

Madison and Indianapolis Rail Road.
THE public are informed that the State commencing running the Cars on the above road, on the first instant. As our citizens generally doubtless feel a deep interest in the prosperity of the State, it is hoped they will patronize the road as far as possible. Travelers and merchants who wish a safe, cheap, and expeditious mode of conveyance for themselves and their merchandise, are solicited to patronize the cars as far as circumstances will permit. They are assured that every exertion will be made to accommodate and render their situation, while on the Cars, comfortable and pleasant. All possible care will be taken of the safety of freight, and every department will be held strictly accountable for losses or damages through carelessness or inattention.
The Cars will, in future, leave the northern end of the road at half-past one o'clock, so that passengers can arrive in Madison in time to take passage on either of the mail boats.
Prices for freight and passage as heretofore,
Madison, July 2-6w JOHN LODGE, S. T.

Indefinite Postponement of public land sales at Chicago.
And also, (with the exception of township 24 N. range 9 E.) at Dixon (Illinois) heretofore advertised to be held in August, 1841.

By the President of the United States.
THE public sale of lands directed by the Executive proclamation, issued on the 18th February, 1841, to be held at the land office at Chicago, in the State of Illinois, commencing on Monday the ninth day of August next, is, in consequence of urgent representations from the settlers of the injury which will result to them by insisting on the sale at the time aforesaid, hereby declared to be postponed without delay.
Notice is also given of the indefinite postponement, for the same cause as the foregoing, of the entire sale directed by the proclamation aforesaid to be held at the land office at Dixon, in the same state, commencing on Monday, the sixteenth day of August next, with the exception of township twenty-four north, of range nine east, the sale of which township will be held, commencing on the day heretofore ordered as aforesaid.
The sale at the land office at Quincy, in the same state, of fractional townships two and three north, bordering on the Illinois river, of range three east, will take place as ordered in the proclamation aforesaid, commencing on Monday, the sixteenth day of August next.

Given under my hand, at the City of Washington, this twenty-ninth day of June, anno Domini, 1841.
JOHN TYLER, By the President.
JAMES WHITECOMB, Com. of the Gen. Land Office. July 10-6t

BY THE PRESIDENT OF THE UNITED STATES.
IN pursuance of law, I, JOHN TYLER, President of the United States of America, do hereby declare and make known, that a public sale will be held at the Land Office at GENEESE, in the State of Michigan, for the disposal of certain tracts of land heretofore designated, which were ceded to the United States by the Sagawaw tribe of the Chipawa nation, by the treaty concluded with those Indians, on the 14th January, 1837, commencing on Monday, the thirteenth day of September next, to wit:

North of the base line and east of the meridian.
One tract of forty thousand acres, on the west side of Sagawaw river, lying within the limits of township fourteen of range three.
Townships thirteen, fourteen and fifteen, of range four, and townships thirteen, fourteen and fifteen, of range five, except the fractional sections ten, fifteen and sixteen, in township four teen, of range four, the surveys of which are incomplete, and that portion of section three in township fourteen of range five, reserved for the use of a light-house.
One tract of six thousand acres, on the north side of the Kawkawling river, bordering on Sagawaw bay, situated in townships fourteen and fifteen, of range four, and townships fourteen and fifteen of range five.
One tract of two thousand acres, on the east side of Sagawaw river, where Nabobash formerly lived, situated in township fourteen, of range five.
One tract of one thousand acres, on the east side of Sagawaw river, in township thirteen of range five.
One tract of five thousand seven hundred and sixty acres, on both sides of Flint river, known as Reaume's village, situated in townships nine and ten, of range five.
One tract of eight thousand acres, at the village of Ottoson.
One tract of one thousand acres, at Menoquet's village, and one tract of six hundred and forty acres at the Great Bend, all situated on the north side of Cass river, (designated on the official plat of survey as Flint river,) in township eleven of ranges six and seven.
One tract of ten thousand acres, at the big Lick or Rock, situated on both sides of the Shiawassee river, in township nine of range three.
One tract of six thousand acres at the Little Forks, on the south side of the Tetahwasink river, in townships thirteen and fourteen, of range two.
One tract of six thousand acres, at the Black Bird's town, on the south side of Tetahwasink river, in township thirteen, of range two, and townships twelve and thirteen, of range three.
The lands here described are to be sold for the exclusive benefit of the aforesaid tribe of Indians, under the provisions of a treaty concluded with them on the 23d January, 1838, ratified by the Senate on the 2d July, following: The first article of which fixes the minimum price at five dollars per acre, under which sum no bid will be received, and which lands are not subject to entry under any preemption law of Congress.

