

COMMISSION LETS BRIDGE CONTRACT

Baugo Creek Improvement to
Complete Stretch of the
Lincoln Highway.

GOSHEN, April 16.—The Indiana state highway commission has awarded the contract for erecting a steel bridge of two 10-foot spans over Baugo creek at Goscola to the Elkhardt Bridge & Iron works, of Elkhardt, for \$14,900, about the estimate of the commission engineer.

When bids were first opened 19 days ago but one was submitted. That was from a South Bend concern which asked \$30,000 to construct a concrete bridge. The price named was \$19,900 in excess of the engineer's estimate.

The Elkhardt Bridge & Iron works is to complete the steel bridge not later than Sept. 1. Lawrence W. Seamon, of Goschen, highway contractor, is now completing the concrete pavement on the road where the bridge is to be built.

The route is the new north side of the New York Central right-of-way highway across Baugo township, and will form the Lincoln highway between Elkhardt and Goscola. As soon as the bridge is in place it will be possible to motor from South Bend to Goschen without leaving concrete or brick pavement.

CONVENTION ENDS.
GOSHEN, Ind., April 16.—The 54th annual convention of the Elkhardt County Sunday School association came to an end here Friday afternoon. Despite the almost continuous rain since the convention opened at the First Presbyterian church Wednesday evening, attendance was excellent. Among the speakers were Rev. L. H. Beeler, of Chicago, and E. T. Albertson, of Indianapolis, who is the new general secretary of the Indiana State Sunday school association. Dr. E. A. Carpenter, of Goschen, is president of the county association.

HEALTH BOARD GIVES ORDER.
GOSHEN, Ind., April 16.—The old city board of health here Friday gave notice to the general public that any person who reports cases of contagious diseases or births to the new board and not to the old board will be arrested.

Mayor Charney is trying to oust the old board and substitute one of his picking. The fight was waged for three months, but an armistice was in effect while the influenza epidemic was at its height here.

Neither the old board members nor those of the new board have drawn any pay since Jan. 1. Mayor Charney wants his personal physician, Dr. Herbert K. Lemon, made secretary of the city board to replace Dr. Albert J. Irwin, who refuses to vacate office. The theory that the mayor is powerless to remove him. The mayor has also tried to oust the associate members of the old board.

Secretary Irwin has books and records of the department of health under lock and key and has repeatedly refused to give them up. In this he is sustained by the Indiana state board of health.

GASOLINE SUPPLY IS SHORT.
GOSHEN, Ind., April 16.—Gasoline is so scarce in Goschen that the ration system has been adopted. Most dealers refuse to sell more than three gallons to one customer. The retail price for gasoline here is 27 cents a gallon. Shortage of the supply is due to the railroad strike. As a result of the strike, several Goschen factories have found it necessary to reduce working forces. The warehouses of these plants are packed to capacity. No shipments are being made and there is no room to store any more products. Under these circumstances manufacturers say there is nothing for them to do but lay off employees.

STRIKE CONTINUES.
GOSHEN, Ind., April 16.—The closed shop issue is preventing a settlement of the carpenters' strike in Goschen, according to statements made here Friday by contractors, although as yet the seven contractors affected by the strike have made no overtures to the 60 striking carpenters to compromise on the other demands—a wage scale of 85 cents an hour, time and a half for overtime, double time for holidays and a 50-hour week.

Contractors have stated without reserve that it is useless to talk of their recognizing the union to the closed shop. They say they will suspend all operations if necessary, before they will enter into such an agreement. There is some disposition on the part of the 60 strikers, it is reported, to withdraw the closed shop demand, but no decision has been made to do so.

**Federal Agent Holds
Alleged "Bootlegger"**
"I don't see why he wanted to bring that kind of stuff into South Bend when you can get all of it you want here," said a police official when Roman Barczak, 624 Kaley st., was arrested Friday afternoon by Federal Officer B. W. Gould for having in his possession two gallons of "rain" whisky.

Barczak was arrested on a New York Central train, and was taken to police headquarters where he was held without a charge being placed against him. The two gallons of liquor were contained in two one-gallon jugs secreted in a handbag.

