A freight engine on the L. E. & W. ran off the track Monday afternoon while backing up on the side track at the flouring mill to get some cars. The cause of the accident was the rails spreading apart where the track curves. No damage was done and the engine was put back on the track in about an hour by Foreman Nichols and his section men.

One of our school teachers started his pupils the other day when he wrote an example on the board like this: "If twelve men eat eight cords of wood—?" A buzz of silent merriment, sandwiched with a few giggles caused the professor to see the error which was soon changed. A few moments afterward the scholars were dismissed for the noon hour.—Albion Democrat.

DR. KILMER'S SWAMP-ROOT CURED ME. GRAVEL! GRAVEL! GRAVEL! LARGE AS A GOOSE EGG.

Dr. Kilmer & Co., Binghamton, N. Y. Gentlemen:—I was under the care of different physicians for nearly two years; tried every doctor in our town continued to suffer and decline until I was a physical wreck.

The most learned physicians made examinations and pronounced my case one of Gravel or Stone in the Bladder, and said that I would never be any better until I was removed by a surgical operation. Oh! I thought what next? Every one felt sad; I myself, gave up, as an operation seemed to us all certain death. I shall never forget how timely the good news of your SWAMP-ROOT reached me. I send you by this same mail a sample of the stone or gravel that was dissolved and expelled by the use of your SWAMP-ROOT. It must have been as large as a good sized goose egg. I am feeling as well to-day as I ever did. I kept right on using SWAMP-ROOT, and it saved my life. If any one doubts my statement I will furnish proof. LABORER BOWENSMITH, Dec. 20th, 1892. Marysville, Ohio.

Dropsical Swelling, Cold as Ice.

"Swamp-Root" saved my life after I had suffered everything but death. I send you my photograph and this description of my case and you can use it if you wish.

My hands were as cold as ice; fire would not warm them. Dropsical swellings of the lower limbs; I could not button my shoes. Exertion completely exhausted me; death seemed so very near. The swellings have gone and all my troubles have disappeared. My health is better now than it has been for years. "SWAMP-ROOT" made the cure. Tell doubting ones to write me I will tell them all about it. Mrs. R. J. CUTSINGER, Jan. 15, 1893. Marietta, Shelby Co., Ind.

Squire George has moved his office into an upstairs room of the Hudemyer block. The room vacated by him in the Rensberger block over T. J. Wolfe's clothing store will be used as an office by Mr. Wolfe, who has had an inside stairway built leading from the store to the room.

Dave Shelton, who has been in the employ of the Standard Oil Co. at Whiting during the past winter, has returned home. Work has fallen off there and the force of workmen has been greatly reduced. He expects to get a situation in the rolling mills at South Chicago.

The school house at Knox burned one night last week. The fire, it is said, caught from the flue in the south end of the building. The insurance on building and contents was \$1,000. This amount will serve as a start towards building the new school house they have been talking of there for the past two or three years.

The man who can find nothing to do is not only badly educated but is lacking in ordinary intelligence, says an exchange. To the person who possesses common gumption and industry there comes more opportunities than he can take care of to accept employment which is both remunerative and honorable. It is the person who desires to begin at the top who is always found at the bottom, and it is the one who wants two or three dollars a day for unskilled services who is out of employment all of the time. Business is not conducted upon the principles on which charity is distributed, but a person will always be required to earn all that he receives.

HALF-MAN! HALF-HORSE! "Homo Eques," the now world famous half-man, half horse, will be seen at the Chicago Clark Street Dime Museum, for the week commencing April 9th. Ample proof is furnished in the comments of the press and the enormous crowds everywhere attracted that he is far and away the most prodigious phenomenon of combined species known since the birth of animal life. The Chicago Daily News says, editorially, "that the fabled centuries might readily mistake him for a long-lost brother," and the other papers class him as a most extraordinary creature, in whose the human and equine are so strangely and equally combined, and while he talks, sings, reads and writes like the ordinary man, he is compelled to travel on all fours, and moves, trots and gallops precisely like the horse.

A huge attraction at Kohl & Middleton's State Street Globe Museum, for the week of April 9th, will be the "Married Mastodons," tremendously titanic couple, representing half a ton of wedded bliss.

Strictly High Grade.

There is a class of dealers and riders who imagine that because the WAVERLY is sold at

machines of equal grade that it is not what we claim it to be, i. e., strictly high grade. It is for the benefit of these very people that we write this ad, as we wish to firmly impress upon their minds the fact that, although the WAVERLY is much lower in price than any other High Grade Bicycles, yet it is fully equal in grade and in every detail of construction to any other machine built, regardless of price.

A VETERAN'S VERDICT.

The War is Over. A Well-known Soldier, Correspondent and Journalist Makes a Disclosure.

Indiana contributed her thousands of brave soldiers to the war, and no state bears a better record in that respect than it does. In literature it is rapidly acquiring an enviable place. In war and literature Solomon Yewell, well known as a writer as "Sol," has won an honorable position. During the late war he was a member of Co. M, 2d N. Y. Cavalry and of the 13th Indiana Infantry Volunteers. Regarding an important circumstance he writes as follows: "Several of us old veterans here are using Dr. Miles' Restorative Nervine, Heart Cure and Nerve and Liver Pills, all of them giving splendid satisfaction. In fact, we have never used remedies that compare with them. Of the Pills we must say they are the best combination of the qualities required in a preparation of their nature we have ever known. We have none but words of praise for them. They are the outgrowth of a new principle in medicine and tone up the system wonderfully. We say to all, try these remedies."—Solomon Yewell, Marion, Ind., Dec. 5, 1892. These remedies are sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles \$5, express prepaid. They positively contain neither opiates nor dangerous drugs.
