

South Bend Bowlers Fail to Hit Maples at State Tournament in Fort Wayne

SCORES TURNED IN ARE WORST EVER

Not a Single Team Rolls Over 1100—Low Scores Prevalent.

Special to The News-Times.
FORT WAYNE, Ind., April 11.—South Bend bowlers made the most miserable showing in the state tournament of any entourage of bowlers that ever left the city to battle for honors. Not a single team counted anywhere near 1100, and only three of these reached a four-figure total. While there were a good many youngsters in the party who contested in their first tournament, there were enough veterans to have made some kind of a respectable showing.

But in the individual event there was some consolation as at least five players will figure in the prize list. Of these W. Aldrich, of the Greenings showed the way with 648 while the veteran, Fred Kromer, pulled up in second place with 611 and Bob Schellie turned in third with place just one pin short of the coveted 600.

The scores of the doubles and singles of South Bend bowlers were as follows:

Y. M. C. A. RAPPED BY KOKOMO JUDGE

Says If Association Cannot Control Boys, It Should Close Its Doors.

By Associated Press:
KOKOMO, Ind., April 11.—Declaring that if the Y. M. C. A. could not exert a controlling influence of good over the boys who frequent its building, it should close the doors and go out of business, Judge Clarence H. Willis, of the city court, here, Sunday, took the association severely to task when Donald F. Hall, boys' secretary appeared before him to press charges of petty larceny against a youthful offender.

Blames Courts.
Mr. Hall blamed the courts for an epidemic of stealing which has been experienced at the local association, avowing that it was useless to have arrests made as the courts would not punish the guilty. "The young men of Kokomo have less respect for property rights than in any other city in the country," the secretary declared in condemning the parole system. Judge Willis took exception to this statement. He said it was the duty of the Y. M. C. A. to lead its members in the right direction, to help them if they fell.

"If such is the attitude of the association, Mr. Fred Jessup, of the defense said, "then the word Christian should be crossed out of its title."

Judge Willis is the magistrate whose recent ruling gave Sunday movies to Kokomo.

STUDENTS TO NAME BEAUTIFUL CO-ED AS QUEEN OF MAY

BLOOMINGTON, Ind., April 11.—Indiana university's most beautiful girl will be named queen of the May at the county fair which the Young Women's Christian association of the university will have May 1.

The student body will decide the beauty contest by popular vote. Athletics, music, a May pole dance, and everything that goes to make a county fair will be included in the program, it is said. Halie Rawles has been appointed business manager of the fair and Anne Johnson is chairman of the executive committee.

POLISH COMMISSION NEARS END OF WORK

WARSAW, April 11.—The constitutional commission of the Diet adopted a resolution recently providing that to be eligible to the presidency of the Polish republic a candidate must be of Polish nationality, at least 40 years old, and Roman Catholic or Protestant in religion. The commission began its work of framing the Polish constitution nearly a year ago.

The war isn't over. A postman was Monday picked up a hand grenade on his rounds recently. It exploded, killing one and wounding two.

AMERICAN HOCKEY TEAM OFF FOR OLYMPIC GAMES IN ANTWERP

Seated, left to right—Raymond Barney, Cyril Weidenborner, Edward Fitzgerald, C. Fellows, Leon Fox, Captain Joseph McCormack and Herbert Drury. Standing, left to right—George Gerran, Frank Goben, Frank Synott, A. Conroy and Lawrence. The squad of the American Olympic team, which left on April 7 on the Finland for Antwerp, will start the ball rolling for Uncle Sam in the carnival of athletics in Belgium which will continue until next autumn. Aboard the Finland the specially selected hockey team is snugly quartered with every detail for its comfort arranged, and they should be in Antwerp not later than April 16. This will give the players four days to get rid of their sea legs and become acquainted with the angles of the rink in which the competitions will be staged.

THE WORLD OF SPORTS

By Associated Press:
ST. LOUIS, Mo., April 11.—The St. Louis Americans won today's game from the St. Louis Nationals 9 to 3 and with it the spring series, the victory being the fourth in six games played. Rain ended the game in the sixth inning.

HAMILTON, Ont., April 11.—Bad News Eber, bantamweight champion of Canada, won a newspaper decision over Frankie Mason, American flyweight champion, in a 10-round bout here Wednesday night, which was action from start to finish.

EVANSVILLE, Ind., April 11.—St. Paul American association 7; 10; 1; Evansville 2; 0; 2. Hall, Gainer, McMenemy; Donovan, War-mouth, Young and Cottriss, Burst.

Another obstacle will be placed in Jimmy Wilde's path to claimant of the world's flyweight championship tonight when he meets Young Zulu Kid in Windsor, Can., in a 19-round bout. Zulu will weight in at 105 pounds and the world's championship will be at stake. Since his first appearance in this country the Englishman has been having them low, and fans are looking for him to face Zulu even though he will be conceding a few pounds to his opponent. This will be Wilde's first appearance since he defeated Frankie Mason, American flyweight champ, at Toledo, March 12.

