

## CUSTOMS AGENTS REMOVE DIRECTOR

Intelligence Officers Act Under Orders From the State Department.

NEW YORK, Aug. 26.—James H. Maurer, of Reading, Pa., chairman, and A. Epstein, of Harrisburg, director of the Pennsylvania old age pension commission, announced Tuesday night that agents of the custom house intelligence department had taken them off the steamship Lapland three minutes before it sailed for Europe, Tuesday. No reason was offered for the action, they said, except that the agents were acting on orders from the state department.

Maurer and Epstein stated that they were making the trip on instructions from the Pennsylvania legislature, to study old age pension systems in Europe, and that they have a letter of endorsement from Gov. Spruill and letters of introduction to Premier Lloyd George of England, Premier Poincaré and former Premier Leon Bourgeois of France, as well as passports properly made out and used by British consular officials.

**To Demand Action.**  
Mr. Maurer left for Washington Tuesday night, declaring he would demand action on the matter by the Pennsylvania congressional delegation. Mr. Epstein remained here in the expectation that the matter would be cleared up in time for Mr. Maurer and himself to sail on the steamer Baltic, Saturday.

**LANSLING UNINFORMED.**  
WASHINGTON, Aug. 27.—Sec'y Lansing said Tuesday he had no information as to the removal of Chairman James A. Maurer and Director A. Epstein, of the Pennsylvania old age pension commission, who announced in New York Tuesday night that they were removed by custom house agents from the steamship Lapland Tuesday just before it sailed for Europe. The two Pennsylvania officials said the agents acted on instructions from the state department.

## TO SECURE FUNDS FOR ROOSEVELT MEMORIAL

Mrs. Anne Studebaker Carlisle who was appointed Monday as a member of the committee of national Roosevelt memorial fund will have charge of the local campaign for funds.

Mrs. Carlisle has been unable to formulate as yet any definite plans for conducting the local campaign for South Bend's share of the \$150,000 which has been tentatively set as Indiana's quota of the \$5,000,000, the minimum amount to be subscribed, for at the meeting of the executive committee to be held on Sept. 11 at Indianapolis, a plan to be used universally throughout the cities of the state will be evolved undoubtedly.

The campaign for funds is to be conducted during the week of Oct. 20-27 and Mrs. Carlisle has been advised by William C. Bobbs, state chairman, that "Americanization" is to be made the keynote of the appeal. The American people are to be urged to acquire Rooseveltian ideals, to practice the "square deal," and to be loyal to America from which will follow better citizenship, better government and more prosperous industry.

Specifically the \$5,000,000 which is to be raised is to be used as follows: to erect a national memorial at Washington; to establish a park at Oyster Bay, Long Island, which may ultimately include Sagamore Hill, Col. Roosevelt's home; and to establish a foundation devoted to perpetuating Roosevelt's ideals of Americanism.

## SEMINARIANS RETURN FOR SCHOLASTIC YEAR

After spending eleven weeks' vacation with their parents and relatives at home, students attending the Holy Cross seminary at the University of Notre Dame returned to school Tuesday evening, thus complying with a regulation of the Holy Cross congregation which requires that students of the seminary must arrive a few weeks before the opening of the new scholastic year.

In former years, the students were allowed a vacation period of six weeks, but this year by special permission the time was extended. Upon arriving the students reported to their new superior, the Rev. George Finnigan, C. S. C., former member of the Notre Dame Mission band. Fr. Finnigan who served considerable time overseas as a chaplain with the A. E. F., succeeds the Rev. Thomas A. Irving, C. S. C., as superior of Holy Cross seminary.

The attendance at the Holy Cross seminary this year is expected to be 115, eighty of whom have enrolled in past years. The prefects at the seminary will include the Rev. James McElhiney, C. S. C., the Rev. Charles Marshall, C. S. C., and the Rev. William Stack, C. S. C.

## RABBIT BREEDERS TO MEET THURSDAY NIGHT

There will be a meeting of the South Bend and Mishawaka Breeders and Fanciers' association at the Chamber of Commerce Thursday evening to discuss plans for the coming exhibits of rabbits and canaries at the Inter-State fair, Sept. 9-12. N. F. Nyrens, the superintendent of that section of the fair, will have charge of the meeting.

## French Girl Likes America

One day in America for Mrs. George McNamee, officially a stewardess aboard the army transport Lake Winooski, was enough for her to decide that the land of which she has become a citizen by marriage is "trou bleu." Mrs. McNamee, who until recently was Mlle. Marie Catherine, is a pretty French girl, the wife of George McNamee, third officer of the Lake Winooski, which arrived in New York City the other day. They were married just before the vessel left Havre, but only after a mix-up in messages, which led both to think they had lost each other. The vessel had no orders to embark passengers, so the new Mrs. McNamee was listed as a stewardess.

## TWO AVIATORS KILLED WHEN AIRPLANE FALLS

BELEVILLE, Ill., Aug. 27.—Second Lieutenant Floyd Meisenheimer of Detroit, and Chauffeur Harold Ice of St. Marys, Ohio, were

killed at Scottfield near here late Tuesday when their airplane fell from an altitude of 300 feet and caught fire after crashing to the ground.

## FRISCO BIDS FOR SOUTHERN TRADE

Financial Representative Says South America Logically Belongs to Pacific.

SAN FRANCISCO, Aug. 27.—Shopping facilities connecting this city with the western ports of Central and South America will have to be increased very materially in the near future, if the business men of the Pacific coast expect to maintain their trade supremacy in the western section of the countries affected, according to a statement given out today by Benno Schoch, the Latin-American representative of the American Finance and Commerce company. Mr. Schoch says that Great Britain and other European nations are now entering that field with very strong competition. "The market on the western coast of South America logically belongs to concerns doing business through the port of San Francisco," says Mr. Schoch. "And if we desire to hold our share of it, we must provide immediately the tonnage in ships to properly supply the products that market demands. Several district lines between Japanese and South American ports recently have been established."

A movement to secure more ships for South America through the Federal Shipping board is advocated by Mr. Schoch.

## WINE CREATES SUGAR SHORT- AGE.

OIL CITY, Pa., Aug. 27.—There is a shortage of sugar here and dealers blame it, in part, on the rush to make elderberry wine. That wine with a kick can be made from elderberry blossoms is generally known among the older people and hundreds of bushels have been gathered in this vicinity.

BRUSSELS, Aug. 27.—The Belgian senate Tuesday unanimously approved the peace treaty with Germany. The chamber of deputies ratified the treaty Aug. 8.
