

JONES FLAYS HYPOCRISY OF CHURCH PEOPLE

Denounces Professional Men
Who Attend Services for
Business Gains.

MEN ATTEND MEETING

More Than 2,000 People Defy
Elements to Hear
Evangelist.

TODAY'S PROGRAM

No services at tabernacle by Mr. Jones today. At 10:30 a. m. at the Y. M. C. A. a service will be held by Mr. Jones. At 7:30 p. m. at the Y. M. C. A. a service will be held by Mr. Jones.

Despite a drizzling rain nearly 1,000 churchmen met at the Y. M. C. A. Friday night and marched in a body five blocks to the Bob Jones tabernacle, where they were the special guests for "Churchmen's Night." More than 2,000 people heard the evangelist in a stirring sermon directed at hypocrisy, the money evil and the tolerance of money to evil. Rev. M. M. Rodgers of the Trinity Presbyterian church led the opening prayer.

Mr. Jones took his text from the first 19 verses of the 19th chapter of Luke, describing the visit of Jesus to Jericho and his meeting with Zacchaeus.

Reading the passage, "This day is salvation come to this house," he emphasized the need for salvation in the lives of the American man today. "Some men think salvation is a very good thing for women and children and preachers, but salvation is the mightiest factor in the lives of thousands of the strongest men on this earth today," he declared.

Attacks Hypocrisy.
He attacked the hypocrisy of the church member who is a church member only that he may appear to a better light in the eyes of women and children and preachers, but salvation is the mightiest factor in the lives of thousands of the strongest men on this earth today," he declared.

Overall Rage is Hitting Notre Dame Students

Rumors are rife about the campus at Notre Dame regarding a popular organization of the student body which is to take up seriously the question of overalls. The "overall rage" is sweeping through the country from south to north in a popular protest against the present price of wearing apparel. City after city in the south and club after club has adopted resolutions favoring the wearing of denim and khaki trousers or suits until such time as the price of woollens will fall to even war-time levels.

Students at Notre Dame agree that the question should be discussed in a thorough way and an expression of the entire student body voiced. It is proposed to advocate the wearing of denim in sympathy with the movement already underway and at the same time to reduce the living expenses at the university. The overalls would be worn week days only. Denim, which is already increasingly popular, would be strictly in vogue with the heavy army programs for foot wear.

The University of South Carolina recently sent their Glee club on a tour of the south dressed in overalls and they were received with enthusiasm wherever they went. But the Notre Dame men do not seem to be contemplating any such move as yet for it is feared the move would result in a riot against the proposition. Notre Dame will be the first university in the state to put the proposition over the top should they conclude to act definitely in the next few days. The Purdue upperclassmen have donated the corduroys in a similar movement, but the expense saving is not nearly so much as in the case of the overalls which the university students are said to be considering.

WOMEN DELEGATES RETURN ENTHUSED FROM CONVENTION

Many Suggestions Received
for Reorganization of Old
Franchise League.

By MARY E. VITOU.

Inspired by the enthusiasm and earnestness manifested at the first annual convention of the League of Women Voters which was held last week at Indianapolis, the delegates of the local league brought to the South Bend chapter many suggestions for reorganization of the old Franchise league into an active body of women voters. Although previous to the inauguration of the state league of women voters, the local body had been a part of the old Franchise league, its efforts as a body to the work of the women voters, definite plans of reorganization were at this time impossible, pending the action of the state league.

Plans Outlined.
It is the ambition of the local league to make every woman in South Bend a league member and to have the women in the various lines of endeavor in which the chapter is concerned. At a meeting of the local chapter held Thursday afternoon at the Y. M. C. A. it was decided that due to the fact that the membership of every woman citizen of the city is desired and that an increase in the annual dues of the chapter would probably result in a loss of members, the dues of the chapter will be reduced to one dollar per year. Fifty cents will be the price per person for one year's membership. The amount of \$5.00 per year and three cents will be collected by the district federation of which the local chapter is a member.

New Code Advocated.
The state constitution of the League of Women Voters stands first for the education of the people and second for proper legislation. It will be the purpose then of the league to secure through legislation a new code of school laws. Another field which the state as well as the local league is particularly interested in is the economic condition of women.

ENGINEERS STRIKE.
CHICAGO, April 16.—The board of education will meet Saturday to consider means of settling a strike of 225 school engineers, which closed Friday, Chicago schools, affecting 370,000 pupils. Because of the strike, Supt. of Schools Martin announced the spring vacation would be observed next week. The engineers demand a wage increase of 40 percent. They now receive from \$1,824 to \$2,400 a year. Edward J. Kelly, president of the school board, said the men had been offered "substantial increases."