HOLD ALLEGED DESERTER.
Raymond Stoup, formerly of South Bend, said to be a deserter from the navy, was taken into custody by U. S. secret service agents at Berrien Springs, Mich., last week and turned over to the naval authorities to face charges of desertion. Stoup only recently came to Berrien Springs to work for an electric company, according to advices received Friday. He lived with his young wife on the outskirts of the city. Stoup is alleged to have deserted the navy a year ago after enlisting in Plymouth, Ind., shortly after the outbreak of the war, according to the secret service agents.

LONDON, April 16.—The Czechoslovak cabinet has resigned, a Vienna dispatch today said. Resignation followed heated debate in the national assembly over the cabinet's policies.

Free lecture on Christian Science, at the church edifice, Main and Madison sts., Tuesday, April 20, at 8 p. m. The public is cordially invited. 2642-20.

Is It Woman's Love or Man's Persuasiveness? Ask Officials

Woman's love for her husband is beyond understanding, declared city court officials and members of the police department.

Wednesday night John Kholi was arrested by the police on complaint of Mrs. Kholi, who told the patrolmen that her husband had attempted to kill her.

Thursday morning Mrs. Kholi appeared in city court and showed Deputy Pros. George A. Schock and newspaper reporters the wounds and bloodstains caused by her husband's rough usage the night before.

She wanted him tried and sent to jail. She even signed an affidavit, charging her husband with assault and battery, and told how he used a pocket knife to inflict the wounds and caused the bloodstains.

"I just left the blood alone so that you could see what he did to me," she told the deputy prosecutor and newspaper reporters Thursday morning in the city jail.

"And he had a butcher knife and he tried to cut me with that, too," she added.

Friday morning Mrs. Kholi was in the city court, but she was in a different frame of mind. This may have been occasioned by a conversation she was permitted to hold with her husband in the city jail Thursday.

Anyway, she was not much in favor of prosecuting her husband. Friday, it was explained that there is a boarder at the Kholi home who is said to have more than the legal amount of whisky on hand. It was even said by Mrs. Kholi that the boarder manufactures wine there, and that the whisky and wine incite him to drink.

**SWIFT DEATH TO
COME IN FUTURE**
Scientist Claims Late War
Only Saw Chemical Warfare
in Its Infancy.

LONDON, April 16.—Swift and annihilating death, in the form of a fog, will come upon the nation in the next war. The chemical arm is the arm of the future.

We shall have a state of affairs similar to that produced by the first introduction of firearms. People wondered then what was going to happen next.

We have the present outcome of the use of firearms in guns that can sink a ship 20 miles away. This war has seen the advent of the new chemical warfare in its infancy.

Use Chlorine.
The Germans first used chlorine in 1915. No one knows what will be used in the future.

Beyond a certain limit what will happen in the future is mere guesswork.

If the Germans could have sent mustard gas over as a lasting fog, they would have won the war, for at present there is no effective provision against it. The nation that first discovers and uses such a fog must compel the other side to give in.

People may say it cannot be done, as they would have said in the days of muskets, if they could have been told of guns to carry 20 miles. There is no such word in science as "cannot," and all sorts of things will be possible in the future.

**THOUSAND LABORERS
PROTEST JAILING OF
MINE WORKERS' CHIEF**
PITTSBURGH, Kan., April 16.—Approximately 1,000 union laborers assembled at Girard Thursday as a protest against the imprisonment of Alexander Howat, president, and three other officials of district 14, United Mine Workers of America, who are in jail for opposing the state industrial relations court.

The unions of Pittsburgh went in a body to Girard. All buildings, including the city hall and the shops of the Kansas City Southern railway were closed.

Meanwhile in Pittsburgh, district Judge A. J. Curran, overruled a motion by Phil H. Callery, attorney for the miners' union for a new trial for the four union leaders. Notice was given by Callery that he would appeal to the supreme court.

Sheriff G. Clint Webb of Crawford county who last Monday permitted Prest Howat and other imprisoned union leaders to address a crowd from the portico of the jail has resigned, it was announced tonight.

Ouster proceedings instituted by state officials against Webb, are pending in the supreme court, but will be dismissed, it was stated.

HOLD SWIMMING CLASS.
An invitation to join the free swimming classes at the Y. M. C. A. during the next two weeks was extended to the boys of the River Park school Friday morning by Victor H. Kupper, boys' director. The regular Saturday night will be held in the boys' department Saturday.

