On and after Monday, September 18th, they will make Cabinet Photographs for \$2.00, \$2.50 and \$3.00 per dozen, according to the grade of work called for. They will also make a superior grade of cabinet work for \$4.00 per dozen (which cannot be excelled anywhere in the State) with which you WILL GET ABSOLUTELY FREE a Fine, Life Sized Portrait of their own make, which will be far superior to any SO-CALLED CRAYON WORK made outside of the city.

As we do not expect to keep this offer standing more than thirty days, we would advise all wanting anything in our line to call early. We have had years of experience in the portrait business, and can guarantee all our work.

"Powhatan and Pocahontas" will be a splendid production. The opera is a beautiful picture from rise of curtain to close. The dances at the marriage of Pocahontas are brilliant and graceful. Little Anna Schluer and Rose Braman are the solo dancers and are charming. The 30 little papposes are going to make a success and the 26 little Indian boys are just full of mischief enough to keep Mr. Baker the director, in hot water.

Electric lighting for residence purposes is going to be exceedingly popular in this city, and A. R. Markle, the Ohio street electrician, is doing the lion's share of the work. This week he finished the work on J. M. Bigwood's new residence, and is engaged on that of Morgan Layman, on "Drummer's Row," on north Tenth street. His extended experience and uniform success makes him a reliable man to patronize when in need of anything in this line. His office is at 430 Ohio street, and he is always glad to furnish estimates on any kind of electrical work.

Imitation is always a token of appreciation. When one man imitates another, he indicates his estimate of the other's value. "Garland" Stoves and Ranges are often imitated, but never equalled.
