

WOOD SUPPORTERS ARE DYING OUT IN ELKHART COUNTY

G. O. P. Voters Are Pushing
Candidacy of Harding
and Lowden.

GOSHEN, Ind., April 19.—Major General Leonard Wood, U. S. A., candidate for the republican nomination for president, will not pull the strength that it was expected he would when the primary election is held in Elkhart county two weeks from Tuesday, according to estimates made here Monday night by republican party leaders. Wood sentiment hereabouts is rapidly dying, while much support is being found for Sen. Harding of Ohio and Gov. Lowden of Illinois.

Discovery is made that Elkhart county farmers are not for Gen. Wood for president. They say that as a military man they have no fault to find with Wood, but they do not warm up to him as a candidate for president. Farmers will divide their support between Sen. Harding and Gov. Lowden. It is declared by republicans who are closely in touch with the situation. Sen. Johnson of California has few supporters here, he being regarded as "too radical for this particular time." Herbert Hoover is deemed as "impossible" by nearly all republican leaders.

Bull Moose Territory.

In 1912 Elkhart county was among the strong bull moose localities. Bull moose outnumbered republicans four to one. Two years later bull moose were still far in the lead. Under these circumstances it was thought that Elkhart county would swing to Gen. Wood. It is still believed that Wood will poll more votes in Elkhart county than either Sen. Harding or Gov. Lowden, but republicans who think they are able to size up the situation are confident that Wood vote will not be large enough to give him a majority. Strangely enough some of the former rampant bull moose are out for Harding.

The republican organization of the county appears to have taken sides with the Ohio senator. A vigorous campaign is being waged in his behalf and unless all calculations are upset, Harding is to be reckoned with in the primary here two weeks from tomorrow.

CONTINUE GAS RATES.

GOSHEN, Ind., April 19.—The Goshen Gas company has been granted permission by the Indiana public service commission to continue in effect for an indefinite period, special war-time rates which, under the provisions of the original order, granted in 1917, were to expire May 1, 1920. The company has made a showing to the state commission

that its expenses are higher than at the time the order was made and under these circumstances the commission has ordered that the high rates are to be continued. The company is retailing coke at \$9.50 per ton. At the time the increase in rates was granted, complaint was made that the quality of gas supplied here was not up to standard.

PRESBYTERY OPENS.

GOSHEN, Ind., April 19.—The spring session of the Fort Wayne Presbytery opened here Monday night, at the First Presbyterian church, when Rev. Campbell L. MacKay of Elkhart, the moderator, preached a sermon before a large audience. About 50 delegates, one-half of them ministers, are attending the session, which will close Tuesday night. Elkhart, Lagrange, Noble, Stubs, Koscusko, DeKain, Whitley, Huntington, Allen, Wells and Adams counties comprise the Fort Wayne Presbytery.

Tuesday night a moderator will be elected to succeed Rev. MacKay of Elkhart and a secretary will be chosen to succeed Rev. C. O. Shirley of Fort Wayne. E. H. McDonald of the Presbytery and reports will be made on Bristol and Packerton.

NURSE DIES.

GOSHEN, Ind., April 19.—Eliza N. Hale, 75, widow of Henry C. Hale and widely known in this city and surrounding territory as a nurse, died of apoplexy Monday night, at the home of her daughter, Mrs. A. J. Quinn, after an illness of five months. Mrs. Hale had lived in Goshen for 39 years.

Students Take Action Against Certain Movies

Owing to the nationwide publicity caused by the divorces and subsequent marriages of Mary Pickford and Douglas Fairbanks, movie folks, the University of Notre Dame students through a movement sponsored by members of its athletic teams have pledged themselves to "black-ball" all future productions in which either one of the screen artists appear. Their action is said to have a twofold purpose, "to discourage the practice of making a mockery of marriage vows," and "to prohibit immoral plays."

Does 3¢ = Americanism?

Did you know that 3c is MORE
than the churches average
from each member per day?

WE AMERICANS may be thoughtless. Sometimes we may appear selfish. But when a great need arises, no one can say that we have ever shirked.

Ask any son of France. Ask any soldier of Great Britain. Or ask any Armenian mother or a girl with a red cross on her sleeve or one with a tambourine in her hand.

And now the churches come to us for help—our churches. Not begging. Not asking alms. But with heads lifted high facing a task so worthy that we, as loyal Americans, ought to feel it a privilege to help.

Here is the Plain, Unvarnished Truth

We don't need to be told that the church is the heart of the Nation. We admit its influence for lasting good in our children. We see its stabilizing influence on our communities. We know a little of its great hospitals, its homes for children, its schools and colleges here and abroad.

But most of us do not realize how pitifully inadequate the support of the churches is when compared to the urgent needs.

Less than 3¢ a day!

In spite of the great tasks which we expect our churches to carry out, those of us who give to the church—and the number is all too few—are now giving an average of less than 3¢ a day for all church purposes.

Less than 3¢ a day.

Shall our churches go on? It is for you to say.

Without your help the work of your church must be just that much less.

Give—and give from your heart as well as from your pocketbook.

INTERCHURCH WORLD MOVEMENT

This advertisement made possible by the cooperation of 30 denominations

How the Interchurch World Movement Originated

Our churches said: "The task of meeting the urgent needs shown by the world survey is too great for us to do individually as denominations. We must do this work together."

So thirty great denominations are cooperating—each keeping its own purpose and identity—but all working together under the name of the Interchurch World Movement.

Because of this cooperation, it is estimated that over one million dollars will be saved alone in eliminating waste and duplication.

A World Survey Was Made

Our churches know the needs that must be met. They know exactly how every dollar—every penny—will be used for the greatest good without waste.

A world survey was made by the churches that astounds business men in its thoroughness. County after county was studied; the countries of the world were visited and reported in minute detail.
