YES YOU Can . . .

Afford to Advertise!

The smallest business can set apart a certain percentage of its gross receipts to be used exclusively for advertising.

Have you ever seen a successful, and we do mean successful business place that did not advertise in one manner or another? You'll admit that there are very, very few.

We suggest that you try a series of ads in the JOURNAL. You will have the convenience of a paid circulation of nearly 800, along with an added 450 to 500 around Lake Wawasee.

If necessary, start out with a small ad, at first, and increase the space as you become able to do so, but be sure to keep a consistent schedule for your advertising for best results.