The sale will be kept open for two weeks, (unless the lands are sooner disposed of,) and no longer; and no private entries of land in the townships so offered will be admitted until after the expiration of the two weeks.
Given under my hand at the City of Washington, this ninth day of June, anno Domini 1841.
By the President: JOHN TYLER
JAMES WHITECOMB, Commissioner of the General Land Office.

Doctor Joseph Hamilton's Anti-Fever Pills, or every family their own Physician.
A certain cure for all kinds of Fevers.
THE unrivaled success of these Pills in every region where they have been used, has induced me to give them a general circulation, in every portion of country, where the diseases for which they are recommended prevail; and as the valleys of the Mississippi, Missouri, Illinois, Wabash rivers, and all their tributary streams are visited every season with some of the forms of fever, I have taken great trouble through the medium of agents, to place them in almost every neighborhood, so that they may be within the reach of every family. Four fifths of the human family who die in the western and southern countries, between the months of June and November, fall victims to fever in some of its various forms; and it is wonderful beyond comprehension that so little has been done by medical men to prevent the ravages of fevers, which may be truly called the greatest of all terrors to the western and southern people. These Pills are very unpopular among physicians, because they cut them out of their practice. Families who keep and use them according to the directions but seldom have to call on Doctors for medical aid. These pills possess one quality above all others, which has rendered them so justly valuable to people. It is this. They cleanse the blood and render it as pure as a fountain of spring water, and those who live in regions where bilious fever, chills and fever, ague and fever, &c. prevail, by taking two of the pills a week during the summer and fall, will rarely, if ever, be attacked with either of those diseases. These pills are so mild in their effects in the system, that patients find them selves well after their use, without knowing how the cure has been brought about. Indeed they act like angel on the human body, producing a cure in a few hours without the patient knowing how or wherefore he has been restored to health. They neither sicken the stomach nor produce any action on the bowels. Patients can drink cold water and eat anything that a sick person should take as nourishment, while taking them. Females can take them in any situation, without the least fear of injury. In deed, females in a delicate situation should take two or three a week during the sickly part of the season; for they are almost a certain preservative of health to such persons.

These pills may be found in all the towns and villages, at mills, and in almost every neighborhood in the valleys of the Mississippi, Missouri, Illinois and Wabash rivers. Each box is enveloped with a paper containing the symptoms of the diseases, and the directions for taking the pills.
My name and residence is attached to the directions.
JOSEPH HAMILTON, Liberty county, Ga.
For sale by TOLMISON BROTHERS. July 15-4mo

MANION HOUSE.
Main street, near the Canal, Cincinnati.
R. F. LEVERING, formerly of the Cincinnati Hotel, respectfully informs his old friends and the traveling community, that he has leased for a term of years, that well known and pleasantly situated hotel, established and conducted for a number of years by Wm. H. Henrie.
This extensive establishment is now in complete order and open for the reception of visitors, having undergone thorough repairs and improvements, the proprietor feels confident of being able to give universal satisfaction. He can promise at least that no pains or expense shall be wanting to promote the comfort and convenience of his guests, and make them feel perfectly at home. Situated as his house is, at the Main street canal landing it presents a desirable stopping place for travelers who may arrive or depart by canal boats or stages.
Pork merchants and country dealers would also find this a convenient location for the transaction of business during their stay in the city. No house in the west possesses more comfortable or agreeable lodging rooms, which are kept in the most neat and cleanly manner. Honest and careful waiters will be ever found in readiness to give their attention. The table will at all times be furnished with the choicest provisions our abundant market affords, and the bar with the best selection of liquors.
In the reading room may be found newspapers of the latest dates from the various and most important sections of the Union. The stables attached are extensive, well provided, and under the supervision of a superior manager.
N. B. Horses and carriages at all times in readiness.
July 15-2mo ch adv. \$5

