Five members of the sophomore class were excused from school to attend the fair because of work in connection with the 4-H exhibits. Those excused were Martha Hirschman, Emerson Bushong, Robert Disher, Wayne Coy, and Richard Baumgartner.

### STEPHENSON STYLE SHOW A HUGE SUCCESS

#### Displayed Latest In Fashions for Modern Women

The Stephenson Dress Shop, of Warsaw, Indiana, produced a style show on Thursday evening of last week.

Each township school of this county had a representative. Most of their representatives were from senior classes.

Graduates of Warsaw started the show by modeling the latest in fall clothing. Then the thirteen senior girls of the county modeled dress and sport frocks. After showing these, they exhibited lovely fur coats, then they remained on the stage to have their pictures taken.

Miss Richhart, who represented our local high school, wore a green, white and brown plaid sport dress and a brown off-the-face hat. Her coat was a furs swagger.

After the county girls were through, ten lovely girls of Warsaw, modeled formals and dinner dresses, then ten senior girls of the Warsaw high school modeled dresses and hats.

The stage was decorated with evergreens and flowers, and made a very picturesque background for the girls to model Stephenson's latest fashions.

#### "World" for Children

New York—The "Children's World" at the New York World's Fair 1939 may prove to be the most popular attraction in the 280-acre Amusement Zone for adults as well as youngsters. Parent will be able to leave children in this miniature world with confidence that they will be under trained supervision and have everything their hearts desire.

## Gloucester Fishing Craft Aground on Rocks

Ripped by jagged rocks where she ran aground off Gloucester, Mass., the 100-foot fishing seiner, Uncle Sam, was pronounced a total loss by coast guardsmen after being abandoned by her captain and crew. Nearly 50,000 pounds of fresh mackerel was dumped into the sea to lighten the boat in an effort to save it.

One month of school has passed and report cards are due this week. At the end of the first month we had an enrollment of fortythree. There were ten days of absence. The class is now just ready to begin the course in history. We did not study history the first month but took health instead.

### Opportunity Room

One of the children brought a copy of the high school paper to school and wanted Mrs. Hess to read the Grade News. Harold Strieby looked up and asked "Who writes the items for that paper?" and we told him how the news from each room was collected every Monday evening. He said, "Well, they never have asked me to give a thing."

So today the children were all asked to hand in an item.

Ray Hoover and all the other boys want to thank Mr. Slabaugh and Mr. Koher for their new tools.

Harold Strieby wants to know if it will be possible for the boys to take showers on Wednesdays as they did last year?

## Class News

### JUNIOR HIGH NEWS

#### Seventh Grade

Delores Saven returned to school on Monday, October 3.

#### Eighth Grade

The class has organized a committee to cheer the sick members of their class.

Doris Davis has been absent from school since the twenty-eighth of September. She is a victim of influenza.

#### JUNIOR NEWS

A certain Junior Miss must be enjoying herself. She has been missing from school for two days.

Well, well, J. Robert certainly seems to enjoy sitting in a Sophomore girl's seat (I wonder who?). What's this I hear about a couple of Juniors? (C. B. and L. D.).

The Junior class had a class meeting Wednesday noon, Oct. 5.

#### SENIOR NEWS

The Senior class seems to be very popular this fall, for they have two more members to boast of: Ila Lamberg of Wilson high school, Washington, D. C., and one of our original members, Virginia McFarren, who has returned from Indianapolis to assume her role as a dignified senior after an absence of more than a month.

Martha Ann Thornburg returned to school Monday morning after an absence of a week because of a case of tonsilitis.

Development of the Senior class play is slow because Miss Hammon has had difficulty in finding time for "tryouts" due to conflicting class periods. Several students have tried out for parts, and the remaining ones will have their chance this week.
