

BOY SCOUTS ARE GOOD ANTIDOTE FOR BOLSHEVISM

Leader of Movement in City
Tells Members of Com-
merce Today.

"The greatest antidote for bolshevism in the world is the Boy Scout movement," Joe Taylor, Boy Scout executive, told the members of the Chamber of Commerce at the weekly noonday luncheon Monday.

Mr. Taylor spoke in the interest of the Boy Scout movement in South Bend. He declared that the organization's purpose is to make useful citizens of its members, and to keep boys under good influence at all times.

"There are 100,000 who voluntarily assist in regulating traffic at a time of need as many Boy Scouts did recently at Dayton, O., will ever violate the traffic laws when he grows up, and no boy who reverently salutes the Stars and Stripes every day will ever wave the "red" flag," Mr. Taylor declared.

The Boy Scout executive declared that it is the purpose of every Boy Scout to do one good turn each day. He said that the Boy Scout movement gives to the youth the practical education that the school is unable to give him.

GIVES DEMONSTRATIONS.

Mr. Taylor gave some interesting demonstrations showing the practical things taught Boy Scouts, such as life saving, aid of fire departments in preventing spread of fire, and many other things.

No appeal was made for funds in support of the movement at the noonday luncheon, although Chairman Fred A. Denby of the meeting said that any contributions to the needed \$12,500 fund would be appreciated. If these contributions were sent after Mr. Taylor's hearings reached their homes, it is understood.

BETTER TELEPHONE SERVICE.

E. T. Bonds, manager of the telephone company, promised better service in the automatic department of the South Bend exchange by the latter part of the present week. He said that by the acquiring of automatic equipment from Indianapolis, it will be possible to better the service.

Mr. Bonds urged patrons of the company to have more patience and pointed out that because the trouble at the local exchange is beyond the control of the management.

**Protected Home Circle
Will Meet Tuesday**

What is expected to be the largest meeting ever held by the Protected Home Circle, No. 20 of South Bend, will be held Tuesday evening in the Lodge rooms at St. Nick's hall. Elaborate plans for entertainment have been made by the committees in charge and some enjoyable feature will be in progress during the whole course of the evening. A five piece orchestra will furnish music throughout the entertainment. The affair will be open to all members of the circle and their friends.

On Wednesday evening, May 5, the local order will visit the Laporte inner circle where more than 100 candidates will receive the degrees. The South Bend circle expects to send 100 representatives to the Laporte meeting.

**OPHEUM TO SHOW
ELKS' PICTURES.**
By special request the Orpheum has arranged to show the Elks' picture pictures taken some time ago at Berrien Springs and in which a number of South Bend citizens are the prominent actors. The pictures will be shown in addition to the regular bill at each performance on Wednesday.

Schuylerville Rebecca Lodge will hold a meeting Tuesday night at 7 o'clock so that the members can attend the tabernacle services in a body.

SAVES 2,000 ARMENIANS IN AMERICAN ORPHANAGE

WILLIAM GILBERT, JR.

When the Turks destroyed the village of Harounly, northeast of Adana, and burned the American orphanage there, William Gilbert, Jr. of Yonkers, N. Y., risked his life in order to save two thousand Armenian orphans who were cared for in the orphanage. He removed the two thousand children, under fire, in safety to Adana.

CROWDS RUSH TO PAY THEIR TAXES

Court House is Thronged
With Taxpayers During
Final Week.

The scene in the county treasurer's office in the court house Monday was likened to a 99 cent department store bargain sale with crowds pushing and shoving as individuals attempted to reach their respective windows to pay their tax assessments. With the entry of the usual wait for the payments, following the treasurer's office opening, for the grand rush that traditionally occurs during the closing days of the payment period. The rush started Saturday when the corridors to the office were thronged until noon, when the office closed. Early risers began straggling into the court house almost as soon as the post office was open and long before the "ready for business" signs were posted lines leading to the several windows were formed. Next Monday is the last day of the open period.

Attention has also been called to the fact that Monday, May 3, is the last day for filing morning tax exemption in the auditor's office. Under the existing laws a property owner is entitled to an exemption of \$1,000 or less on the assessment of his property valuation if the property is mortgaged. At the present tax rate a considerable saving is effected if the owner files an exemption claim.

