

NO HOPE FOR POST OFFICE EXPANSION

Congressional Committee Opposed to New Building Here.

There appears to be little or no chance of South Bend's post office obtaining relief from its congested condition from congress this year, according to advices received here Friday from Washington.

According to the advices, Anthony Wolfe's efforts to convince members of congress that South Bend is badly in need of more spacious quarters for handling the mails is proving of no avail against an agreement among members of congress to appropriate money for the erection of new post office buildings, no matter how much they are needed.

Committee Opposes Building.
In the advices received here Friday, Rep. Langley of Kentucky, chairman of the house committee on public buildings and grounds, is quoted as saying:

"I wish it were possible to assure the people of South Bend that an application for a new post office building for that city will be made at this session of congress, but it is not possible."

Not a Chance.
"There is not a chance for this. The members of our committee, democrats and republicans alike, have pledged themselves to oppose all building bills, however meritorious, at this session of congress, and we intend to stick to that pledge."

"Next winter an omnibus building bill will be framed and something should be done for South Bend at that time."

Department Would Aid.
Recently word was received here that the treasury department had recommended to congress that \$225,000 be appropriated to relieve conditions at South Bend. Other Indiana cities were included for similar recommendations by the treasury department.

South Bend post office officials say that the recommendations of the treasury department are aside from the efforts being made to induce congress to appropriate sufficient funds for a new post office building here.

DEMOCRATS FIND POLL INSPECTORS

Democratic leaders in the county Friday anticipated little trouble in finding sufficient inspectors to man the polls on the day of the primary, May 4, one prominent democrat asserting that little effort had been made up to date to round up the forces but expressed a feeling of optimism over the prospect of securing competent primary officials.

The democratic county chairman according to the election law is authorized to appoint one inspector for each precinct polling place. This authorization secured by the fact that the statute provides for the appointment of inspectors by the party casting the largest number of ballots in the preceding election, which privilege is awarded to the democratic party on this occasion.

It is expected that when the primary day rolls around the polls will be fully manned and no litigation or argument will result from a lack of inspectors, clerks, judges or sheriffs at the polls.

"Voters have been volunteering for the work daily," declared one politician Friday, "and we anticipate little difficulty in preparing a full quota of officials. When the list is completed we will have it filed and be ready for the opening of the voting places on May 4."

FIX BONDS FOR ALLEGED THIEVES

Men Charged With Stealing Automobile Supplies to be Arraigned.

Formal charges against the men arrested early Thursday morning by the police on complaint of having stolen automobile tires and accessories valued at \$1,500 were filed in city court Friday morning by Deputy Prosec. George A. Schock, and the men will be given a hearing before Judge Gilmer Wednesday.

Wladyslaw Lukaczewski and Carl Boksa are charged with stealing automobile tires and inner tubes, valued at \$740 from the Michigan Central railroad, and shipped by the Dodge Manufacturing Co. Their bonds were placed at \$1,000 each.

Ignatz Wysogold and Stanislaw Manuszak were charged with the theft of automobile tires and accessories valued at \$325, and with receiving stolen property, valued at \$325. They were placed under \$1,000 bonds each.

The arrest of the men and the recovery of the stolen property resulted Thursday morning from information obtained by Sgt. of Detectives William H. Barnhart, Sgt. Barnhart and Detective Horace Hamilton and Valentine Delinski were assisted in the arrests by Capt. John Kuespert of the New York Central lines.

ACCUSED OF DRUNKENNESS.
Mike Steiner is accused of being a drunkard and displaying a quarrelsome disposition by his wife, Mary Steiner, in a petition for divorce filed in the superior court Thursday.

The Spring Rains Bring Grippe

This sort of weather brings colds and grippe. If it's just a common cold people say, "there's no danger in that!" But many a fatal sickness begins with a cold—with vitality weakened—the system is ready for the Influenza germs. Begin early to ward off the attack. Purge the system of the toxins (poisons) by taking castor oil, or a vegetable laxative made of Mayapple, leaves of aloe, and jalap, rolled into sugar-coated pills and to be had at all drug stores as Dr. Pierce's Pleasant Pellets.

If the cold starts with a cough, and it persists then some local treatment for this condition should be taken. A well known alternative extract which has been on the market for a great many years, and which has been highly recommended by thousands of users, is Dr. Pierce's Golden Medical Discovery. This tonic compound is composed of an extract of roots and herbs without alcohol, and has a soothing effect upon the mucous membrane, allays the irritation and at the same time works in the proper and reasonable way, at the seat of the trouble—the stagnated or poisoned blood.

JUDGE MAKES CITY OFFICIAL A JUROR

Byron B. Miller Forced to Serve in City Court.

Byron B. Miller's office as city sealer did not exempt him from jury service in a civil case in city court Friday.

When City Court Bailiff Frank J. Murphy summoned Mr. Miller as a juror in the suit of Mrs. Catherine Kowalski against Ignatz Lukaszewski for back rent for the Honey-moon theater, Mr. Miller told Mr. Murphy that he would not serve on the jury.

Mr. Murphy reported what Mr. Miller had said to Judge Gilmer, and immediately ordered a policeman to bring Mr. Miller into court. Both sides in the legal controversy accepted the city sealer, and he would have been compelled to spend some time in the city court room had it not been that a settlement between the parties in litigation was reached before the case actually went to trial.

J. Q. AMES COMING.
J. Q. Ames, head of the city administration department of the Y. M. C. A. college, Chicago, and former general secretary of the local association, will arrive Friday evening to assist in finishing up the business of the fiscal year. He will also aid in preparing plans for next year.

I will not be responsible for any debts contracted by Edna Gibson. EARL GIBSON.

FAITH

Good Old Fashioned Faith —That's What The World Needs Most

WHAT is the cure for the world's present troubles—for unrest and envy and covetousness and fear?

Legislation? Industrial compromises? Political readjustments? We've tried them all, and they do not satisfy.

We're hungry and thirsty for Faith.

"The world needs a genuine religious revival," cabled the London financial editor of the New York Evening Post recently. And he added: "This is the view of hard-headed business men."

What business men are now proclaiming the churches have always proclaimed. You must touch the spirits of men if you are to change their lives: only to the extent of their faith in each other can they work together. All remedies are makeshifts except the Golden Rule.

Thirty denominations, knowing the need to be too great for any one denomination to meet alone, are cooperating in a nationwide campaign.

It is a campaign for deepening the spiritual forces of men; for enlisting their hearts, and their pocket-books too. And every man and woman who loves America will be glad of a chance to help.

For the hope of America is Democracy and the Founder of Democracy was the Founder of the Church. It was He who first called men sons of God, and so made all men brothers.

Not as employers and employees, not as members of parties or sects, but as sons of God and brothers all let us work out our problems together.

To strengthen the Church is our first great task; out of the Church flows Faith.
