

## QUESTION AMOUNT OF MONEY WOMEN SPEND ON UNDIES

Detroit Tradesmen Admit  
Woman Could Spend  
\$1,800 in Three Weeks.

DETROIT, Mich., April 12.—How much a woman may reasonably spend on lingerie is a question which has been brought to the fore in the Wayne county courts.

Because, according to his statement, his wife, Lorain Beebe, of Chicago, spent \$1,800 in the lingerie in five weeks Judge Root granted a divorce to John R. Beebe, wealthy Detroit manufacturer. Miss Beebe, head of the Visiting Housekeepers' association, says that a frugal housewife who makes her own clothes, buys seasonably and abjures frills can supply herself with underwear for a year at a cost of not more than \$25.

Essentials Listed.  
Miss Lee's estimate of essentials in underwear is as follows:  
Two heavy union suits, \$4.84;  
three light suits, \$2.75; two corset covers, \$1.78; one corset, \$1.85; two flannellette petticoats, \$2.66; one muslin petticoat, \$1.34; one satin petticoat, \$2.32; two night dresses, \$3; total, \$28.54. February quotations on these items are about three per cent higher. The total estimate of the minimum clothing cost for a year is something like \$37.

Could Mrs. Lorain Beebe actually spend \$1,800 on lingerie in five weeks? Managers of lingerie departments in Detroit stores smiled indulgently and replied: "Most assuredly. Why not?"

In witness thereof they exhibited various airy trifles denominated "undies" by sub-debs, with price marks that were quite as fanciful as the garments they represented. The gown to one fascinating bride set was marked \$27, with a combination accompanying it at \$16.50. Another gown at \$37.50 proved that prices could go even higher with impunity.

Boudoir sets run all the way from \$35 to \$100, silk hose from \$3.75 to \$15 the pair, and other accessories are at corresponding prices.

## SMALLEST MAN IN ILLINOIS FOUND DEAD

MACOMB, Ill., April 12.—Illinois' smallest man is dead here. He is John Kelley, 50 years old, 44 inches in height, weighing 150 pounds. Kelley died of apoplexy a few days ago. Years ago circuses were bidding for his services. He spurned all because of self-consciousness of his diminutiveness. In Kelley's younger days his legs were double-jointed, permitting him to move as rapidly backward as forward. He was normal from the waist up, his only deformity being in his limbs. All his life he worked on a farm here, using a step-ladder when harnessing his team.

## Eyes Weak?

If your eyes are weak and work-strained; your vision blurred, if you find it difficult to read and must wear glasses, go to your druggist and get a bottle of Bon-Opto tablets. Drop one in a fourth of a glass of water and bathe the eyes two to four times a day. Stronger eyes, clearer vision, and sweet relief will make you tell your friends about Bon-Opto.

Note: Doctors say Bon-Opto strengthens sight 20% in a week's time in many instances.

## SIR A. CONAN DOYLE DEFENDS SPIRITUALISM

LONDON, April 12.—In a debate defending spiritualism Sir Arthur Conan Doyle divided mediums into "jet black and snow white."

"The jet black are those human hyenas who have gone about preying on a sacred thing and devising paraphernalia to deceive the living about the dead—the most horrible crime a man could commit. There

is also a belt of grey mediums, who, when the power deserts them, are immoral enough to fill up the gap by fraud.

"But our hands are clean. We have done all we could to suppress that horrible traffic."

TOKIO, April 10.—Japanese troops will not be withdrawn from Vladivostok until the menace to lives and property has been removed, according to a war office statement issued Monday.

## Insure Your Child's Feet

CHOOSE shoes that give them room to grow—shoes that are shaped like feet. By wearing such shoes, they can be insured a lifetime of toes free from corns, bunions, callouses, weak arches, ingrowing nails, etc.

We urge mothers to choose Educator Shoes for their children. For Educators are scientifically shaped to fit the feet. They "let the feet grow as they should". There are good-looking Educators for older feet, too. You'll want them once you slip them on.

## MOONSHINES ARE CAPTURED BUT NOT MOONSHINERS

LEXINGTON, Ky., April 12.—Five moonshine distilleries with a total capacity of 226 gallons daily, were seized and destroyed by federal agents in a recent raid in Letcher county. Two were found on top of Pine Mountain on the Kentucky-Virginia border, and three at the head of the Cumberland River, a few miles distant. No moonshiners, however, were taken. They had been warned by signal shots from the guns of "sentinels."

Besides the five stills, the officers seized 1,000 gallons of beer, 70 sacks of bolted meal, 3 bushels of malted meal, 15 bushels of mash and two horses used for transportation of the meal.

The expedition was one of a series being conducted by prohibition agents who have headquarters in Lexington.

## COMMENCEMENT FETE CALLED STYLE SHOW

FRANKFORT, Ind., April 12.—Social events in connection with graduation week in the Frankfort high school are "degenerating into fashion shows or matrimonial intrigues," it was declared in a recent issue of High Life, the school's newspaper. A plea for common sense was made.

"It is a more pandering to fashion, which is absolutely ridiculous and absurd in a small town like Frankfort, to have to buy shoes which cost \$25 or 30, \$40 suits, and everything else in proportion," the paper says. It adds that unless some action is taken, many of the seniors will be forced to remain away from the social events.

## BATTLE FLAGS GIVEN TO STATE MUSEUM

LOUISVILLE, Ky., April 12.—Battle flags presented to the 34th division, U. S. A., when it left Camp Zachary Taylor in 1917 for European battlefields, have been given to the state of Kentucky by the division. Children of Indiana, Illinois and Kentucky raised funds with which they bought the flags, and presented them to the division which was made up of drafted men from these three states. The emblems will rest along side many other tattered colors in the state museum.

## Said Theodore ROOSEVELT:

"EVEN men who are not profess-  
edly religious must, if they are  
frank, admit that no community  
permanently prospers, either morally  
or materially, unless the church is a real  
and vital element in the community  
life."

Put a church in a town and all real estate values increase.

Put a church in a town and it becomes at once a center of inspiration for better schools, better politics and general community improvement.

Put a church in a town and you insure a community where law and order reign, where the personal and property rights of men and women are respected, where children grow up trained in the ideals that have made America great.

Kill the church and you kill the Voice that is constantly calling men to more unselfish living.

Kill the church and you cut the nerve of your hospitals, your colleges, your civic organizations and even of respect for government itself.

Thirty denominations, realizing that the problems facing them are too great to be solved by any one denomination alone, are cooperating in a great forward campaign under the name of the Interchurch World Movement.

No modern business could have made a more scientific survey of the task than these denominations have made. No budgets could be more carefully drawn. You have the satisfaction of knowing that every dollar you give has its post of duty assigned to it in advance.

Every dollar for a better America and a better world. For an American where the ideals of Washington and Lincoln and Roosevelt will continue to grow strong. When your church calls on you in the campaign week of April 25th give, and give with your heart as well as your pocketbook.
