DR. SWAYNE'S COMPOUND SYRUP OF PRUNUS VIRGINIANA OR WILD CHERRY

For Coughs, Colds, Asthma, Spitting of Blood, Soreness of Throat, Whooping Cough, and all diseases indicative of CONSUMPTION.
 Dr. Swayne's Compound Syrup of Wild Cherry, an invaluable remedy for all diseases indicative of Pulmonary affections, such as recent chronic coughs, hoarseness, whooping cough, wheezing and difficulty of breathing, croup, and spitting of blood. How many sufferers do we daily behold approaching to an untimely grave, wrested in the bloom of youth from their dear relatives and friends, afflicted with that common and destructive ravager, called consumption, which soon wastes the miserable sufferer, until he becomes beyond the power of human skill; if such sufferers would only make trial of Dr. Swayne's invaluable medicine, they would soon find themselves benefited, than by gulping the various ineffective certain remedies of which our newspapers daily abound. This syrup immediately begins to heal the ulcerated lungs, stopping profuse night sweats, mitigating the distressing cough, at the same time inducing a healthy and natural expectoration; also relieving the shortness of breath and pain in the chest, which harass the sufferer on the slightest exercise, and finally the hectic flush in the pale and emaciated cheek, will soon begin to vanish, and the sufferer will here perceive himself snatched from a premature grave, into the enjoyment again of comfortable health. TO TANNERS.

THE tan yard and the improvements at Yorktown, Delaware county may be had a great bargain and on easy terms. The location is one of the very best, having no immediate competition; bark and hides in abundance. The property contains about two acres and forty perches. The improvements are a good two story frame house, two story bark house and currying shop, a bark mill, thirteen vats in good repair, and a quantity of bark on hand; water for the common use of the yard is drawn from a mill race, and the yard has the privilege of grinding bark by water two months in the year. In a word, for convenience and eligibility of location, this yard has no superior in the state. One of the late firm that owned it having deceased, it becomes absolutely necessary to sell it. The property has been appraised at \$1000, much below its value, but will be sold if no higher bid can be obtained, for \$500, one half its appraised value, one half of which will only be required in hand, and for the balance one year will be given. This property is worthy the attention of any one desirous of making a permanent and profitable location in the tanning business. Possession given upon the sale. Apply to O. H. Smith at Indianapolis or to the undersigned at Yorktown.

FELLOW-CITIZENS: With sincerity I would advise you, one and all, both sick and well, always to have a bottle of *Dr. Swayne's Compound Syrup of Wild Cherry* in your house—it is invaluable in cases of emergency, such as Spitting of Blood, Asthma, attacks of violent Coughing, which is often the cause of spitting of blood, violent nervous affections, which occasionally come on from fright, and various other causes, producing great alarm, sudden colds from improper exposure, which are often let run on to an alarming extent, for want of means being ready at hand;—and as I have used *Dr. Swayne's Compound Syrup of Wild Cherry* repeatedly in my family, and always with marked success—I can recommend it with confidence, as being one of the best family medicines which has ever been offered to the public.—*Saturday Chronicle.*
 It is always to be had at No. 19 North Eighth Street, Philadelphia, and the respective agents throughout the United States. For sale by

 Cincinnati, sept 29 3ui

LAW DEPARTMENT--CINCINNATI COLLEGE.

THE course of instruction in this Department, commences on the first of November, and continues 4 months, exclusive of about recess at Christmas. There is an exercise each day; first in the Principles of Law—consisting of recitations, lectures, and examinations; and secondly, in the Practice of Law—embracing the discussion of the various forms of legal instruments and judicial proceedings, together with exercises in the Moot Court.—The whole course is arranged and conducted in a mode suited to beginners, and with a view to include, as far as possible, a general outline of the law in a single session. The terms are \$50 for the session, payable in advance; and no deduction for part of the time. This has no reference to the office tuition, for which students can make their own arrangements. The requisites for the degree of Bachelor of Laws, are, that the candidate shall attend at least one session, and shall pass an examination to be made by a committee of legal gentlemen designated by the Board of Trustees, and instructed to consider the standard of qualification for a degree the same as for admission to the bar. An extra charge of \$5 is made for a Diploma. Students can have access to a good Library, and the Courts are almost constantly in session in the City. The price of board ranges from \$3 to \$6 per week. It is very desirable that all who propose to enter the Law Class should be present at the beginning of the course.

THE COUNTERFEITER'S DEATH BLOW.

THE public will please observe that no Brandreth's Pills are genuine unless the box has three labels upon it, each containing a fac simile signature of my hand writing time—B. Brandreth. These labels are engraved on steel, beautifully designed, and done at an expense of several thousand dollars.

THE BRANDRETH PILLS.

THE remarkable cures which have been effected by Brandreth's Pills have astonished the whole medical faculty, many of whom have conceded that they are the greatest blessing that ever was given to the world.
 The reason these celebrated Pills have such an universally good effect is because their action harmonizes with the human body.

"Purge out the old leaven, that ye may become a new lump," is the language of the Holy Writ, a figure applied spiritually, it is true, but how could it have any application unless confirmed by practical experience in the body of matter? The foundation upon which this figure of scripture rests is as immovable as the laws which govern the tides, or that occasion the thunders of heaven.

"The Condition."

The condition upon which God has given health to man is a constant care to keep his stomach and bowels free from all morbid or unhealthy accumulations. The means to effect this must be those remedies which cleanse the bowels and purify the blood. Good healthful medicine is only a species of food; when the stomach, whose habits we have the means of observing, are sick, they wander through the fields, and make selection of those herbs which open their bowels and purify their fluids, which immediately restores their health.

