STOVE dealers report a first class trade.

THE remains of the late Dr. Waltz were taken to Greencastle for burial.

FOURTEENTH street is to be graded and graveled from Main to Chestnut.

THEague excitement has subsided and quinine, as a matutinal tonic, is losing its popularity.

THE star of empire seems to have "about faded." At least, the "movers & shakers" all seem to be going east now.

As a paying financial investment the Fourth street market house is a glorious failure. The inside stalls cannot be rented at any price.

THE St. Louis Browns will play a match game of base ball with the Chicago White Stockings, in this city on or about the 14th inst.

THE city council, at the last meeting, by a vote of 8 to 2, appropriated \$50 for the relief of the yellow fever sufferers at Brunswick, Georgia.

CORY's hardware store was entered through the broken sash in the back door, by burglars, Sunday night, and nine revolvers and a quantity of fine cutlery taken.

JACOB RYMAN, a well known and highly respected citizen of this county, died, at his residence in Honey Creek township, on Saturday, the 1st inst., in the fifty-fourth year of his age.

A SMALL fire Tuesday evening in the rear part of Dan Miller's wagon yard did a couple of hundred dollars worth of damage, but was promptly suppressed by the fire department, to the great relief of insurance men and property owners living in that vicinity.

ANOTHER prominent and esteemed citizen has gone the way of all the earth, Dr. Waltz, of Otter Creek township, departed this life, Monday morning the 2d inst., at the age of thirty seven years. A host of true friends in this vicinity mourn his untimely taking off.

THERE is one thing to-day that must be evident to the meanest comprehension. There are fewer drunken men in sight than there were at this time last Saturday; and this fact of itself ought to be a satisfaction to Republicans if there was nothing else to feel good over—which there is.

ROB. MCNAWIE disappointed a good audience at the Opera House Saturday night. For some reason or other a belief has existed here that he can play Rip Van Winkle almost as well as Jefferson or Rankin. That impression has been effectually and forever eradicated. As Rip Van Winkle, Robert is a shattered idol. In making up his routes hereafter he would as well leave Terre Haute out.

ON next Friday evening, the 13th, we are to be treated to a dramatic entertainment worthy of the name. Shakespeare's grand historical tragedy of Julius Caesar will be presented at the Opera House by a company fully competent to play it. Such an opportunity for the enjoyment of the highest style of dramatic art is not often offered in a town of this size—and indeed but seldom in the larger cities—and not many citizens can afford to miss it. The appearance of two such eminent artists as Lawrence Barrett and Edwin L. Davenport in the same play, and that play one of Shakespeare's best, might well be considered a notable event in the amusement history of any town or city in this country.

COMING EVENTS.

Election—next Tuesday.
Re-union of the Eleventh Indiana at Crawfordville, Thursday, the 19th inst.

GOT your fall sot yet? We got ours—about a peck of it—in removing a flue-stopper Monday morning preparatory to setting up the office stove. We got it full in the breast, as a matter of course.

THE firm of J. B. Ludowici & Co. has been dissolved, J. Ludowici and J. Kahl retiring. The business will be continued by John B. Ludowici at the old stand, corner of Sixth and Main streets.

THE Gazette has a sawlog editor. So has The Daily Mail. Between the two it is just about the next thing to an impossibility for a saw log to get into town now without everybody in Vigo county knowing it.

Look out for counterfeit \$10 bills of the Lafayette National Bank of Lafayette, Ind., which are so well executed that only an expert would be likely to detect them. Their date is Dec. 21, 1874, the bank number is 1,496 and the United States Treasury number is 165,167.

SIXTH street is to be graded and graveled from Moffatt to Hulman. As it is claimed that the street has never been legally opened south of Gulick street, there may be some difficulty about making collections for work done south of that street. Contractors would do well to look into the matter before making their bids.

THE vacany on the Democratic ticket occasioned by the death of Mr. Louis Seeburger, candidate for Representative in the State Legislature, was filled on Saturday night by the selection of Judge Carleton. In this matter it should be cheerfully granted that the Committee did themselves credit, Judge Carleton is an able man.

MR. JACOB WHITE, with some friends, drove across the river Monday to practice shooting with a rifle. They stopped near the Vandals bridge and began the sport without taking the precaution to secure the horse, who, frightened at the first discharge of a gun, ran in the direction of the river, plunged in and was drowned before anything could be done to prevent the catastrophe. The wagon was fished out Tuesday morning. The horse was worth \$200.

THE Democratic demonstration a week ago was we are free to confess a pretty big thing. Nor far from two thousand men marched in the procession with torches. Whether the Republicans will be able to beat it to-night is a thing we do not by any means feel certain of. The Democrats claim that it was the biggest procession that ever took place in the city. If the Republicans can and do beat it, then good bye Blue Jeans. It will show quite conclusively how this county is going, at least.

