"Bear ye one another's burdens and so fulfill the law of Christ." Perhaps there is no better way to do this than to take their burdens to the Throne of Grace and to help others do the same thing.

CHURCH OF THE BRETHREN

Rev. Ralph G. Rarick, Pastor

Sunday school, 10:00 a. m., Guy Symensma, superintendent. International lesson: "Micah: A Messenger of Social Justice," or "A Plea for Social Justice."

Mrs. Rarick, at 11:00 o'clock, will give a reading entitled, "The Training of Missionary Mary," by Eleanor Porter.

At 6:45 p. m., a meeting of the B.Y.P.D.

"In the Land of the Monkey Bread Tree," in four reels of moving pictures, will be shown in the 7:30 Sunday evening service.

The setting of this interest-packed picture is in the Church of the Brethren mission field, Nigeria, Africa. Story is of a Bura boy, whose home is close under a monkey bread tree. He grows up and learns what Bura boys need to learn. He goes to the mission compound and sees white people for the first time. He overcomes fear of them and learns of the message of salvation. He becomes interested in a young lady of Buraland and learns how to do the things necessary to make her his wife. Later they are married and together they are baptized and become Christians. Then they become missionaries themselves to take the message back to their own people and help to make their village Christian.

A warm welcome is extended to the public to all services of this church, with a special urging that you be present to see, "In the Land of the Monkey Bread Tree."

CATCHES WHOPPER

"Now this one is about me," said Mrs. E. E. Holloway, as she was reporting a "local" to the Journal office, Monday.

Mrs. Holloway then proceeded to tell that she had caught a 5 pound 2 ounce largemouth bass in a private lake on the Holloway farm, recently, adding that, "although the lake is small, there are some very large fish in it."

Carelessness in driving is increasing on our highways. The figures for the first seven months of 1939 show an increase over those for 1938.

Are our law enforcement agencies becoming discouraged? We find police are very anxious to enforce the law, but in many cases we find a growing tendency on the part of our courts to become lenient and lax in enforcing the laws.

Educational agencies are trying their best to bring before the public the need of safe driving and instructions on how to do it. We must have law enforcement agencies and the courts to assist safety people in this work so that we will have a minimum of protection while we are driving or walking.

The newspapers have done a splendid job in calling this to the minds of their readers, and we urge that more stirring editorials be written in regard to the need for strict law enforcement.

Bring or phone your news to the Journal. We print all the news that is fit to print.