Soldiers and widows of soldiers of the Civil war are entitled to an additional exemption of \$1,000 on their tax assessments and these claims must be filed by May 3, also. All persons affected by these rulings are urged to file immediately and to avoid appearing during the last minutes.

HOW A SICK DOCTOR REGAINED HIS HEALTH

Young doctor 27 years old was told by several eminent physi-
cians that he could not live, but discovered a
remarkable formula that restored his health.

In 1898 Dr. A. L. Reusing of Akron, Ohio, had just completed his course at medical college. He had paid his way through medical college by working nights as a telegrapher. Overwork and overstudy had undermined his health, and he consulted many specialists, but they all pronounced him incurable and said that he could live only a few months.

But Dr. Reusing determined that if he must die, he would find the cause, since none of the physicians could diagnose his disease positively.

Knowing that without oxygen the body dies, he began a thorough investigation of the effect of oxygen on the body. He studied Dr. Virchow's famous "Cell Theory" which proves that the body is only a collection of cells and that there are twelve cell-salts that nourish and maintain the cells of the body. Just as a flower droops and dies for lack of water, so the cells wither and die for lack of their natural cell-salts.

He knew that the red blood cells carry the iron in the blood and that iron attracts oxygen just as a magnet attracts steel. He learned that by increasing the amount of iron in the blood, the iron attracted the oxygen from the air into the lungs into the blood exactly as the magnet attracts steel. He found that oxygen oxidizes or burns up the impurities, germs, and torn-down cells that are found in the blood.

Through careful research he learned the cell-salts that nature requires to feed the cells and maintain health. This led to the discovery that the health of the body is governed entirely by the health of the blood and that if the blood is rich in oxygen, plasma and iron and supplied with the natural cell-salts that nourish and maintain the health, vigor and vitality of the cells, the whole body glows with health, strength and energy.

Re-decorate!

—for 15c a room

Certainly it can be done
—with Absorene. This
famous wall paper cleaner
will make your dingy
paper as fresh and bright
as when it was put on.

Absorene is used by
professional cleaners and
decorators for cleaning wall
paper. It does the work easily and
surely — absorbs the dirt like a
sponge!

One can will clean a whole room.
Try it today. Your dealer has it.

THE ABSORENE CO., St. Louis

The best
money
can buy
Since 1888 this
cleaner has
reigned supreme

WOMAN GOES TO JAIL FOR CHILD'S ALLEGED TRUANCY

Neither argument nor persuasion has any apparent effect upon Mrs. Elizabeth Lichkay, 115 Dundee st., so now she will spend 10 days at the county jail.

Mrs. Lichkay refuses to keep her seven-year-old daughter, Elizabeth, in school. She was arrested by Sheriff Officer Calvert Feb. 7, and taken to city court where it was explained to her that the child must be kept in school.

Although the mother would not make any promises, she was given until Monday morning to comply with the order. Up to Monday she had not done that, and the child was not in school.

Mrs. Lichkay told Judge Gilmer that she would not send Elizabeth to school. Then the judge decided that he would send the mother to jail for 10 days in an effort to impress her with the necessity of complying with the law.

The efforts of the school authorities to impress Mrs. Lichkay with the need of the child for an education have been without success. During the next 10 days the control of the family affairs will be in the hands of the father who promises that Elizabeth will be in school every day except Saturday and Sunday.

LIFT OFF CORNS WITH FINGERS

Doesn't hurt a bit and costs
only few cents

You'll laugh.
Apply a few drops
then lift sore,
ouchy corns right
off. No pain. Yes,
magic!

CHARGES CRUELTY.
Steve Eckert told his wife that he did not care for her and urged her to leave him and get a divorce, according to a petition in the Superior Court Monday. Cruel treatment is charged and the defendant is accused of striking the plaintiff. Mrs. Eckert asks for the custody of the two children, Charles, aged 10 and Pearl aged 9 and \$2,000 alimony.

ATTENTION

Attention has also been called to the fact that Monday, May 3, is the last day for filing morning tax exemption in the auditor's office.

Under the existing laws a property owner is entitled to an exemption of \$1,000 or less on the assessment of his property valuation if the property is mortgaged. At the present tax rate a considerable saving is effected if the owner files an exemption claim.

Soldiers and widows of soldiers of the Civil war are entitled to an additional exemption of \$1,000 on their tax assessments and these claims must be filed by May 3, also. All persons affected by these rulings are urged to file immediately and to avoid appearing during the last minutes.