TWO ARE KILLED.
By Associated Press.
SAN ANTONIO, Texas, April 16.—Lieut. Don M. Hansell, of Springfield, Mo., and Sergt. V. T. Maxwell, Dallas, Texas, were killed instantly when an airplane piloted by Hansell crashed to the ground today. The machine had just cleared the ground, spectators say, when it fell. The two men were caught beneath the wreckage and died instantly. They were engaged in border patrol duty.

OVERALLS ARE ENDORSED BY NEW RECRUITS

Thousands of Victims of Old
High Cost Flock to
Standard.

NEW YORK, April 16.—Thousands of recruits in New York flock to the standard of "Gen. Overall," whose march against the guerrilla forces of the high cost of clothing started recently in the south, and now has reached the east for decisive battles. The blue denim brigade had its inception here among members of the chess club of dramatic press agents, clerics and theatrical writers, obtained reinforcement today when 5,000 DeWitt-Clinton high students voted to wear khaki overalls. Then Columbia university endorsed the movement and other schools and business professional clubs began to fall in line. On Monday the new colors of DeWitt will be blue and brown, if plans of the sympathetic faculty work smoothly. Boys of the Jamaica high school voted to wear khaki on all occasions. The Bronx Business Men's club and the Women's Civic Federation promised support.

Indignation Strong.
How strong is the popular indignation against the fancy prices being asked for ordinary clothing was evidenced in the number of applications made to the Cheese club for places in its overall parade today that was postponed in order to make the affair an impressive demonstration. Late reports from headquarters indicate battalions of volunteers are springing up everywhere. Not to be outwitted in strategy, the overalls campaign has been quietly being buying large quantities of denim and khaki in wholesale lots to offset any counter move to corner the supply and boost prices.

Reinforcements also have been promised by the rotary clubs of New York and New Jersey. At a conference tomorrow in Asbury Park, N. J., the numerous question will be discussed by 22 clubs in the two states.

Various styles in blue denim have been advanced. A popular one at present is a new light blue, belted in the back, to cost \$6. The rule for the junior prom at Columbia next week, it was announced tonight, is "strictly overalls for girls and men."

STUDENTS JOIN.
SCRANTON, Pa., April 16.—Students and faculty members at Scranton University, Scranton, Pa., and Pennsylvania's only Baptist preparatory school, joined the overall movement, Friday. All pledged themselves to wear overalls for the next year. Their purchases exhausted the overall supply in the town.

JUSTICE TAKES LEAD.
TOPICKA, Kan., April 16.—Overalls made their debut in business and professional circles here Friday with Justice Silas Porter of the supreme court taking the lead. The decision will probably be reached by Saturday night and that a statement from the union would be available at that time.

MAYOR WEARS 'EM.
LOUISVILLE, Ky., April 16.—To further the cause of the newly formed overall club here, Mayor George Smith appeared at the city hall, Friday afternoon attired in denim. The overalls were presented to him by a large Louisville clothing concern which, in an accompanying note, requested to see the mayor thus attired lead the parade of overalls citizens next week.

GAIN NEW MEMBERS.
SAN FRANCISCO, April 16.—Overalls clubs gained new members today in Pacific coast states. Whittier college freshmen and sophomore students appeared in Walla Walla, Wash., wearing old clothes and khaki garments. The Lewiston, Idaho, high school students signed 200 members in their overalls club.

BUSINESSMEN JOIN.
FORT SMITH, Ark., April 16.—More than 1,000 business men and high school students here donned overalls today.

LAKE MICHIGAN
GIVES UP VICTIM

Body Thought to Be That of
Chicago Painter.

ST. JOSEPH, Mich., April 16.—The body of a man thought to be W. Joseph Kallscheurer, 2422 N. Central Park av., Chicago, was found in the lake here today. No marks of violence were found on the body, and the police are advancing the theory of suicide. The body was in the water a few hours, as a local fisherman told C. A. E. Drolsum, 1083 Mozart av., Chicago, dated April 10, was found on the body.

The letter from Drolsum contained the information that Kallscheurer had just sold his home, and that his brother-in-law was anxious to locate him. Business cards found in the dead man's clothing indicated that he was a painter and decorator. He was about 68 years old.

