

BEGIN JOCKEYING ON CHAIRMANSHIP OF G. O. P. MEETING

Position Exceptionally Important Owing to Large Field of Aspirants.

NEW YORK, April 17.—Selection of a permanent chairman for the republican national convention at Chicago in June already is occupying the minds of the various presidential candidates and the party leaders.

The jockeying in this connection—all beneath the surface, of course—is parallel in the naming of a referee before a big championship boxing or wrestling match. The aspirants in the latter events often hold out for their particular choice until the promoter or athletic commission is forced to disregard them and pick a neutral referee.

Owing to the large field of presidential aspirants, the republican chairman this year is of unusual importance. In addition to keeping things moving smoothly on the floor his influence in selection of the various committees is a vital factor. The conservative and progressive branches of the party are expected to fight for domination of the nominating convention, and the platform. The credentials committee probably will be called upon to decide a number of contests between state delegations, which, due to the apparent closeness of the race, may have a great influence on the ultimate selection of a nominee.

EXPECT TROUBLE WHEN YOU MIDDLE, JUDGE TELLS A DEFENDANT

"When a man interferes in another man's family affairs, he may expect to get into trouble," declared Judge Gilmer, circuit court Saturday morning, when he suspended a \$5 and costs fine given to Arthur Desonia for an assault and battery on Maynard Correll.

The assault was committed a week ago, and Desonia was given a hearing in city court yesterday, but Judge Gilmer withheld his decision until Saturday in order to give Probation Officer Larry Lane an opportunity to make an investigation of the circumstances surrounding the assault.

Desonia admitted his guilt, but he declared that it was brought about by the actions of the Correll family in causing trouble between him and his wife.

HELP EX-SOLDIERS TO RE-EDUCATION

Federal Representatives Confer With Disabled Men in City.

C. W. Bailey of Cincinnati, and S. M. White of Washington, representatives of the federal board for vocational education, have been in the city several days in the interest of local disabled ex-soldiers who are entitled to re-education.

Mr. Bailey has conferred with the ex-service men whose cases are under the supervision of the federal board and has placed many of them in local factories and institutions of learning.

Mr. Whinery is interested in the follow up work for soldier patients at Healthwin hospital. He has made a survey of conditions there relative to the continuation of some sort of a vocational education system by which patients may begin their re-education even before discharge from the hospital.

The Horoscope

SUNDAY AND MONDAY, APRIL 18-19.

Sunday's chart, while indicating lively and interesting conditions, may not be considered as promising very great or lasting risks of any kind should be avoided, and the health should be protected. Affairs should be kept under control.

Those whose birthday it is may have an active year, but one calling for good management. A child born on this day will be popular, ambitious and successful.

Monday is expected to be a particularly interesting and eventful day with a lively stirring of affairs generally under powerful sidereal influences operating both for and against success. There may be a breaking away from old conditions, with some radical departures in the way of jobs or renewals of contracts. Promises for good should not be jeopardized by rash or impudent conduct or by subjecting money to risks through unwise investment or speculation.

Those whose birthday it is may turn the year to good account by caution and the wise use of money. Avoid law quarreling and speculation. A child born on this day will be quick, ill-tempered and perhaps generous to excess.

UNDERSTUDIES FOR LEADERS OF STRIKE

Cleveland Leaders Anticipate Arrests by Department of Justice.

By United Press:

CLEVELAND, O., April 17.—Local railroad strike leaders selected under studies in anticipation of arrest today. It was generally believed the arrests would occur about noon.

Boss Morton, agent for the department of justice, supplied Atty. Gen. Palmer with the names of the leaders here and he believed that orders for the arrests, at least a half dozen of whom would be given him within a few hours. Frans O'Rourke, president of the Cleveland Yardmen's association, said the strike would be carried on just as effectively without his presence or that of his immediate associates.

W. Lee, president of the Brotherhood of Railroad Trainmen, said today "the outlook was getting brighter all the time."

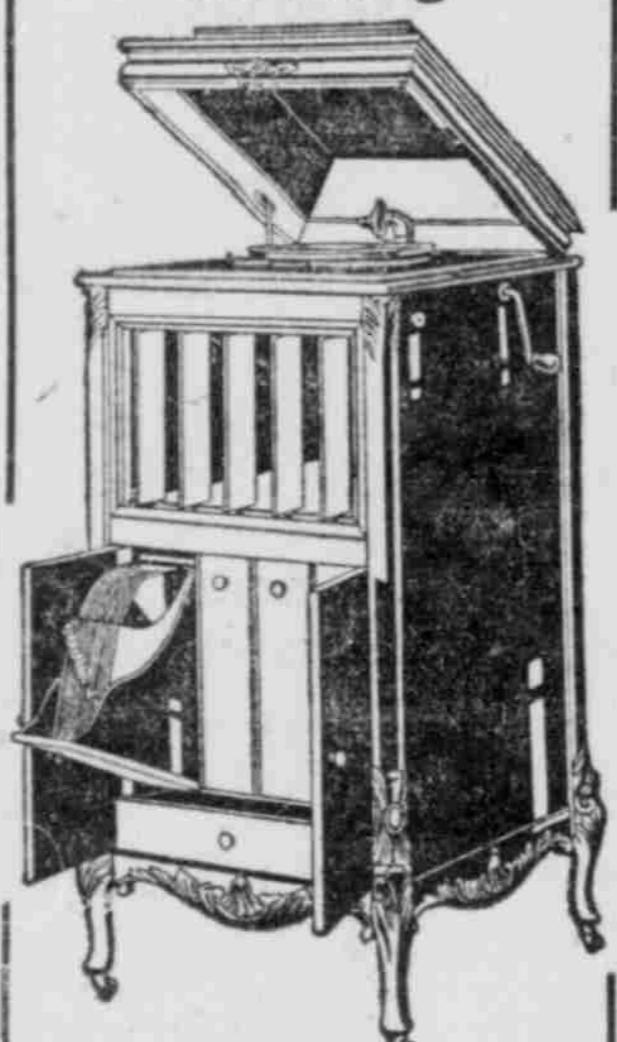

The local situation was practically unchanged. An average of 50 percent of normal freight movement was reported by the railroads. Strike leaders said they still have more than 1,500 men in line.

MOTORIST RUNS DOWN MAN ON LINCOLN WAY

E. R. Morris, 724 Diamond av., a South Bend newspaper man, was injured late Friday afternoon when he was struck by an automobile while he was alighting from a street car at Diamond av. and Lincoln way W.

The automobile was driven by William Gehrsdier of Winnetka, Ill. The automobile did not come to a stop when the street car did, and Mr. Morris was struck by the machine just as he reached the sidewalk. Senator Richard O'Connell was on the street car and saw the accident. He immediately placed the automobile owner under arrest. He was placed under \$100 bonds for his appearance in city court Tuesday morning.