HOLD MEETING.
South Bend chapter No. 439 American Insurance union held a regular meeting Thursday evening at the W. O. W. hall. Plans were made for a concert to be given at the hall Friday, April 20, when the Apollo Concert orchestra will appear. Following the business meeting lunch was served.

Amateur finishing at Schilling's. 2673-17.

stead of her husband was the real cause of her wounds and bloodstains.

She even said that if the boarder was made to leave the Kholi home, there would be no further trouble, and that the couple could live in peace and happiness without any regulatory steps being taken by Judge Gilmer.

However, it developed that the boarder has paid his rent to Tuesday of next week, and the only way he can be made to leave the Kholi home is either by refunding him his rent, or by having him arrested for the unlawful possession of liquor.

Judge Gilmer suggested both means, but Mrs. Kholi was noncommittal. She did not seem inclined to cause the arrest of the boarder, but she did seem to want her husband out of jail and home again.

"I couldn't be sure whether it was the boarder or my husband who stabbed me," she declared loudly enough for the judge to hear.

"Well, if you are not sure, you perjured yourself when you swore to the affidavit Thursday," declared the judge.

It was finally decided to continue the case, and the bond of Kholi was reduced to the minimum, and he was allowed to leave for home, accompanied by Mrs. Kholi.

"I don't know whether it is woman's love for her husband, or whether it is man's persuasiveness that causes a thing like that," said a court attaché, who knew the circumstances surrounding Kholi's arrest and viewed the departure from the court room of the couple, arm in arm, figuratively speaking.

**APPOINT STAMP DEPUTY
FOR REVENUE OFFICE
TO SUCCEED HESS**
J. H. DeWitt of Indianapolis has been appointed stamp deputy at the local internal revenue collection office to succeed George Hess, who has been promoted to field deputy. Mr. DeWitt began his duties Friday and will be assisted by more new deputies to be assigned to this office soon.

SUIT FOR DIVORCE.
Dwight Dipert repeatedly struck his wife, Rose R. Dipert, and was guilty of cruel and inhuman treatment, says the complaint in the suit for divorce filed Thursday afternoon by Mrs. Dipert. The couple were married Sept. 7, 1918, and separated April 14, 1929. The plaintiff further charges that the defendant failed to provide and says that she has been compelled to furnish food for the family and pay the house rent with money she earned by taking in sewing. Mrs. Dipert asks for the restoration of her maiden name.

Moreover, this reliable remedy contains no narcotics or harmful drugs and owes its efficiency to the medicinal extracts of the native roots and herbs which it contains.

Free lecture on Christian Science, at the church edifice, Main and Madison sts., Tuesday, April 20, at 8 p. m. The public is cordially invited. 2642-20.

MRS. AURORE BARRETTE, popular New Hampshire woman, who says Tanlac brought about a wonderful change in her condition and that every suffering woman ought to know about this wonderful medicine.

"Tanlac is a grand medicine, and I think every suffering woman ought to know about it," was the statement made recently by Mrs. Aurora Barrette, at her residence, 133 Second Street, Manchester, New Hampshire. Mrs. Barrette is a well known and highly respected resident of that city.

"I have not felt at all well for the past year or more," she continued, "I haven't been sick enough to be in bed, but I was far from being a well woman. At times I thought I had kidney trouble, for I suffered almost constantly from severe pains across my back, just over the kidneys. Whenever I tried to do any housework at all that dull pain would be there, and if I attempted to stoop over it just felt as though my back would break. I would get so weak and worn out I would have to sit down and rest several times a day, and I felt tired all the time."

"This condition made me awfully nervous, so that I rarely ever slept well at night, and every now and then I would jump in my sleep, as if in a fright, and my condition was really becoming serious."

"Only two bottles of Tanlac have brought about a wonderful change in my condition. In fact, the results I have received from this medicine have really surprised me. Those terrible pains in my back which have almost disappeared, and I am going to keep on taking Tanlac until they leave me entirely. I have lots of energy now, and am not only able to do my housework, but I get through the day without feeling the least bit tired. I am no longer nervous like I was, and I sleep well at night."

