SECOND BRAVEST MAN DECLINES POLITICS

LOCKPORT, N. Y., Aug. 26.—Frank Jeffery, called by Gen. McHale the "second bravest man in the war," wants nothing of politics. He has declined designation by the democrats for member of the New York state legislature. Jeffery is chief of police at a local manufacturing plant employing 120 men, and says he is satisfied with his job. His greatest exploit in the war was the capture, single-handed, of 84 Germans.

THREE ARRESTS MADE

Three arrests were made Monday night for violation of traffic ordinance. Ivan Mutza, 1165 S. Franklin st., was arrested by Officer Luzzo, and John Stoh, 2214 V. Washington st., and J. G. Shacht, of Elkhardt, were brought in by Motorcycle Officers Wright and Olmstead for speeding.

LOCAL BOWLERS FACE BIG SEASON

Bankers Request Added to List—City League is in Readiness.

BY JESOPHAT SPARE.

Every indication points to the ensuing bowling season being the greatest in the history of the sport. There are more leagues formed now than there were in any time last season, and there are quite a number which are now in the process of organization.

The latest of the leagues to announce a revival of the sport is the Bankers' league. The moneyed sharks are taking the field with eight clubs, the institutions being represented are the American Trust company, Citizens National bank, Citizens Loan and Trust, First National, Merchants National, Chas. State, St. Joseph Savings and Union Trust.

Goldie Mann having purchased the Bardeen and Dice Bros. plant, which is now being overhauled by expert mechanics, will put another establishment in the field. This will mean the revival of the United league, an organization that suspended operation for the duration of the war. The United league will have a complement of six or eight clubs.

Another big time league is being formed at the Koehler and Schaefer alleys. This will consist of either six or eight clubs, which is expected to draw all of the top notch bowlers in the city. It is the home of the state champions, who, of course are entered, as are the Hoosier Creams, West Sides and Excelsiors. Applications of other teams are now being considered for membership.

Organization Gaining Favor

Nearly every organization that has been perfected so far has expressed themselves of affiliating with the South Bend Bowling association. This ought to prove a banner year for that body. It is the local representative branch of the American Bowling congress, which prescribes for and governs the great indoor game throughout the country. South Bend has always been a good association city, having the reputation in official circles of being one of the best organized cities in the country, and having more members than any other city in the country in comparative population. For several years this city had a greater membership than any city in the state, including Indianapolis. A new ruling was passed by the directors of the American Bowling congress, which will make it easier for local bowlers. In the past an individual was permitted to bowl in three different leagues. But he must pay dues in each organization. This has always been held unjust by the local representative, who had a resolution adopted at Toledo that dues could be collected but once. Although a sanction would be granted gratis to every other league that applied to which these members belonged.

City League is Ready

The City league started its organization in a temporary manner at a meeting held last week. The reason for not perfecting the body was because one of the clubs flunked at the last moment. However, a temporary organization was formed by the 11 teams represented, with Julius Schmidt, president, and J. Woodruff, secretary. A committee was appointed to draft rules, the same to report at a meeting to be held at the Orpheum alleys on Wednesday evening.

For the vacancy that occurred two applications have already been received and there should be no difficulty in completing the organization this week. It is contemplated to play a schedule of 66 games for the first season, and they hope to get into action the first week in September. This will run the season considerably past the Christmas holiday season. The first of the local leagues to get under way will be the Wilson Bros league, which is scheduled to start on Friday evening. They will roll a schedule of 45 games, which will terminate shortly before Christmas holidays. Wilson Bros. has been one of the best little organizations in the city. Although of but four clubs for the past three seasons, they will face the starter with six teams this year. They roll on a scratch basis and have developed some good bowlers.

GOLF

By Charles Chick Evans, et

THE STANCE

It is evident to me from the letters I receive that many players have an entirely wrong idea of the proper stance. Their greatest fault is in attempting to follow, in stereotype fashion, the stance used by some noted player. This is always wrong.

In the matter of stance I advise the beginner to take a provisional stance, however, and extend my arms at ease to full length. But I always am very careful to avoid any stiffness or rigidity of muscle. Then I follow with the adjustment of my feet for comfort and a sense of ease and a preparatory wiggle for relaxation. The whole idea in this is to put the body in a position of ease and freedom from any strain in order to give rhythm to the swing.

If you will keep these ideas in mind I am sure you will find them helpful in bettering your game. A comfortable stance is a very important part of golf. But the idea which many golfers have that it is a rigid, inflexible thing from which no variation is permissible is wrong. My advice then is: Decide upon your stance, approximately square for full shots, and open the half or quarter. Adjust your feet a little for comfort as you make your preliminary swing.

The rule can be put in one sentence. Use the square stance for the full shot, the open for the quarter and the half, bringing the feet closer together the shorter the shot.

SLACK TAKES DIRECT ACTION AGAINST H. C. L.

INDIANAPOLIS, Ind., Aug. 26.—United States District Atty. L. Ert Slack taking the direct action in the fight against alleged profiteering. Monday recommended to the United States food administration that the sugar license of the Beyer Grocery company of Fort Wayne be revoked. The action followed receipt of evidence, which showed that the company, a wholesale concern, had sold sugar at prices in excess of those authorized by the food administration.

According to Mr. Slack he has evidence that the Beyer company sold seventy-five bags of sugar to Ruch-Drompp company of Loganport at 12 cents a pound, whereas the authorized price is less than 10 cents, and that sugar was sold by the Fort Wayne concern to the Martin Klepper company of Decatur at 12 cents a pound.
