Mrs. Muriel Sharp, general manager, with the assistance of others had matters well arranged. The destination of the party was supposed to be secret, but as "trouble will out," so some found out, or guessed where they were going. After a brief period of reconnoitering, a hungry group partook of a fast delicious and bountiful potluck dinner. The program of the occasion was interesting. DRIVE CAREFULLY PAST
WORKMEN ON HIGHWAYS

An appeal to motorists to drive carefully at points where workmen are engaged in construction and improvement work along the state highway system, was made today by T. A. Dicus, chairman of the State Highway Commission.

Wherever possible, work is being done on and along the state highways without closing the road to traffic and establishing a detour but unless motorists are willing to slow down and drive carefully when passing workmen this policy will be abandoned.
