"Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind." This is the first and great commandment. And the second is like unto it, "Thou shalt love thy neighbor as thyself." These are Jesus' own words with respect to our duty to God and to man. Sunday evening, come and hear about, "The Church That Cared."

An appreciative audience witnessed the picture, "The Thunder of the Sea," presented last Wednesday in our church. Many were impressed with the importance of that phase of the work of the church.

Many educators, and promoters of educational institutions, are becoming keenly conscious of the vital need of heart culture along with mental acquisition of facts and figures; for they discern that mere knowledge without moral direction of life's activities generally makes the individual more susceptible to evil influences and tendencies. Be it known that every church, no matter of what name or order maintains open house in helping to attain unto the highest aspiration of childhood, youth, and age. We welcome to our services all who desire to grow in grace and in the knowledge of the truth.

The Good Samaritan class of the Sunday school will meet with Mrs. Muriel Sharp on North Huntington street next Tuesday evening, Oct. 18th. A good attendance is desired.
The Ladies' Aid Society of the church will meet on Wednesday afternoon, Oct. 19th, at the home of Mrs. Clara Colwell on S. Harrison street. The subject for consideration during meditation period is "Stewardship." Mrs. Ruth LeCount is the social leader for this occasion. A good and profitable time is in store for all.

The pastor and Rev. B. H. Cain, of Warsaw, were Sunday dinner guests of the Indian Village congregation in a community get-together feast and fellowship at the country home of Mr. and Mrs. B. M. Kohler.

Harvest Crops on Reclaimed Sea Land

Overseas Phone Calls Are All in the
Day's Work to Girls Who Handle Them

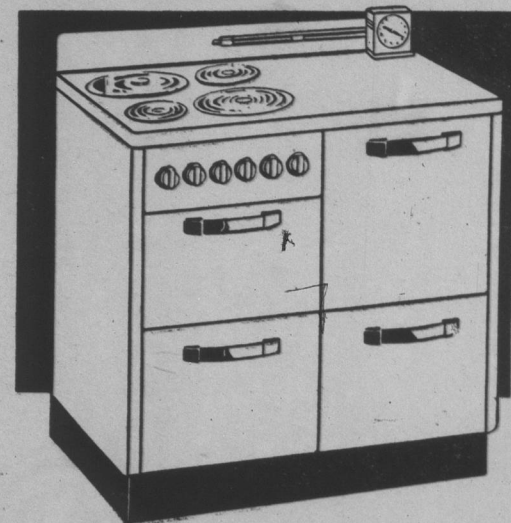

Right: The International switchboard in London, where radiotelephone calls to and from the U. S. are linked to Great Britain's wire lines. Below: A similar switchboard in Buenos Aires.

Above: This switchboard in Honolulu handles radiotelephone calls with the U. S. mainland through the A. T. and T. "Retonga's Benefits
Are Wonderful", Says
Mr. And Mrs. Aichele

MR. and MRS. CHARLES AICHELE

Retonga has contributed to the happiness and comfort of this fine old couple by relieving disorders of years standing. They are Mr. and Mrs. Charles Aichele, Route 6, Indianapolis. For twenty years they lived in Southport and Mr. Aichele is a member of the Southport Masonic Lodge. In telling of his benefits from Retonga, Mr. Aichele said:

"For nine years getting up nights left me exhausted. I had sour indigestion so bad I couldn't eat nourishing food, I would swell with gas and I lost weight. I had dizzy spells and at night the cords and muscles under my knees would jerk and draw up until I would have to get up and rub them. Retonga relieved my suffering in only a few weeks and now I am free of pains and aches, have no more head-aches

or dizziness, my digestion is perfect and I have gained fifteen pounds."

In relating her experience Mrs. Aichele said:

"My whole body felt sore. I had such severe pains between my shoulders it would almost cut off my breath and I could hardly raise my arms. My bowels have been stubborn for years and I had to take strong cathartics and I was nervous, and worn out. I have taken two bottles of Retonga and I am already greatly improved. The pains are all gone, my bowels are regular, I am no longer nervous and I sleep soundly. We will be glad to answer any inquiries about our experiences."

Test Retonga today. It may be obtained at Thornburg Drug Store.—Adv.
