## DO YOUR DUTY AND VOTE

Mark Twain once said "Everyone talks about the weather but no one ever does anything about it." In our country everyone talks about government yet when the only time a citizen can do anything about it comes around on the calendar, namely Election Day, too many people take the same attitude they take about the weather and do nothing about it.

To vote is not only a privilege it is a duty. In America it is your first expression of manhood and womanhood. Do not shirk your duty; do not pass the buck to the other fellow. Swing into action and cast your vote. It takes very little of your time; it costs you nothing and you must cast your vote on Election Day, November 8th, to hold your respect and self satisfaction.

Many of our leading statesmen,  
educators, and businessmen are  
coming to a keener realization of  
the value of spiritual entities as a  
necessity in the relations of men  
and nations. The principles of mor-  
ality—those rules of conduct as be-  
tween individuals—are as funda-  
mentally necessary to the best in-  
terests of the race as is bread and  
meat to the physical. The principle  
of honesty as in dealing one with  
the other belong to the best of life.  
Truthfulness claims a rightful place  
in all of life's activities.

The church of Jesus Christ in the  
world exists for the very purpose of  
promulgating the above principles.  
If you are a member of any church  
you are in a cooperative relation-  
ship with all other church members,  
and should be willing and anxious  
to do your "bit" to attain unto the  
highest degree of achievement for  
God and man.

Worship somewhere, pray always,  
and pay as God prospers you. That  
will help wonderfully.

The philosopher, the scientist, the  
economist, the politician, the teacher,  
the student, and the common  
man are all seeking in their own  
way for what we call the truth.  
Some are finding some of it. Most  
are still not satisfied. God's Word  
tells us, Jn. 8:31-32, "Then said  
Jesus to those Jews which believed  
on Him, if ye continue in my word  
then are ye my disciples indeed;  
and ye shall know the truth and the  
truth shall make you free."

spending, which won't be really ef-  
fective until next summer. They  
believe instead, that the cause was  
a breathing spell which coaxed  
business and money into taking an-  
other chance.

If business and money are fright-  
ened into the storm cellar again,  
then another spending program will  
be inaugurated. The debt will pile  
up, and unemployment jump.

The Dies Congressional commit-  
tee investigating un-American activi-  
ties has formally been denied the  
aid of federal agencies in its ef-  
fort to expose Fascists, Nazis and  
Communists. Both the WPA and  
Justice Department in letters refus-  
ing to assign men to the Dies com-  
mittee said they had granted help  
to the LaFollette "Civil Liberties"  
committee. As one newspaper com-  
munist remarked: Dies commit-  
tee men "have the feeling that Messrs.  
Hopkins (WPA administrator) and  
Arnold (assistant attorney general)  
have weasle-worded themselves out  
of helping a Fascist-Communist in-  
vestigation after helping the LaFollette  
pin a CIO John Lewis button on  
Tom Girdler et al."
