Sec'y of Labor Wilson Will  
Make Decision on Ques-  
tion Soon.

WASHINGTON, April 26.—Sec'y of Labor Wilson after an all-day argument, took under advisement Sunday night the question whether membership in the communist labor party in itself constituted grounds for deportation of aliens.

During the hearing there was a flare-up over statements attributed to Federal Judge Anderson of Boston that the government "operates some part of the communist party in this country." Swineburne Hale of New York upholding it and J. E. Hoover of the department of justice, declaring it "unjustifiable misconception of the facts."

Volumes of literature, Armed with voluminous communist literature, Hoover attempted to show by quotation of lengthy excerpts the relationship between the communist labor party and the third international.

Asserting that John Reed, last reported detained in Abo, Finland, for affiliation with the bolsheviks was the founder of the communist labor party, Hoover declared it was like all other communist organizations, "a gang of cut-throat aliens, who have come to this country to overthrow the government by force."

## HIRAM JOHNSON WILL STAGE HIS "LAST DITCH" FIGHT TO WIN IN EAST

By Harold D. Jacobs.

NEW YORK, April 26.—Wednesday will be the most important single day in the pre-convention campaign to date.

There will be three republican and three democratic primaries and two republican state conventions, at which 133 republican and 112 democratic delegates will be selected as follows:

New Jersey primaries, 28 republican and 28 democratic delegates; Ohio primaries, 48 delegates each; Massachusetts primaries 35 republican and 35 democratic delegates; Washington convention 14 republican; Idaho convention, eight republican.

The day will be featured by Sen. Hiram Johnson's "last ditch" fight to carry New Jersey and win a foothold in the east and by Maj. Gen. Wood's invasion of two "favorite son" states.

Wood has disregarded one of the unwritten laws of practical politics by carrying his fight into "favorite son" territory in Ohio and Massachusetts, as he did in Illinois. In Ohio he will be opposed by Sen. Harding. Their names are the only ones on the republican ballot.

An entire slate has been put up in Massachusetts by the Wood organization. The rival candidates

are uninstructed but are known to favor Gov. Calvin Coolidge, with one exception. This is a candidate for delegate-at-large who is understood to be for Hoover.

Wood is also working for endorsement of the Idaho and Washington conventions. In Idaho he is opposed by Sen. William Borah, who is stumping the country for Johnson. Sen. Miles Poindexter is the "favorite son" of Washington. But he will have competition in the state convention from Wood, Johnson and Hoover.

Gov. James Cox is the only candidate on the democratic ballot in

Ohio. Gov. Edward L. Edwards is supposed to have everything his way in New Jersey and William G. McAadoo is supposed to have the support of the Massachusetts democrats.

## How Ladies Improve Looks!

## Eyes Weak?

If your eyes are weak and strained; your vision blurred, if you find it difficult to read and must wear glasses, go to your druggist and get a bottle of Bon-Opto tablets. Drop one in a fourth of a glass of water and bathe the eyes two to four times a day. Stronger eyes, clearer vision, and sweet relief will make you tell your friends about Bon-Opto.

Note: Doctors say Bon-Opto strengthens eyesight 20% in a week's time in many instances.

"Many ladies, old and young, suffer a round of torture with their nerves, and many are so frail, thin and bloodless that their splendid features are lost sight of, while a vain attempt to conceal the angularity of the figure develops no one but themselves and really excites the pity or ridicule of the world," said a well-known largely employed practicing physician, in a recent lecture at a young ladies' college. "I do not mind exposing a little secret of mine to all such, as it can do no harm and may result in much happiness and health. It is simply this: Any thin, bloodless, nerve-tortured man or woman can become as fit as the fittest by taking regularly for several months an easily obtained pharmaceutical product known by the profession and pharmacists as three-grain hypo-nuclease tablets, put up in sealed packages with directions for home use."

## G. O. P. IS AFTER COMPROMISE MAN

Leaders Are Considering  
Senator Knox as Likely  
Candidate.

By United Press.

WASHINGTON, April 26.—The situation developed by the hot fight for the republican primary election today caused G. O. P. leaders in the inner circle of the party councils to begin casting about for a compromise candidate, should one be required.

They are considering Sen. Philander C. Knox of Pennsylvania, former attorney general and also formerly secretary of state. His name is being heard with increasing frequency among influential republican politicians in Washington.

Knox is favored for these reasons: 1—His experience in government, both legislative and administrative branches.

2—His standing in both wings of the republican party. He is a close personal friend of Sen. Johnson and stood with the Borah-Johnson irreconcilables in the treaty fight. He is at the same time close to Penrose, Stimson, Lodge and other old guard leaders.

3—His reputation before the country as a conservative whose record in the senate, his friends say, show him to have favored really progressive governmental measures.