WILD LIFE CENSUS FOR STATE SOON

Call Upon Sportsmen to Lend Support to Conservation Program.

INDIANAPOLIS, April 11.—Declaring that future hunting and fishing in Indiana will depend largely on its ability to foster public sentiment in favor of fish and game laws, the Indiana department of conservation has issued a bulletin calling upon the sportsmen to lend their support. In order to ascertain if its program of conservation is being adhered to, the commission will take an annual census of the wild life of Indiana. Sportsmen's clubs have been asked to help make the count.

A plea also is made for large and small mouth bass, crappie, rock bass and blue gills for breeding purposes. State hatcheries are located at Indianapolis, Lake Wawasee, Tri-Lakes and Bass lake. The department will collect the fish provided they are located not farther than 25 miles from any of the hatcheries.

PIECE-WORK SYSTEM GAINING IN FAVOR AMONG HUN WORKERS

BERLIN, April 11.—Piecework, as opposed to payment by the hour, is increasing in Germany. This is the report from the textile factories of Chemnitz, from the General Electric and Bergmann shops. The railroad shops announce that they will continue the piecework system again this week.

"Away with piecework!" was the cry before the revolution. The workmen intended to bring equality among workers, no one to receive more pay than any other, by introducing straight day wages. Practically all piecework was done away with by the revolution.

It is the workmen themselves, through the workmen's councils, who are bringing the piecework system back. Because of bad living conditions the workman insists that he be paid for what he produces.

Investigation shows that not only did the revolutionary attempt to do away with piecework fail, but that the piecework system has a more thorough hold on German industry than it had in 1917.

ROCK SHAPED LIKE MULE'S HEAD FOUND

EXCELSIOR SPRINGS, Mo., April 11.—A rock which is a perfect mule's head in shape, was found by workmen at a quarry on the farm of John Emmke, near here the other day.

The rock was "uncovered" while alone for the construction of a dam was being gotten out. Emmke has refused many offers on the curiosity.

Dr. George A. Gordon, of Old South Church, Boston, says that the assertion that the conversion of the world is a question of money, is "the superlative blasphemy." He characterizes the financial "drives" of the denominations as "wildcat campaigning by ecclesiastics."

MARRIAGE BUREAU IS RECOMMENDED

British Novelist Wants Government to Help Couples in Their Mating.

LONDON, April 11.—"I want to see the establishment of an international marriage bureau," is the program expressed by Miss Winifred Graham, the novelist, who recently returned from America.

"Through such a bureau young people who live in a world apart and have no means of meeting will find their perfect mates."

"My suggestion is that such a plan should be worked out in connection with the consular services of the different countries."

"Just think how these world-wide marriage bureaus would meet difficulties. Suppose, for example, that a young man in Canada, Australia or South America is hard put to discover the girl that he would like to marry, or one who would be willing to share the loneliness of an isolated ranch, a mine or pioneer railroad building, he could write to the bureau in the country from which he would like to choose a wife."

"The marriage bureau in which country would make full inquiries regarding his financial standing, social position, normal character, health and reputation. The bureau in the girl's country would take similar precautionary measures. Photographs could be exchanged and the young people brought together."

"Governments have bureaus for various purposes, so why not a bureau to deal with the basis of all life and enterprise?"

AVERAGE SOLDIER PUT ON WEIGHT IN FIGHTING GERMS

WASHINGTON, April 11.—The average American soldier who participated in the world war put on 3.35 pounds in weight during his period of service in the army and grew .23 of an inch, according to statistics made public by the war department. These figures are based on the physical measures of nearly 8 million men upon induction into service in 1917 and upon discharge in 1919.

A comparison of the average height of soldiers participating in the civil war and of those serving in the world war shows that the average civil war doughboy was 67.6 inches in height, while the average of the world war was 67.5 inches.

From Nov. 11, 1918, to March 24, 1920, a total of 2,404 resignations of regular army officers were accepted. Between Feb. 28, 1919, and March 24, 1920, 189,511 enlistments for the regular army were reported, including 2,235 for the week ended March 20, 1920.

Dr. George A. Gordon, of Old South Church, Boston, says that the assertion that the conversion of the world is a question of money, is "the superlative blasphemy." He characterizes the financial "drives" of the denominations as "wildcat campaigning by ecclesiastics."

YOUNG GIRLS MADE STRONG

Mrs. Boyd Tells How Her Daughter Benefited by Taking Lydia E. Pinkham's Vegetable Compound.

Banville, Ill.—"My daughter was very delicate and we thought we could not raise her. She was troubled with irregularity and she was not able to go to school. For a year we gave her all kinds of tonics, but to no good. One day one of our little books was thrown on our porch and I saw what Lydia E. Pinkham's Vegetable Compound had done for others and what it might do for her. Now she is getting fat and goes to school every day. You can tell every mother what the Vegetable Compound has done for my daughter."—Mrs. J. H. Boyd, 1002 N. Jackson St., Danville, Ill.

If every girl who suffers as Miss Boyd did, or from irregularities, painful periods, backache, headache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial, they would soon find relief from such suffering.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years' experience is at your service.