MORRISON'S INFANT CARMINATIVE.
FOR the relief of Children afflicted with wind, colic, gripes, fluxes, and other similar disorders of the stomach and bowels, warranted genuine; for sale by June 25 TOLMISON BROTHERS, Sign of the Golden Mortar.

NOTICE
TO COUNTY CLERKS, RECORDERS, MERCHANTS, And all others whom it may concern.
THE subscriber has just received a large and good assortment of paper suitable for Records, Ledgers, Day Books, Banners, &c. and he is ready to fill all orders directed to him, with promptness and despatch, at the lowest market prices. SALT.
3000 Barrels fine and refined Kenhawa. On hand and for sale low, at my salt shed, near the corner of West and Ohio streets. Madison, June 25 C. WOODBURN.

THE SCHOLAR'S COMPANION, or guide to the Orthography, Pronunciation and Derivation of the English Language, by R. W. Green. A. M. Received at July 2 DAVIS' Bookstore.

C. & J. COX have constantly on hand a general assortment of COPPER and TINWARE, which they will sell wholesale or retail at reduced prices.
They have received and will keep constantly on hand Franklin and seven plate STOVES of various patterns and sizes; also, the PREMIUM COOKING STOVE, three sizes. This cooking stove they would respectfully recommend to the public, as one well worthy of attention, as it combines more advantage, than any other in use, and must eventually supersede all others. Numerous certificates could be given, but they are unnecessary as the stove speaks for itself. Skop 2 doors east of post office, May 1st 1841.-3m

MEDICAL NOTICE.
DRS. SANDERS & PARRY have associated themselves together in the practice of Medicine, in all its branches. Their office is on Washington street, in the room formerly occupied by Patterson's dry good store, and two doors east of John H. Wright's, where either or both may generally be found, unless professionally absent. From Dr. Sanders' age and experience, he would prefer devoting his attention principally to obstetrical practice, and the diseases of women and children. May 1st 1841.-3m

FOUND.
United States Patent, No. 10,909, for the following described land, to-wit: East half of the north east quarter of section 5, in township eight north, of range four west, in the District of lands subject to sale at Vincennes, Ind. The owner can have said Patent by calling at this office and paying for this notice. July 2-3w

A sure remedy for Diarrhoea and Cholera Infantum.
THE CARMINATIVE BALSA, prepared by Dr. David Jayne, of Philadelphia, is, without doubt, the most certain, safe, and efficient remedy ever yet discovered for Dysentery, Diarrhoea, Cholera Morbus and Cholera Infantum or Summer complaint of children, and indeed the only article worthy of the least confidence for curing this last named disease; besides, it is so cheap, that it is within the reach of every family, and if mothers could possibly appreciate its virtues, there would be few families without it.
The following is an extract from a letter received by Dr. Jayne from M. L. Lunn, M. D. of Baltimore, which, coming from so high a source, is in itself a sufficient evidence of the astonishing efficacy of this medicine in curing disorders of the stomach and bowels.
"You ask me what proofs I meet with of the efficacy of your medicine. I can safely say that I never prescribed a medicine or bowel complaint that has given me so much satisfaction, and my patients so speedily and perfect relief as this. Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for and used. In the Summer complaint of children, it has frequently appeared to me as the little victims as it were, from the grave. It has saved the life of my child, and of such and such a child. I have frequently heard said, 'In dysentery affections of adults, I have time and again seen it act like a charm, and give permanent relief in a few hours, I may say in a few minutes. In fine, it is a valuable medicine, and no family should be without it.' Respectfully,
M. L. KNAPP, M. D.