Local Merchants Sold Overcoats for \$1.25 in 1885

While wrecking some old buildings on Water st., or Slab town, Friday, H. E. Strubbe, of the Niles Coal company, came across a copy of the South Bend Times, now the News-Times of date Nov. 27, 1885, in which there appeared an advertisement of the Farmers' and Merchants' Clothing store, 118 N. Michigan st., South Bend. The prices quoted for clothing at that time as compared with the prices of today, are interesting. For instance, "a strong man's overcoat" is quoted at \$1.25; "fine heavy beaver overcoat, double back," \$4.25; "fine chinchilla overcoat, latest style, fur trimming," \$5.54; "children's coats," up to \$1.15; ladies' rubbers, 25 cents.

Publication of the above figures is likely to give an incentive to the overall club movement in Mishawaka, which is being seriously talked of throughout the city. An effort is being made to have the clergymen start the thing going Sunday by appearing in their pulpits decked in these garments. Should they consent to this as a protest to the present high costs of men's suits, it is promised there will be no boost in the price which ranges from \$1.50 to \$2.00.

Local clothing stores are well stocked with "jumpers" in swell colors at the present time, and it is promised there will be no boost in the price which ranges from \$1.50 to \$2.00.

Local clothing stores are well stocked with "jumpers" in swell colors at the present time, and it is promised there will be no boost in the price which ranges from \$1.50 to \$2.00.

GOVERNMENT MAN SUBMITS PROPOSAL TO LABOR BODIES

Expect Settlement of Local
Difficulties by Saturday Night.

"The end of the present labor difficulties in South Bend are in sight," declared U. S. Labor Commissioner Fred L. Bell, following a conference in which he presented the government agreement to the members of the labor bodies. The union asked for more time in which to consider the proposal offered by the government and the plea was granted.

I am positively confident that the strike will end in a few days," emphatically declared the government mediator. "The plea for more time has been granted and I am almost certain that the difficulties will be straightened out when the organization as a whole examines the document and digests the points involved."

Statement of Workmen.
Pres't Richter, of the Hod Carriers and Common Laborers' union, said that he was unable to predict the outcome of the negotiations, adding that there was some hostility to accepting the proposals, arguments from both sides being heard. He stated, however, that some delicate decision will probably be reached by Saturday night and that a statement from the union would be available at that time.

The name of the government proposals was not disclosed by either the labor commission or by union leaders, but it is understood that marked concessions have been made in the contracts to the opposing factions.

Organizer Arrives.
A new angle to the labor difficulties was introduced today by the arrival of a government mediator.

READ THE CLASSIFIED ADS

Every day there appears on the classified pages of The South Bend News-Times Want Ads of exceptional interest. Not a single reader should neglect to read all of the classified ads.

MALE HELP WANTED.

WANTED—Assemblers and machine hands. Highest wages paid. Apply South Bend Die and Tool Co., 732 W. Division. 225-17

WANTED—First-class machinists. The Slinger Mfg. Co. 2228-18

START ACTION TO SET ASIDE MARY'S DECREE

Would Dissolve Marriage of
Fairbanks and Miss
Pickford.

MINDEN, Nevada, April 16.—Mary Pickford Fairbanks and her former husband, Owen E. Moore, were named as defendants in a suit filed here Friday by the state of Nevada to set aside a divorce decree recently granted the famous movie star.

The suit to dissolve the divorce follows the marriage a few weeks ago of Miss Pickford to Douglas Fairbanks. It charges all three with conspiracy.

Allegations of fraud, perjury and collusion are contained in the complaint.

Charges of Conspiracy.
The complaint which covers nearly 60 pages of typewritten document, charges that Fairbanks and Miss Pickford, by means of the granting of the divorce on March 2, entered into an agreement whereby they did mutually promise to intermarry at such a time when Miss Pickford should have obtained a divorce from Moore.

Moore is charged with entering into a conspiracy with Fairbanks and Miss Pickford, by means of which he willfully and wrongfully appeared in Minden at the proper time to be served with the divorce complaint.

The complaint in part follows: "That on June 7, 1911, at the city of Jersey City, N. J., the defendants intermarried and have ever since been husband and wife."

"That on Feb. 15, 1920, and for a long time preceding, the defendants were and are residents of Los Angeles, Calif., subject to be regulated by the laws of that state and the jurisdiction defined and imposed thereby, and that during all of said time their status of husband and wife was not and is not now governed or controlled by the laws of Nevada."

"That some time prior to Feb. 15, 1920, one Douglas Fairbanks, resident of California, and Gladys Moore and Owen Moore by means of which when the divorce was granted the marriage of Fairbanks and Mrs. Moore could be solemnized."

Charges Conspiracy.
The complaint charges "that Mrs. Moore came to Minden, Nevada, on Feb. 15, and after 17 days' residence obtained a decree of divorce; then returning to her bonafide residence in Los Angeles."

