HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

## Cleveland Wins

## Dugger To Play Jasonville Friday

Dugger's Bulldogs will play the Jasonville Yellow Jackets at the Dugger Field on Friday night at 7:30 o'clock instead of on Saturday night as had been scheduled.

The Bulldogs will be out to chalk up their fifth straight victory of the season, while the Jackets are looking for their second.

Dugger will be favored to whip the invaders from Greene County, and add that to their wins over Bloomington University, Princeton, Palestine, Ill., and Huntingburg. The only mutual opponent this season is Brazil, which beat the Jackets much

worse than they beat Dugger. Jasonville has beaten only the Gibault School from Terre Haute.
