WINDSTORM RAVAGES
COUNTY SATURDAYThousands of Dollars In
Damages Suffered

Considerable damage was done by a windstorm of cyclonic force which swept through this vicinity early Saturday evening. The residents of Lake Wawasee report that they could see the storm coming south along the lake about 6:00 P. M. The storm, amounting to a small tornado, accompanied by a torrent of rain, uprooted trees, blew off barn doors, wrecked fences, and in many cases, endangered the lives of people. Further damage was done when row-boats were torn loose from their docks; in general the gale left the scenes of devastation and wreckage in its wake.

At the home of Mrs. Mary Swenson, an oak tree was blown down, cutting off the telephone service for two days. Around the south end of the lake, highension wires were damaged to the extent that the electricity was cut off for about five hours.

Mr. Sargent of Sargent's Hotel stated that about \$1,000 worth of damage was done on the hotel property. Among other things, the wind tore out some of the partitions on the summer sleeping porch. Other property owners reported similar damage.

W.C.T.U. MEETS

Mrs. Lydia Deardorff was hostess Tuesday afternoon to the W. C. T. U. Mrs. Aurah Druckanilller presented the devotions. After a short business session, Mrs. Deardorff, the director of the Flower Mission and Relief, had charge of the meeting as this was the annual meeting for Flower Flower Mission Day. Mrs. Sadie Hire read "In Memory's Lane," and Mrs. V. Yeager's subject was "Miss Frances Willard's Love of Folks and Flowers." Mrs. Edna Niles gave the review from book study on "Our Movie-Made Children." At the close of the meeting, flowers were carried to the sick and shut-ins, besides, the ladies went to the cemetery and placed flowers on departed members' graves.

COUNTY STUDENTS
RECEIVE DEGREES

Three young people from Kosciusko county were among the nearly 1,100 persons who received degrees at Purdue University at the 165th annual commencement exercises. The class was the largest in the history of the university. More than 900 marched across the platform in the University field house to receive personally their diplomas from President E. C. Ellioa. The class included this group and also 101 who completed their work last August and 65 others who finished in January, some of whom were here today to get their degrees along with those who completed their work only the past week.

Those from Kosciusko county to obtain their degrees were as follows: Paul A. Levernier, Syracuse, science; Florrie C. Caldwell, Silver Lake, home economics; and Pauline Swick, Mentone, home economics.

THE REV. BAILEY'S ATTEND
BUTLER COMMENCEMENT

Rev. and Mrs. Bailey motored to Butler University at Indianapolis early Monday morning to attend the annual commencement of that institution. Their son, Paul, is one of those receiving a degree from the university. They spent Monday and Tuesday as guests of their sons, Paul and Leonard, and their families, returning home Tuesday night.

WEATHER HALTS
GALILEAN VESPER

The Galilean Vesper service for last Sunday was adjourned to the United Brethren church owing to the inclement weather. The attendance was not what it would have been under normal conditions. The guest speaker was a Rev. Dr. Garrett of Denver, Colorado, who this week is attending the Christian convention being held at Oakwood Park. His address was interesting and instructive, dwelling on the conditions in both China and Japan in respect to the present conflict between these two nations. Dr. Garrett was a Missionary in central China for thirty-six years.

It is profitable to our community to have the privilege of hearing men and women of national and world renown as from time to time they appear on our vespers service schedule. Make your plans to appropriate these services to your pleasure and profit.

—The Ministerial Ass'n.