In support of the conspiracy charge, the complaint states "that simultaneously with the filing of her petition for divorce on March 1, the defendant Moore, in concert with said fraudulent plan, did willfully and wrongfully come within the limits of the county of Douglas, for the sole purpose of submitting to personal service of the summons and that said service and summons were personally served on him by the sheriff; that on the same day, after filing an answer to Mrs. Moore's complaint, he immediately departed for his home in California; and thereafter, on March 2, Mrs. Moore secured her divorce and that on the following day she departed for California and has not since returned to Nevada."

Describes Testimony.
The attorney general describes Mrs. Moore's testimony given at the trial, which is attached to the complaint, as fraudulent and untrue except as to the statement of the time of her marriage to Moore and that "when she swore that she was a resident of Nevada she knew the truth."

The attorney general declines to comment on the fact that Mrs. Moore has been indicted by the grand jury for perjury in connection with the divorce case.

An investigation of the farm was made by the state board of charities Jan. 19 and 20, as a result of the charges of fraud and perjury which were brought to the attention of Gov. Goodrich. The farm was visited by Demarchus C. Brown, a member of the board, and Anne W. Butler, secretary. Their report said:

"In general we can say that the statements made may be classified as either untrue, misleading or exaggerated."

EMBARGO MAY BE
LIFTED SUNDAY

Freight Situation in City is
Said to Be Improving.

Word that the freight embargo on the New York Central lines here for all nearby points is lifted is expected momentarily by railroad officials. J. E. Brenner, head of the transportation department of the Chamber of Commerce, views the South Bend freight situation as being much improved, with encouraging prospects.

The shortage of gasoline, due to the embargo, has grown more severe. The Standard Oil company has been forced to close down its service stations in the city. Orders lifting the embargo on the New York Central lines are expected here by Sunday at the latest.

Fire Horses are Scheduled for the Scrap Heap

They are to go to the scrap heap. It doesn't matter that they have given years of untiring service to the community, they must go into the discard.

The advanced age is too fast for them. They cannot compete with motor, and for that reason they are to be replaced with motors.

Their fate was discussed by the board of public safety Friday night, and it was practically decided that the six horses remaining in the service of the fire department are too old to give good service.

If the board can find a way to secure approximately \$30,000 these six horses are to be replaced with three motor fire fighting apparatuses.

The problem is to be taken up with the city council. The department is now equipped with seven motor apparatuses. Three stations still have horse drawn engines and trucks. They are at Stations 7, 8 and 10. One motor truck costs in the neighborhood of \$10,000, and three are needed.

If the council decides that the city is not in a position to purchase the motor trucks, new horses will have to be bought. The six animals now doing duty are too old to continue in service.

After fully discussing the motor truck problem, the board Friday night made several appointments. L. H. Melke, who left the police department two years ago to enter the Studebaker corporation's service, was reinstated a patrolman. Steve Aschler was also appointed a patrolman. Marion Dutrieux was appointed to the fire department.

Members of the police department will be compelled to pay 30 percent more for their uniforms this year than they paid last. This is due to the increased cost of clothing. J. H. Hirsch of Chicago was given the contract for the uniforms.

PAROLED PRISONER ISSUES COMPLAINT

Governor Fails to Comment
on Allegations Against
Putnamville.

INDIANAPOLIS, Ind., April 16.—Mistreatment of prisoners at the state farm at Putnamville is charged in a letter received Friday by Dr. J. N. Henry, secretary of the state board of health, from Charles O. McNulty, formerly an Indianapolis saloonkeeper, who was paroled from the Indiana state prison.

The letter, which is being handled by the state board of health, charges McNulty with a "blind tiger" conditions at the farm, according to McNulty, are similar to alleged conditions at the Marion county jail, which are under investigation in the federal court and by the Marion county grand jury.

McNulty's charges include poor food, insanitary conditions and cruelty. "Some of the paid guards are insulting and cruel, especially to cripples and weaklings," McNulty's letter says. "I was told by a prisoner named LaRoy that for a violation of a rule he was kept in a cage in the wall six feet above the floor and compelled to stand in this position for 24 hours."

Denies Charges.
E. T. Tullington, superintendent of the farm, when informed of the charges by long distance telephone Friday night, said "there is not a word of truth in it." He said that he would welcome an investigation of the institution and declared the charges were made by former prisoners with the I. W. W. spirit.

Gov. Goodrich declined to comment on McNulty's charges. He said he intended to forward the letter to the board of state charities, since the problem was not under the jurisdiction of the state board of health.

