in 57 hours and six minutes. The insert shows Lieut. Commander J. L. Day of the bather 131.

HOOSIERS

A Glance Over Indiana

ERNEST KATRAPA OF EAST Chicago, Ind., says he will be sure his auto tires are in good condition before ever traveling Forsythe av. road again. A blow out on the rear tire of his machine caused him to stop and fix it. Three cordial "gentlemen" came along and offered to help him. Anyway he looked at one of them and faced a young man that was also staring at him. With the exception of a blow out, two good watches and \$135 in cash Katrapa got away all right, and the three men did too.

"SHE HUNG PICTURES OF other men on the walls and refused to allow me to take them down," said William Smith of Indianapolis when filing a suit for divorce against his wife.

BLAINE DEITLER IS THE champion watermelon eater of Cass county following a "heated" contest in which he devoured three large sized melons while the nearest competitor succeeded in getting

tiring away with but two and three-quarters.

"MIXED BATHING," CAUSED considerable trouble on a sand bar bathing beach near Terre Haute when Elisha Williams, Free Methodist preacher, endeavored to have Frederick Porter, who runs the bath house removed from the site. Williams has blocked roads and ordered everyone off the beach but thousands of Hauteans swim there daily when the mercury is high.

TWO MEN AND A GIRL WERE believed to be fatally injured in a mysterious explosion, believed to have been the result of a defective flashlight powder which wrecked

WOULDN'T TAKE FORTUNE FOR IT

Was Told That An Operation Was Her Only Hope—Gains Twenty Pounds After Taking Taniac.

"I wouldn't take a fortune for the good Taniac has done me," said Mrs. Grace E. Trinder, who lives at 511 West 33rd street, Kansas City, Mo., while talking with a Taniac representative the other day.

"My troubles began about four years ago," continued Mrs. Trinder, "and although I have been under the best of treatment, and have taken a great many different kinds of medicine, my condition gradually grew worse all the time. My stomach was in such bad condition that everything I ate disagreed with me, always after meals I would suffer terribly with indigestion and sour stomach. I was very nervous and never knew what it was to get a good night's sleep. In fact, I finally got so weak and run down that I was miserable all the time, and was not able to do my housework at all. Then they told me that the only thing left was an operation, and that it must go to the hospital and have it done.

"Well, all arrangements had been made at the hospital for me, and I was all ready to go, and just the day before I was to leave home I saw a statement in the paper about Taniac. The party who gave the statement seemed to have suffered just exactly as I did, and Taniac had been a great help to him. I showed the statement to my folks, and persuaded them to let me put off the operation a few days, and give Taniac a trial. They were not much in favor of it, but finally consented, and I commenced taking Taniac that very day. Now, the first bottle of this medicine didn't seem to do me very much good, but I bought the second, for I was determined to give it a fair trial, and by the time I had finished that second bottle, I could see that it was helping me a whole lot. I just continued to take Taniac, and it finally overcame my troubles completely.

Why, I have actually gained twenty pounds already, and am so well and strong that I can do all my housework without the least trouble. I sleep just fine every night, and am never bothered the least bit with indigestion or any kind of stomach trouble. I will never lose an opportunity to praise Taniac for the good it has done me."

Taniac is sold in South Bend by the Central Drug Store and in Mishawaka by the Red Cross Farmacy.

the factory of the Victor Photo company at Hammond.

"AH GOT JUS' A LITTLE OF it to ma own use," said Ed Duncan, when police of Indianapolis began a search of his residence for liquor. Real beer and whiskey valued at \$800 was unearthed by officials of the department. Mrs. Alexander M. Craig, formerly of Terre Haute, will act as sponsor.

A BOTTLE MADE BY THE Terre Haute glass factory and filled with Wabash river water, has been sent to Chester, Pa., where it will be broken over the prow of the merchant ship Terre Haute Friday. Mrs. Alexander M. Craig, formerly of Terre Haute, will act as sponsor.

MRS. BEN PLESSINGER OF Bluffton and Mrs. Sarah Sexton of Streator, Ill., sisters, parted 31 years ago and had not heard from each other until Friday when the Illinois woman knocked at the door of her sister, in Bluffton.

OFFICIALS IN INDIANAPOLIS informed the real estate board that they must investigate the rent problem in the city. William W. Elder, president of the board said the board was not the proper organization to probe the matter and said the city rental board should make the investigation.

Doctor Issues Warning And Tells How to Stop Tobacco Habit

New York: Dr. Connor, formerly of Johns Hopkins Hospital, says he often asks, "I wonder whether to stop the tobacco habit and I always recommend Nicotol, which I have prescribed with great success. Nicotol contains no habit-forming drugs, is absolutely harmless, and produces no after effects. In tablets, one of our leading druggists said: "It is truly a wonderful remedy for the tobacco habit—away, indeed, of anything that may have been done to you. With the nicotine poisoning out of your system your general health will quickly improve. It is a safe, non-addictive remedy.