When a dose of Brandreth's Pills are taken, they are digested and pass to every part of the system; but they leave the body when they have effected the intended purpose, and health and vigor are by them insured.
 Mineral medicines may enter the system; but they are with difficulty got out again; and they always occasion pain and misery while they remain in the body.

Whereas Brandreth's Pills are as innocent as a piece of bread, and are evacuated with the disease for which they are taken. From the time we are born to the time we cease to breathe, our bodies are constantly wasting, and as constantly building up. The action of the atmosphere wears or wastes them. The food we eat, the digestive organs convert into blood, which renews or builds up by its circulating power. Thus the human body is healthy when the blood circulates freely, and when any thing prevents its free course through the veins, disease commences.

Remember! the top—the side—and the bottom.

My own office is on Third street between Main and Walnut, where the GENUINE PILLS can always be obtained.

The following are the only authorized agents for the sale of Brandreth's Pills: C. B. Davis, Indianapolis; Jacob Loucks, Cumberland; F. Truener, Pleasant View; A. W. Stinley, Bridgeport; who have been at all times for sale.
 June 11-6mo.

A sure remedy for Diarrhoea and Cholera Infantum.

THE CRAMINATIVE BALSAM, prepared by Dr. David Jayne, of Philadelphia, is, without doubt, the most certain, safe, and effectual remedy ever discovered for Dysentery, Diarrhoea, Cholera Morbus and Cholera Infantum or Summer Complaint of children, and indeed the only article worthy of the least confidence for curing this last named disease; besides, it is so cheap, that it is within the reach of every family; and if mothers could possibly appreciate its virtues, there would be few families without it.

The following is an extract from a letter received by Dr. Jayne from M. L. Knapp, M. D. of Baltimore, which, coming from so high a source, is in itself a sufficient evidence of the astonishing efficacy of this medicine in curing diseases of the stomach and bowels.

"You ask me what proofs I meet with of the efficacy of your medicine. I can safely say that I never prescribed a medicine for bowel complaints that has given me so much satisfaction, and my patients so speedy and perfect relief as this. Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again and again, which I think a pretty good proof of its efficacy and usefulness. In the summer complaint of children it has frequently appeared to snatch the little victims as it were, from the grave. 'It has saved the life of my child, and of such and such a child,' have frequently heard said. In dysenteric affections of adults, I have time and again seen it act like a charm, and give permanent relief in a few hours, I may say in a few minutes. In fine, it is a valuable medicine, and no family should be without it."

Respectfully,
 M. L. KNAPP, M. D.

It is to be hoped therefore, that persons will not allow their prejudice to overcome their better judgment, as it is not unfrequently the case with regard to quick medicines, as they are very generously and indiscriminately termed; but, whenever either of the above named diseases occur either to an adult or the tenderest infant, do not ask—'What shall I do?' shall I give it this or the other?' do not fold your arms in listless and unavailing sorrow and cry—"my child," or "my friend is past recovery," but fly at once and procure the CRAMINATIVE BALSAM.—'Tis this which has afforded relief after all others have failed.—'Tis this which has repeatedly snatched, as it were, suffering humanity from the verge of eternity, when the last ray of hope had ceased to be indulged, either by their friends or physicians.

Be careful to obtain that which is fresh as it is a medicine which becomes somewhat impaired by age.
JAYNE & PANCOAST being agents for the article, are constantly receiving fresh supplies from the East. The citizens of St. Louis and the public generally, therefore, would do well to call upon them in preference to purchasing elsewhere, where they would be liable to get that which has been made several years and which, of course, would not be so effectual in its operations.

TOMLINSON BROTHERS,
 Who are Agents for Indianapolis

DOES NOT REASON and Common Sense teach us that expectoration is the most natural as well as the most effectual agent in arresting and curing Pulmonary Diseases?

The answer must be yes, because obstruction is either immediately or remotely the cause of Inflammation and Catarrhal Fevers, producing Croup, Consumption and Abscesses of the Lungs, pain and soreness of the Throat, Breast, Sides, or Shoulders—Bronchitis, exciting mucous and purulent secretions, thereby clogging up the lungs, so as to more or less impede both respiration and the free circulation of the blood, causing difficulty of breathing and ASTHMA, Pleurisy, Hoarseness and Loss of Voice Dropsy of the Heart and Chest, Rupture of Blood vessels and bleeding from the throat and lungs, and spitting of blood.

To remove this obstruction, from which all these alarming and dangerous diseases originate, and to produce a radical cure, nothing has ever been found equal to *Jayne's Expectorant*. It stands unrivalled—it stands pre-eminent—try it, and you will be forced to acknowledge that its virtues have not, nor cannot be overrated; that it stands far above and beyond the reach of competition; that it is the only reasonable, the only natural, and the only truly successful method of arresting and curing diseases of the Pulmonary Organs.

Read and be Convinced.

JAYNE'S HAIR TONIC.—Having ourselves witnessed the beneficial effects of this article on the persons of several of our inhabitants, we hesitate not to recommend it to all those who have unfortunately lost their hair. We refer such to the certificate of Mr. Holmes, which will be found in another column.—*Bristol Phenix.*

CERTIFICATE.
 BRISTOL, R. I. Feb. 16, 1841.

Mr. Rapely—Sir: Having about four years since, through disease lost the hair from the top of my head, and having used many articles recommended to restore it, without effect, I was induced, from the recommendations I saw in your Phenix, to try Dr. Jayne's Hair Tonic. I am now happy to say, that after using three bottles, my head is now covered with a fine growth of young and healthy hair. Several of my friends and acquaintances have also used it to their entire satisfaction; I, therefore, cheerfully recommend it to all who are suffering the disagreeable sensation caused by baldness.
 JAMES A. HOLMES.
