

FARMERS OPPOSE GARBAGE CONTRACT

To Register Objections When Brought Before City Council.

Opposition to the garbage disposal contract by the board of public works with Joseph Hall of Logansport, Ind., will develop when the contract is taken before the city council for ratification, it was learned Saturday.

Those who opposed to the contract say that the city is acting in bad faith with the farmers of this country. D. P. Gaudaur, who has had charge of the collection of garbage by the farmers in the past, declared Saturday that he was in no way consulted by the members of the board of works regarding the awarding of a contract to an out-of-town man, in spite of the fact that he had been urged by Dewey C. Layton, street commissioner, and William Flies, assistant street commissioner, to induce the farmers of

the community to make greater arrangements than in the past for caring for the garbage of the city for the coming year.

Anticipate Collection

One farmer declared Saturday that he had just expended more than \$500 in equipment and stock in anticipation of renewed garbage collection during the coming year. Farmers claim that they have been collecting the garbage without any cost to the city whatever, thus relieving the taxpayers of any added burden, but that under the contract with the \$16,000 additional expense will be imposed on the city, and that the garbage will not be sold here.

The ratification of the contract with the Logansport man will bar from the city all the farmers of the community, and give a large profit to the Logansport man.

Farmers say they have collected cans and other rubbish along with the garbage in the past, and that they had planned to continue this in the future.

Farmers Prepare

Thirteen farmers, at the request of members of the city administration, organized for garbage handling, buying additional equipment and restocking their farms. Then came

the news that the board of works had entered into a contract with the Logansport man.

Several of the members of the community Saturday appeared unfavorable to the ratification of the contract, and declared that they would withhold their vote for the ratification measure until a thorough investigation was made.

NATIVES CHARGE TROOPS IN JAPAN

TOKIO, April 10.—When the influenza epidemic penetrated the jungles in the island of Formosa natives there to prospect for gold head-hunters there called a meeting of the tribe and diagnosed the difficulty as a gas attack by Japanese, who control the island. In revenge the head-hunters made a sudden descent on the nearest police station and a considerable force of Japanese troops had to be dispatched to disperse them.

DO ALL WOMEN LIE TO THEIR HUSBANDS?

Don't answer until you see Norma Talmadge in her great production, "She Loves and Lies," at the La-Salle and Castle three days, Tuesday, Wednesday and Thursday.

South Bend Couple Have Been Married 70 Years

MR. AND MRS. JOHN EMBICK.

Today, in celebration of their 70th John Embick, \$15 E. Wayne st., wedding anniversary, Mr. and Mrs. will entertain 40 of their family at

a noon dinner. It was April 11, 1870, in Lebanon, Pa., when Mr. Embick was 23 years old and Mrs. Embick had just passed her 18th birthday, and the event was celebrated today ten years ago.

For 52 years Mr. and Mrs. Embick have lived in South Bend and each year on the date of their anniversary at the little cottage on Wayne st., they have held some form of festival. This year those who come to do honor to the old couple will include one daughter, Mrs. Frank Cahawaw, of this city, the only living child of a family originally numbering 10; 17 grandchildren, 20 great-grandchildren and one great-great-grandchild.

BUSINESS MEN WILL MAKE TRIP TO EUROPE

CINCINNATI, O., April 10.—Representatives of 150 Cincinnati business houses will make a five-day tour, May 24 to 29, during which they will visit four states and inspect various industries. The itinerary will touch Indiana, Kentucky, West Virginia and Ohio. The tour will be made under the auspices of the trade expansion committee of the Cincinnati Chamber of Commerce.

COUNTY TEACHERS WILL ORGANIZE

Meet Saturday at Court House and Discuss Question of Salaries.

Organization of the rural school teachers of St. Joseph county was begun at a meeting of teachers representing each of the county's townships Saturday. The meeting was held in the courthouse. The topic of salaries was the principal step toward forming an organization.

A committee was appointed to draw up a constitution, which was to embody the fundamental rules to be observed in adding and increasing in wages, better school and better moral conditions in the rural district. F. M. Barkley, of Union township, was appointed chairman of the committee.

SCALE OF PAY. A scale of pay ranging from \$1,200 to \$2,400 for county teachers was proposed but objections were

raised because some teachers present thought that \$2,400 a year was putting the upper end of the scale too high. Most of the teachers present thought the starting salary of \$1,200 a year just.

The average pay of rural teachers at the present time in St. Joseph county is about \$2,35 a day, with a five day week. Nearly every township trustee in the county has been forced to borrow funds to complete the present school year because increased levies were refused by the school tax board.

"We do not blame the township trustees," said Mr. Barkley. "The state tax board is the cause of the shortage of funds for school purposes in the county. The state tax board is willing to pay the just wage but is not able to do so because of a lack of funds. One of the main purposes of this organization will be to fight the present tax law."

YOU'RE A LIAR!

Said Dan Cudl to Norma Talmadge when he first met her, and merely smiled as she loved and lied. See this great comedy drama at the Castle and LaSalle three days, Tuesday, Wednesday and Thursday.
