ONE DOLLAR A YEAR

DUDE RANCHERS

STOP HERE

Visualizing themselves as becoming full fledged cow punchers, fifty boys and girls who hail from New York state, stopped at the Spink-Wawasee Hotel this week, enroute to the Sundown Dude Ranch at Aripine, Arizona, where they will remain throughout the summer. The party is headed by W. F. Kurtz, athletic director of a high school at Fieldston, New York. This is the thirteenth consecutive summer that Mr. Kurtz has accompanied boys and girls of the high school age to this popular ranch.

Upon their arrival, each member of the party will be introduced to typical western life, as they will be kept busy raising cattle, training yearling colts and performing such duties of which an "honest to goodness" cow puncher is familiar. Their education along the art of roping cattle, bull fighting, bronco riding and other hair-raising feats, oftentimes featured at so-called Rodeos, will be given the utmost attention.

With such a daily routine scheduled, practically every member of the party expects to be so apt along these different lines, that by the end of their vacation, they will be chosen to participate in the big rodeo program to be staged at the ranch house, early in September.

This popular dude ranch consists of eighty square miles of pasture land and is owned by the Turley brothers, descendants of the famous Turleys, who are followers of the Mormon religion.

Humoring whims of eight hundred cattle and several hundred head of horses, won't be child's play for this group of easterners, but at any rate, they can hardly wait until they reach their destination.

GIVES FINE PERFORMANCE

Several hundred people greeted with rousing enthusiasm, the performance of the North Central College Men's Glee Club, from Napierville, Illinois.

The program was given at the Oakwood Park Auditorium. Besides several group numbers that were rendered, several very fine solos were given.

This is the 36th annual tour of the central and northeastern states that the octette has made.

SYRACUSE LAKE STOCKED

The State Conservation Department delivered to William Jarboe, secretary of the local conservation club, 4,000 smallmouth bass, with which he immediately stocked Syracuse Lake. It is thought that the fish will be of catchable size in approximately two years. About ten per cent will live to grow to edible size.

HOLIDAY ACCIDENTS

REFLECT DISREGARD

FOR WARNING SIGNS

Motor vehicle accidents on the state highways during the past weekends and holidays indicate a frequent disregard for caution and warning signs erected by the State Highway Commission for the protection of the motorist. T. A. Dicus, chairman, reported today.

Indiana, has, in the frequently expressed opinion of motorists and highway authorities from other states, one of the best-marked highway systems found in any state. Many thousands of dollars are spent annually for the maintenance of signs which give the motorist information as to the route he is following, curves, railroad intersections, no-passing zones, speed restrictions and other traffic aids.

Considerable engineering study has been given to the signs used along the state highway system—to see that signs are used only where some definite need exists and to make the message to the motorists as simple and effective as possible. Signs used meet the standardized color, type and symbols adopted by the American Association of State Highway Officials. Standard signs also are used in the marking of detours, giving the motorists on these temporary routes the same protection and opportunity to travel in safety as results from these same markings on the state highways.

At the gypsies' annual bride market in Kraljevo, Yugoslavia, prices were exceedingly low this year. Parents of the prize of the lot, a striking brunette, received only \$6.40, while less attractive girls brought as little as \$3.60.

CHAPEL SERVICES

These services are well-known for their interest to humanity and it is hoped that a large delegation will be in attendance.

INJURED WITH FIREWORKS

Mr. and Mrs. Kenneth Helmer of Hotel Oakwood were called to the hospital in Kendallville, Tuesday evening, upon learning that Mr. Helmer's nephew had been injured. The cause of the injury, was the explosion of a Roman candle in the hand of the boy.

It is feared that his eyesight will be affected.

NEARLY ONE THOUSAND ATTEND FUN-FEST AND RODEO THURSDAY

A crowd that was estimated to number nearly one thousand attended the Fun-Fest and Rodeo at the Mable Ann Riding Academy last Thursday, June 28th, who truly enjoyed the races, contests, and exhibitions which made up a full day of interesting horsemanship.