An investigation of the farm was made by the state board of charities Jan. 19 and 20, as a result of the charges of fraud and perjury which were brought to the attention of Gov. Goodrich. The farm was visited by Demarchus C. Brown, a member of the board, and Anne W. Butler, secretary. Their report said:

"In general we can say that the statements made may be classified as either untrue, misleading or exaggerated."

TRAINMEN IN EAST VOTE TO RESUME THEIR WORK

Railroads in All Parts of the Country
Resume Their Regular
Schedules.

Outward indications point to an early end of the nation-wide railroad strike.

The first big break in the strikers' ranks in the east, their last remaining stronghold, came Friday when 500 Pennsylvania firemen and engineers at Baltimore voted to go back to work. Similar action by the trainmen's brotherhood there was reported by its president, although at a meeting Friday night in Baltimore trainmen declared they had voted to remain out even at the risk of being expelled from the unions.

Eastern railroads continued to report increasing defections in the strikers ranks but these were disputed by strike leaders who declared the main body of their men was still holding firm. Continued improvement also was reported by the roads in the middle and far west.

Switchmen at Toledo, Ohio, voted to return to work, pending a settlement of their grievances by the labor board. The railroads there will give their answer today.

Passenger Service Normal.
Railroads in all sections of the country reported that passenger service was nearly normal while freight service, virtually abandoned since the strike began, was rapidly being resumed. Thousands of volunteer workers bore the brunt of the work in moving trains in and around New York.

Striking trainmen in Chicago have been ordered by brotherhood leaders to return to work by midnight Saturday night or suffer expulsion from the union with the loss of their seniority rights. Railroad brotherhoods in New York already have been warned by railroad managers to get their men back by noon today to get the trains moving.

The federal grand jury at Trenton, N. J., has begun an investigation of the strike to determine whether there had been violations of the Lever act. Thirty subpoenas returnable in Newark Monday, in Chicago 25 leaders of the insurgent faction ready are under arrest charged with violation of the Lever act.

CHALLENGES STATEMENTS.
WASHINGTON, April 16.—Att'y Gen. Palmer's conclusions that "the outline railway strike was traceable to activities of radicals and revolutionists was sharply challenged, Friday night, in a statement issued by Gen. Morrison, secretary of the American Federation of Labor. An independent investigation of the causes by the railway executives, the statement said, revealed "just a plain, ordinary strike for more pay."

"If the railway executives are in any way connected with the strike, they are in no such power. The absolute fact is the situation is amazing."

The department of justice had no additional information Sunday, on tonight to support its conclusions. The only development of the day affecting the strike's connection with the government's case was the organization meeting of the new labor board which met with seven of its nine members present, elected officers and determined to take up, beginning tomorrow, the whole question of railway wages at the point where the bi-partisan discussion between men and employers dropped it some days ago, unable to reach a conclusion.

GEN. WOOD REPORTS.
CHICAGO, April 16.—Maj. Gen. Leonard Wood, commander of the army department, United States army, who returned to Chicago from an eastern speaking tour of railroad workers, Friday night, said he did not find "any evidence of connection between the railroad men's strike and Industrial Workers of the World activities." Gen. Wood declared he found traffic conditions improving throughout the department.

VAUDEVILLE PATTY.
Two vaudeville numbers, "Hawkeye" and "The Pinch Hitter," of the Lincoln club, and the sketch, "Good Morning Bert," by members of the Oliver club, concluded the program.

The motion pictures shown were "Order in the Court," "Snub Pollard," "Pay Your Dues," Harold Lloyd, "The Pinch Hitter," Charles Ray.

STATE DEPARTMENT
CONSIDERS REQUEST

WASHINGTON, April 16.—While the state department was considering today a new phase of the Mexican problem—a request from the Carranza government that its troops be given permission to enter the territory to attack revolutionists in Sonora state—Henry Lane Wilson, former ambassador to Mexico, was drawing a gloomy picture of the situation beyond the border before a senate investigating committee.

LIBERALS AGITATED.
NOGALES, Sonora, April 16.—Following announcement that the federal government of Mexico had asked permission to send troops through the United States to attack Sonora from the north, leaders of the liberal movement under Gen. de la Huerta, of Sonora, today denounced that act as a flagrant attempt to involve the United States into what the liberals consider a purely internal affair. Should Carranza's request be granted they declared it would threaten the massing of forces on either side of the line at Nogales, Ariz., and Sonora with a resultant battle and the loss of American lives and destruction of American property.

BALTIMORE, Md., April 16.—Yardmen of the Baltimore and Ohio railroad at a meeting Friday, voted to return to work, after New President Wilson's appeal.