AN incident of Miss Edith O'Gorman's lecture at the Presbyterian church Monday night is thus described by the Express:

"During her description of the confessional, the tall gaunt figure of an Irish lady arose and said, hurriedly and excitedly, 'you lie, and you know you do! You lie.' Painful silence reigned a moment, and then Miss O'Gorman went on. She got a large collection there too."

The gaunt Irish lady's manner of stating it may be open to criticism, but we are inclined to the belief that the sentiment was in the main correct. Miss Edith O'Gorman is, in our opinion, a fraud.

MARRIAGE LICENSES.—The following marriage licenses have been issued by the County Clerk since our last report: Lewis Mayhall and Margaret A. Miller, Spence W. Suppen and Surrella F. Faught.

Charles T. Goodman and Ella Williams.

Edward H. Creal to Mary E. Graham, Sawford H. Sampson to Elizabeth A. Hamlin.

Quincey A. Hunt and Ella Caton, George W. Taylor and Serena Stark, Marcellus Goodman and Lillie Brown, John Canady and Mary Ralston, George S. Zimmerman and Salome Nagle.

Winfield S. Burgen and Ella Persons.

We call the attention of our merchant

to the following on the "cash versus credit" question:

A grocer in the town of Santa Clara, Cal., has adopted an original method of business. Each side of the store is fitted up for business on its own account and in the general arrangement each is a duplicate of the other, the difference being that one side is cash while the other is credit. When a customer comes in the first question asked is: "Do you wish to buy for cash or on account?" If it is a cash customer the goods and prices on the cash side are shown but if it is one who wants credit he is shown the other side and made to realize the value of ready money.

ON Wednesday afternoon three boys, George Julian, Daniel Ohlenschlager and Frank Brown, were on the west side of the river playing with an old pistol which one of them had just purchased for forty cent at a second-hand store. Walker was holding up a tin can on the end of a pole for the other boys to shoot at. Julian had made one shot at the can and Ohlenschlager had loaded the pistol to shoot, when something got wrong with the pistol. Julian took it to find out what was the matter and in examining it, it went off accidentally and shot young Walker in the face, the ball striking him in the right eye and producing his death in less than an hour.

The unfortunate boy was a son of Robert Walker, a painter by trade, but present working for the gas company, laying mains. He was a little less than twelve years of age. The parents were almost crazed with grief when the sad news was broken to them.

THE GRAND OPENING

OF FALL MILLINERY AND LADIES FURNISHING GOODS AT T. H. RIDDLE'S CELEBRATED TRIMMING STORE.

The great event in business circles this week has been the grand opening of millinery and fancy goods at T. H. Riddle's famous "Trimming Store."

Twice a year Mr. Riddle opens his store for the exhibition of fine goods in his line, and the fashions and styles in ladies furnishing goods, for all this region, are regulated by the display thus made. These "openings" are visited by not only by all the ladies within reach of Terre Haute, but by all the other city dealers, and dealers in all the towns surrounding this. Everything for the coming season takes its run on the authority of Mr. Riddle and the "Trimming Store."

The opening for this Fall began on Thursday morning and will continue until 9 o'clock this evening. Thousands of people have been in attendance, and it is safe to say that the exhibition has never been more satisfactory. Mr. Riddle returned from New York last Saturday, where, for several weeks his entire time has been devoted to the selection of the most beautiful things to be found in that market, in the line of ladies goods. The result appears on his tables counters, shelves and show cases to-day.

A representative of the mail called there this morning, and after making his way through the excited crowds of handsomely dressed ladies that throng the store, back past the bewildering array of jewelry, silverware and fancy notions, and into the part of the store devoted to the display of fashionable millinery and ladies furnishing goods, found himself really so bewildered by the gorgeous display of beautiful things that he utterly lost confidence in his powers of description and frankly confessed his inability to do the subject justice. The principal attraction to the ladies present seemed to be the magnificent display of trimmed hats, many of these are imported and certainly are the finest that we have ever had the pleasure of examining. Several of these cost over forty dollars in France. The large variety of beautiful flowers caught the eye of the writer next. He never imagined anything so lovely in that line could be produced by art. Around the sides of the room hundreds of yards of the richest silks, velvets and sashes, in all shades—cardinal, navy blue, olive, corn and all the rest—hang in graceful festoons. These silks, serges, diagonals and rich velvets—of course we do not remember the names—are all for use as trimmings. They are superb in appearance and we heard frequent remarks from the ladies present proving that they were much finer than had ever been seen in Terre Haute before. In feathers, certainly nothing could be finer. One case we were told contained almost one thousand dollars worth. An elegant bridal veil and outfit attracted much attention and was elegant enough for any occasion of the sort for which it is intended.

It would be impossible in a hurried note like this to mention the many elegant things in laces, ruching, ribbons, hose, and untrimmed hats, as well as a number of other articles all beautiful and rich, which are to be seen on this floor.

We were hurried up stairs where were displayed the
