

# Vacations End With Labor Day

The Syracuse-Wawasee Journal joins with the advertisers on these pages in expressions of greetings and appreciation for the patronage you have given us during the 1939 summer vacation season.

We sincerely hope that your stay at Beautiful Lake Wawasee has been a pleasant one this season. We know you have enjoyed the fishing, boating, riding, swimming, dining, dancing, and other pleasures that have been afforded you whether here for the season or for just a few days vacation.

This season has been a pleasurable one for us too. We have enjoyed serving you in our own humble way and we hope that we have been able to make your stay with us one of great pleasure.

Plans are under way, even now, among several of the business people of Lake Wawasee, for improvement in their various enterprises for the vacation season of next year. Some are enlarging their establishments, some are making plans for different arrangement and some are contemplating better and more complete accommodations for service.

We have sincerely appreciated your patronage this season and are expectantly looking forward to serving you next year. We take this opportunity to welcome you to Lake Wawasee for your 1940 vacation and assure you that we shall do our utmost to make your stay even more pleasant than you have ever had before.