"I shall always be thankful for what Tanlac has done for me." Tanlac is sold in South Bend at the Central Drug Store and in Mishawaka at the Red Cross Pharmacy. Adv.

NAVY RECRUITERS GET SPECIAL ORDERS

The local navy recruiting station has been granted authority to enlist ex-service men who have held the following ratings for duty aboard submarines: boatswain's mate, quartermaster, gunner's mate, seaman, machinist's mate, engineer and ship's cook. Choice of submarine bases located at New London, Conn., or San Pedro, Calif., is possible, says the communication and those assigned to New London will see service in the Atlantic squadron while those going west will receive berths in the Pacific fleet.

It is also pointed out that submarine service automatically allows an enlisted man \$5 a month extra pay while chances for making extra money through carrying out various duties are said to be almost unlimited.

COMPLETE TRANSFER OF TELEPHONE COMPANY

A warranty deed just filed with the county recorder disclosed that property owned by the Central Union Telephone Co. has been transferred to the Indiana Bell Telephone Co. for a consideration of \$30,000. One of the lots included in the deal is located on Third st. Mishawaka, and the other is lot No. 262 on Main st. of this city.

FAINTING AND DIZZY SPELLS

The Cause of such Symptoms and Remedy Told in This Letter.

Syracuse, N. Y.—"When I commenced the Change of Life I was poorly, had no appetite and had fainting spells. I suffered for two years before I began taking Lydia E. Pinkham's Vegetable Compound and Liver Pills which I saw advertised in the papers and in your little books. I took about 12 bottles of your Vegetable Compound and found it a wonderful remedy. I commenced to pick up at once and my suffering was relieved. I have told others about your medicine and know of some who have taken it. I am glad to help others all I can."—Mrs. R. E. DEMING, 437 W. Lafayette Ave., Syracuse, N. Y.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Moreover, this reliable remedy contains no narcotics or harmful drugs and owes its efficiency to the medicinal extracts of the native roots and herbs which it contains.

FOR GOVERNOR

MASON J. NIBLACK DEMOCRATIC TICKET

Hon. Mason J. Niblack of Vincennes is the only candidate for Governor in the primary May 4th, who lives south of Indianapolis.

Southern Indiana Democrats have not been represented in the Governor's chair since the days of "Blue Jeans" Williams.

Hon. Thomas Taggart of Indianapolis is the unanimous choice of Indiana Democrats for United States Senator. He has no opposition and will be the party nominee. Northern Indiana is asking the nomination for Lieutenant-Governor. With Mr. Niblack on the ticket for Governor, the three sections of the State will be represented and the ticket will be well balanced. Care and forethought should be exercised so as not to "centralize" nominations all at Indianapolis. Think it over.

Mr. Niblack was born and reared in Knox County, a member of one of the most prominent Democratic families in the state. His father, Hon. William E. Niblack, represented the old First District in the United States Congress for sixteen years and was a member of the Supreme Court of Indiana for twelve years. He has two brothers, William C. Niblack, an eminent attorney of Chicago, and Rear Admiral Albert P. Niblack, of the United States Navy.

Mason J. Niblack has served four terms in the Indiana Legislature, twice as Speaker of the House of Representatives. He was the Democratic nominee for Lieutenant-Governor and the running mate of Mr. Adair in 1916. He served twenty-two years as a member of the State Board of Agriculture. He was a member of the Vincennes City School board for fifteen years. For the past fifteen years he has been President of the Indiana State Bee Keepers' Association.

Mr. Niblack lives on his farm and is a professional and practical farmer. He has devoted his energies entirely to the farm industry for the past twelve years. He has first-hand, practical, scientific knowledge of the farmers' problems. He has always been fair to labor.

Farmer candidates for Governor have always been winners with the people of Indiana.

Mr. Niblack is an old-line Democrat—honest, unassuming and capable. He believes in the integrity of the people and in their ability to manage their own local affairs without dictation or interference from the Governor or the State. He does not believe in the modern schemes of centralization of power and authority.

Southern Indiana Democrats, the Democratic voters of the State her native son, Mason J. Niblack, in full knowledge that he measures up to Democratic standards and Democratic ideals as to qualifications and fitness for the chief executive officer of the State.
