

AIRPLANE PLANT MAY BE ERECTED IN SOUTH BEND

Conduct Demonstration of
Planes to be Sold at
Nominal Prices.

That South Bend may be picked as the site for the huge plant to be erected by the Multi-X Aircraft and Motors Co., a new corporation formed for the manufacture of airplanes and Aero motors, was the statement made by company officials upon their visit here to supervise the opening of a demonstration office with temporary quarters at 113 N. Main st. Bloomington, Ind., is making an active bid for the location of the plant but company officials declared that they favored South Bend on account of its excellent rail and shipping facilities.

The concern is capitalized at \$3,000,000 and it is planned to manufacture commercial and passenger airplanes to be sold at a reasonable price. The venture is the result of a dream that is nearing reality when passenger travel, express and freight carrying will be by way of the air, say the organizers of the company. The concern will put a one passenger plane on the market to sell at \$1,700 while a two passenger ship will market at \$2,500.

J. M. Stewart of South Bend is in charge of the local demonstration office and is assisted by E. H. McElroy.

FARMERS' FEDERATION HOLDS BIG MEETING

The Olive township association of the Farmers' Federation perfected the permanent organization and elected officers at an enthusiastic meeting held Monday night in New Carlisle. The permanent officers are Clyde Wycoff, chairman; C. V. Ziegler, vice chairman and Ralph Keller, secretary-treasurer. The Center township organization will meet Tuesday night, a meeting will be held in Madison township Wednesday and the Lakeville farmers will organize Saturday night. The township organizations are the result of the county-wide campaign held last week, which terminated Saturday night. Final returns have not been completed, but will be available in a few days. Unofficial estimates on the number of new members secured during the drive vary, but all leaders are unanimous in their opinion that the campaign was a success from every angle. Although some difficulty was experienced on account of the inclement weather the canvass was thoroughly and nearly every farmer in the county was interviewed.

Pugilists Get Little

Sympathy in Court

Men who fight do not get very much sympathy from the Glimmer, and those who fight and do not work do not get any of the sympathy of the city judge.

Carl Dunham demonstrated Saturday night that he is a good fighter, but he was unable in city court Tuesday morning to convince Judge Glimmer that he is a worker. On the contrary, Judge Glimmer decided that 30 days at the state penitentiary would be beneficial to Dunham.

Several witnesses testified that Vassar Le Count of the Main st. pool room was seen to be beaten by Dunham Saturday night when he asked him if he had money enough to pay for the pool game he was playing. Witnesses say that Dunham answered Le Count by hitting him over the head with a pool cue, and then struck him several times.

The court fined Dunham \$5 and costs in addition to sentencing him to the penitentiary after Probation Officer Larry Lane had submitted a report on Dunham's record here as a non-worker.

Woman Gives Science

Great Rubber Discovery

ST. LOUIS, April 27.—Revelation of a new invention for determining the life of rubber products, notably automobile tires, was made to the American Chemical society in a paper by the only woman member of the rubber section of the society, Miss Irene C. Diner, 25 years old, a graduate student in New York university. She refused an offer of \$10,000 cash for her discovery and gave it to science.

Miss Diner's invention is said to make it possible to foretell much more accurately the actual miles any automobile tire may be expected to travel. She is the daughter of the professor of chemistry in Fordham university, New York, and is a graduate of Columbia university.

SURVEYS RED CROSS HERE.

Miss Ina Gaskill of Indianapolis, director of the nursing service of the American Red Cross for Indiana, arrived in South Bend Tuesday morning and will remain until Wednesday night. Miss Gaskill is making a survey of the territory of the Red Cross nurse here.

Where To Find Him.
Gen. Pershing says he will be a candidate if he is called by the people, and is now on duty in a listening post.
