

### BOB JONES SAYS URBAN PROBLEMS CONCERN WORLD

Evangelist Makes Eloquent  
Plea For Cleansing of  
American Cities.

Emphatically declaring that the problems of the cities of America are the problems of the world, Bob Jones, evangelist, made an eloquent plea before the members of the Kiwanis club at the noon luncheon in the Oliver hotel Thursday for the prevention of the degeneracy and decay which threatens to destroy the cities and as a consequence blast the purposes of civilization.

"When the population of nations begins to center in cities, just that moment degeneracy and decay becomes prevalent and civilization is threatened," said the popular evangelist. "American people are moving to the city and the suburban and rural districts are suffering. However the spirit of the American cities are beginning to show the results of the seeds of discontent that have been sown there. Unrest and big problems are unknown in the country," added the speaker.

"America is the hope of the world," he declared, "and if American cities are not cleansed the world will fall and all hope is lost."

Bill Treated Rough. Using Bill Armstrong, ex-corporal of artillery during the war and at present of Tower of Babel fame as the "horrible example" Joseph Taylor, scout director, demonstrated a few life-saving tricks which are taught Boy Scouts. The demonstration was presented as a part of the program to encourage enthusiasm and support for the campaign which is soon to be under way here.

George Cooper, physical director of the Y M. C. A., reviewed the activities of the gymnasium work during the past year and recommended a daily form of exercise for every man. He offered to advise any one on the proper form of exercise to adopt and also made an offer to give swimming instructions to any member of the Kiwanis club.

The following letter has been received from the Rotary club:

It is with pleasure that I again express my appreciation of the beautiful loving cup presented the Rotary club by the Kiwanis club. You certainly have a graceful, patriotic and impressive way of handing out your presents. Preceded by a burst of oratory on the part of your Mr. Swartz, that holds the audience spell-bound; accompanied by red tape, blue coats and white paper (written full) the complete ceremonies certainly leave the recipient with the firm belief that "he has had something handed to him."

Your method of bringing in the 200 branches of our glorious government—the legislative, which to some extent prescribes, (by way of limitation thereof), the contents of the bowl; the judicial, in the free use of the pro-se-cuting attorney to present your case; and the executive, whereby the sheriff and the police department perform their functions to the end that you may know just where the gift is (not), speaks well for your Americanism, and makes the heart swell with pride and loyalty for this land of liberty. And at the same time, when the recipient of this beautiful amplification of your work finally gets his hands on the present, he feels as secure in his possession as

though he had bought an eight-room house, ousted the tenant, cleared the mortgage and gotten an abstract of title clear back to Andy Jackson.

I beg to thank you, on the part of the Rotary club, for your beautiful gift, which we accept as a symbol of the kindly feeling and the friendship that exists between the two clubs. And on my own part, I look forward with pleasurable anticipation toward the time when I may hand you something.

With kindest regards to your membership, I am,

Very sincerely,  
L. B. SLAUGHTER,  
President Rotary Club  
of South Bend.

### Schuster to Supervise Notre Dame Scholastic

Prof. George N. Schuster of the English department at the University of Notre Dame will direct the publication of the "Scholastic" next year. It was decided at the last meeting of the faculty today. He succeeds Rev. J. L. Curricio, S. C., editor for the past ten years, who will devote his time to post-graduate English work.

In 1916 Schuster, as a senior, was on the "Scholastic" board of editors. After he received his degree, a number of essays appeared over his name in the "Catholic World" and other periodicals such as "America."

When the U. S. entered the war Schuster enlisted and was sent to France where he was transferred to the Intelligence department. Doing duty in this capacity he suffered a gas attack and later severe shell-shock. In the summer of 1919 he was mustered out of the service and was engaged as professor of freshmen English. At present he is studying for a master's degree.

Prof. Schuster declared he will maintain the literary standard raised by Fr. Garrico although many typographical changes will be introduced and new designs employed.

**ATTENDS MEETING.** Miss Irma Collmer, secretary of the St. Joseph county Tuberculosis league, is attending the 16th annual meeting of the National Tuberculosis association in session at St. Louis, Mo., Thursday, Friday and Saturday of this week.