The event was sponsored, in main, by Pel Clayton, owner of the Mable Ann Academy, who was assisted by others including the Syracuse Lumber and Coal Co., Osborn's Hardware, Beckman's Furniture Home, Wogoman's Gift Shop, and the Meyer's Furniture Store of North Webster. Mr. Clayton gave nearly \$64.00 in cash prizes, while the others donated gifts from their business places.

Bill Jarboe, with his booming voice, made the announcements of events over the sound system which covered the grounds, and Jack Edwards of Fort Wayne acted as judge for the events.

Following is an account of the program: Pony Race, won by Verley McCoy, who was awarded a beautiful chair, and Ronny McCoy placed second, being awarded \$3.00 in cash and a lovely plaque. Ronny, in this event, fell from his mount and narrowly escaped serious injury when the pony rolled over him, but he came back to

compete in the two following events, the courage for which he was given the plaque.

In the Jumpers Class, prizes of \$5.00, \$3.00, 2.00 and \$1.00 were given with winners as follows: 1st, Sox, owned by Mr. Stoil and ridden by Mr. Oram; 2nd, Black Hawk, with Mrs. Winstor of Ft. Wayne riding; Tommy H., owned by Mr. Herwick of South Bend and ridden by Ted Meade; Golden Dawn, owned by the Federling stables and ridden by Mr. Dodd.

Prizes of the same amounts were given in the Ladies' Three-Gaited Class with Mrs. Tom Hartman winning 1st on Rex, twelve-year-old Toppy Thompson taking 2nd on Ginger, Miss Lehman placing 3rd on Clayton's Dickey Doo, and Mary Vinson placing 4th on Clayton's Jack.

Ronny McCoy gave a beautiful exhibition with a Hackney horse which was all "decked out" in colorful harness and accessories.

Mr. Vanette won the contest for High School Horses by putting Rex through the paces in grand style to win the prize of \$5.00. Mary Kathryn Kirk with Chief also gave a beautiful demonstration to place second.

Horses and riders who competed in the Five-Gaited contest are as follows: Redwood Highland, ridden by Walter Hayes, won 1st

and \$5.00; Royal Chimes won \$3.00 for 2nd with Frank Oram up; Black-Smokey King placed 3rd and won \$2.00 with Guy Stuckman riding. Silver King, with Meade up, won 4th place and \$1.00; others who competed were Smokey Dick with Paul Stuckman riding, American Boy with Miss Winsler, up, and Rex, with Mr. Vanette atop.

In the three-gaited open division, Flash, with Hayes riding, won 1st; Golden Dawn, with Meade up, 2nd; Rex King, with Mrs. Hartman atop, 3rd; Ronny McCoy, 4th on a brown pony, winning prizes of \$5.00, \$3.00, \$2.00 and \$1.00, respectively. Others who competed were Ginger, with Toppy Thompson, riding, Colonel with Ted Schultz up; Tony, with Mr. Stuckman, atop, and Joe, with Miss Thomas riding.

The rodeo exhibition was given by the Meyer's Stables of Shipshewanna with a beautiful array of five horses. This was an exhibition of fine horsemanship in a miniature showing of western rodeo activities.

All events were greatly enjoyed by the large crowd of people who attended the Fun-Fest and Rodeo, and Mr. Clayton was well pleased with the manner in which the guests partook of the luncheon that was served on the grounds.

THE LOWDOWN FROM HICKORY GROVE

I am not against relief — I am for it. It is OK.

And the first thing I would like to see the U. S. relieved of, it is hokum. Some things we do not have enough of in the U. S., but it is no hokum. And in the high places, it is most prevalent. But with hooey and hokum, it is like it is with ice cream and pie; you can have too much, and you get sick at the stomach — and need relief.

But for other kinds of relief and hunger, like we read so much about, we can do something too. And the top men there, they get 12 thousand a year, but if you are really hungry, you only get 35 dollars a month.

And the person who is hungry because he cannot find work, he should have 35 dollars. And likewise the top man, if he is hungry, and cannot find work, he should have 35 dollars.

But for the top man or bottom man, there should be one rate. Hunger, it gnaws as hard in one stomach as another — but no harder.

Yours, with the low down,

JO SERRA