It is to be hoped therefore, that persons will not allow their prejudice to overcome their better judgment, as is not un frequently the case with regard to quack medicines, as they are very generously and indiscriminately termed; but, whenever either of the above named diseases occur either to an adult or the tender infant, do not ask—'What shall I do?' shall I give it this or the other? do not fold your arms in listless and unavailing sorrow and cry—'my child,' or 'my friend is past recovery,' but try at once and procure the CARMINATIVE BALSA.—'Tis this which has afforded relief after all others have failed.—'Tis this which has repeatedly saved,' as it were, suffering humanity from the verge of eternity, when the last ray of hope had ceased to be indulged, either by their friends or physicians.
Be careful to obtain that which is fresh as it is a medicine which becomes somewhat impaired by age.
JAYNE & PANCOAST being agents for the article, are constantly receiving fresh supplies from the East. The citizens of St. Louis and the public generally, therefore, would do well to call upon them in preference to purchasing elsewhere, where they would be liable to get that which has been made several years and which, of course, would not be so effectual in its operations.
JAYNE & PANCOAST, Agents, No. 133 Main st. St. Louis.
Sold wholesale and retail at the sign of the Golden Mortar, directly opposite the Washington Hall.

TOLMISON BROTHERS, Who are Agents for Indianapolis

DOES NOT REASON and Common Sense teach us that expectoration is the most natural as well as the most effectual agent in arresting and curing Pulmonary Diseases? The answer must be yes, because obstruction is either immediate or remotely the cause of Inflammation and Catarrhal Fevers, producing Croup, Consumption and Abscesses of the Lungs, pain and soreness of the Throat, Breast, Sides, or Shoulders—Bronchitis, exciting mucous and purulent secretions, thereby clogging up the lungs, so as to more or less impede both respiration and the free circulation of the blood, causing difficulty of breathing and ASTHMA, Pleurisy, Hoarseness and Loss of Voice Dropsy of the Heart and Chest, Rupture of Blood vessels and bleeding from the throat and lungs, and spitting of blood.
To remove this obstruction, from which all these alarming and dangerous diseases originate, and to produce a radical cure, nothing has ever been found equal to Jayne's Expecto-rant.
It stands unrivalled—it stands pre-eminent—try it, and you will be forced to acknowledge that its virtues have not, nor can be overrated; that it stands far above and beyond the reach of competition; that it is the only reasonable, the only natural, and the only truly successful method of arresting and curing diseases of the Pulmonary Organs.

JAYNE & PANCOAST, Agents, 133 Main street St. Louis, Sold wholesale and retail at the sign of the Golden Mortar directly opposite the Washington Hall. TOLMISON BROTHERS, Agents, Indianapolis

Read and be Convinced.
JAYNE'S HAIR TONIC.—Having ourselves witnessed the beneficial effects of this article on the persons of several of our invalids, we hesitate not to recommend it to all those who have unfortunately lost their hair. We refer such to the certificate of Mr. Holmes, which will be found in another column.—Bristol Phoenix.

CERTIFICATE.
BRISTOL, R. I. Feb. 16, 1841.
Mr. Rapely—Sir: Having about four years since, through disease lost the hair from the top of my head, and having used many articles recommended to restore it, without effect, I was induced, from the recommendations I saw in your Phoenix, to try Dr. Jayne's Hair Tonic. I am now happy to say, that after using three bottles, my head is now covered with a fine growth of young and healthy hair. Several of my friends and acquaintances have also used it to their entire satisfaction; I, therefore, cheerfully recommend it to all who are suffering the disagreeable sensation caused by baldness. JAMES A. HOLMES.
The above certificate is from a respectable young man who is an over-seer in the SICK MILK, whose statement can be confidently relied on. JAYNE & PANCOAST, Agents.
Sold wholesale and retail at the sign of the Golden Mortar, directly opposite the Washington Hall. July 8, 1841 if jan 4 '42 TOLMISON BROTHERS, Agents, Indianapolis.
