N. D. RELAY TEAM ALL SET FOR PENN

Rockne's Two Mile Team Will Journey to Philadelphia Saturday.

Coach Rockne is strenuously grooming his two-mile relay quartet for the big race of the year at the Penn relays this coming Saturday. The mentor is satisfied that if the men can repeat their brilliant performance of last Saturday at Drake that they will place in the national classic. Contrary to public opinion, which regarded the showing made by the Gold and Blue at Drake as mediocre, the performance was worthy of the best team ever sent from Notre Dame.

Capt. Meehan ran one of the greatest races of his career in the two-mile event. Ames surprised the assembled thousands by winning the race in 7:55, just a fraction of a second slower than the world's record for the distance and over six seconds faster than the former Drake record. Ames won this race by a 10-yard margin. Notre Dame and Illinois fought it out for the last 50 yards for second place, the "Sucker" winning by a few inches at the tape when Capt. Meehan's sprint barely failed. Meehan was running 29 yards behind the leader at the first quarter and then began to pick up. Passing the Chicago favorites he went after the Illinois star and only failed by a hair in the last stride. His half was better than 1:55 and later he came back and turned a quarter in less than 45, a real day's work for the best middle-distance man in the game. Kasper, Burke and Sweeney all ran true to form and will be factors in the Penn race.

Notre Dame's comeback in the mile relay event was one of the features of the meet. Capt. Meehan and Kasper both took part with hour and Meredith in their relay race in a new record mark of 3:21.2. Notre Dame was third with 3:23 to their credit. Michigan's much touted quartet failed to show real quality, and although they won their heat did not register time to qualify for a place in the event. Such universities as Minnesota, Missouri and Nebraska were forced to trail their colors behind the Notre Dame spacers. Coach Rockne's charges ran two great races last Saturday afternoon and as a result the two-mile team will journey country's relay classics. Also they have drawn an unfavorable position at the start. Rockne expected his men to place. Last Saturday's time of 7:55 is not likely to be duplicated for several years and Notre Dame's time of 7:55 is known to be a likely mark for the Penn two-mile time, therefore, the university fans are quite confident of placing honors for Notre Dame.

May Change Dates. The Varsity baseball outfit is due to meet Kalamazoo on Carter field, Thursday afternoon, but in view of the senior week-end program, Coach Dorais has consented to try to re-schedule the game for Friday afternoon in order to aid the seniors in their entertainment program for the week end. Indiana was formerly scheduled for Friday but a postponement was necessitated. On May 8 the Varsity-Freshman handicap track and field meet will inaugurate the outdoor season at Notre Dame. The Varsity regulars and yearlings will clash in a complete program of events. The invitational interscholastic meet will probably be staged on Carter field at the same time. Eikhart and South Bend high schools have signified their intentions of competing with the Notre Dame "preps" and several other high school entries are expected soon.

BOXING BILL IN NEW YORK WINS FAVOR OF FANS

Walker Measure Provides License for All Men Connected With Bouts.

BY HENRY E. FARRELL (United Press Staff Correspondent.)

NEW YORK, April 27.—New York is going to give boxing the chance of its life and the whole country will be watching the experiment. Actuated by the wave of popular favor that has brought boxing to Kentucky, caused an increase in the number of rounds from six to eight in Philadelphia and from eight to 12 in New Jersey, the senate of New York have lent an ear to the clamor and approved of 15 rounds to a decision. Experts agree that the Walker boxing bill, crowded with safeguards, is one of the best boxing laws ever passed.

Good Luck. The whole punch of the bill is in the clause creating a commission to license clubs, boxers, referees, physicians, judges, managers, trainers, seconds and timekeepers. The license commission consisting of three members who serve without compensation, acts independently of the state athletic commission of three members at \$5,000 a year.

Upon the insistence of the International Sporting club that no decision fighting was the real cancer of the sport and that a law without decision would invite abuse, the legislature approved 15 rounds to a decision to be given by two judges or the referee if the judges disagreed. Clubs in cities of the first class must pay a fee of \$750; in second class cities, \$500; elsewhere, \$350; physicians, referees, judges and managers, \$25. Timekeepers boxers, trainers and seconds, \$5. Five percent of the receipts goes to the state as tax.