**SEEKS ALLOWANCE.** Alice Parmley in an action filed Wednesday asks for a temporary allowance of \$25 a week from her husband, Claude E. Parmley, for the support of the plaintiff and her minor child, Ella Thelma, seven years old.

### "TIZ" FOR TIRED AND SORE FEET

Use "Tiz" for puffed-up, burning, aching, calloused feet and corns.

Why go limping around with aching, puffed-up feet—feet so tired, chafed, sore and swollen you can hardly get your shoes on or off? Why don't you get a box of "Tiz" from the drug store now and gladden your tortured feet?

"Tiz" makes your feet glow with comfort; takes down swellings and draws the soreness and misery right out of feet that chafe, smart and burn. "Tiz" instantly stops pain in corns, callouses and bunions. "Tiz" is glorious for tired, aching, sore feet. No more shoe tightness—no more foot torture.

### FRENCH SECRETARIES TO VISIT LOCAL "Y"

The local Y. M. C. A. has been selected as one of five or six representative associations throughout the country which will be visited by the first of a series of five groups of French Y. M. C. A. secretaries who are to visit this country for the purpose of studying the organization and administration of American Y. M. C. A.'s.

Fifteen picked secretaries who are planning the association in France are to visit the United States in five groups of three each, according to the plan of John R. Mott, national secretary, and M. Sautter, French national secretary, and are to make an exhaustive study of association conditions here.

The first three representatives are to sail from France next week and after several short stops at other associations will come to South Bend sometime in May and remain here several weeks. An interpreter will accompany them.

### Local District Second in Navy Recruiting

The local naval recruiting station has received a call for recruits for the artificer school. Mechanists' mates are wanted for the following trades: carpenters, painters, blacksmiths and plumbers.

The report for last week, just issued by the navy department shows that the Indianapolis district which includes the South Bend district was second in the number of enlistments, signing up 12 men. Cincinnati led the country with 14 recruits.

### PLAN CANDIDATES' CLASS FOR BOY SCOUT LEADERS

A class for candidates as leaders for the various boy scout troops of the city will be conducted at the school administration building this evening by Joseph W. Taylor, scout executive. Candidates will be instructed in scout principles, knot tying, life saving, physical training and various other phases of scout craft. Anyone eligible and fitted to take such work is urged to attend the class tonight.

Wednesday night at a meeting held at the Chamber of Commerce, 75 teachers were instructed by Mr. Taylor on various principles of scout craft. All of them report that a keen interest in the movement is manifested by the boys.

**ARREST BOARDERS.** On complaint of Calvin Evans, William Anderson, Albert Clark and Harry Spelcer were taken into custody by the police on a charge of attempting to defraud the plaintiff out of a board bill. Clark and Spelcer settled with Evans out of court but Anderson asked for a continuance and his case will be tried on April 27.

**Serviceable Skirts**  
In Plaids and Checks  
**\$7.95, \$10.00, \$25.00**

These Tailored Skirts present another phase of spring fashion. Lines are straight and becoming. Flannel and serge in small checks or smart plaids are the materials. Accordion and knife plaiting are pleasing features.

**Becoming Blouses**  
Of Organdy and Voile  
**\$4.50 to \$10.00**

The new importance of Blouses in spring costumes is shown in the daintiness of these. Hand embroidery, set-in laces and fine tucks furnish the trimmings. Their appeal is in their exquisite workmanship.

**Coat and Cape Wraps**  
**\$35.00 to \$125.00**

Here are fashionable Wraps of Serge, Gabardine, Tricotine and Silk. They are well made, graceful and slender of line. The materials can scarcely be bought for the price of these ready-to-wear garments. They are excellent values.

**Cape Wraps of Serge**  
**Specially Priced**  
**\$12.95**

These Wraps bespeak interest because of their quality at this low price. A woman who appreciates values will find them splendid.

**Spring Suits of Quality**  
**\$35.00 to \$65.00**

Beautifully Tailored Suits are offered of Tricotine and Serge. Their youthful lines interpret the spring mode. Simplicity emphasizes the value of the materials and making.
