

SYRACUSE "HI" TIMES

First Grade.

Our attendance has been almost perfect this past week. We are progressing nicely with our pre-primer booklets. We are reading the "Wizard of Oz" for our long story, and all are very interested.

Harriett Eppert to Miss Simpson, who was on basement duty: "Are you anyone's teacher?"

"Why yes," says Miss Simpson, "I have 45 children in the third grade."

"Well," said Harriett, "who is watching them while you're down here?"

Second Grade.

Jack and Robert Dean brought their bird, Dickie, to school. He's been whistling for us, as we sing. We have an interesting collection of gourds in our room. Mr. Cook gave us another gold fish for our aquarium, and Junior Coquillard brought a plant. Our transportation books are almost finished.

Fourth Grade.

Robert Lee from Danville, Illinois, entered the fourth grade, Monday, September 18.

Donna Darr was absent Monday, Sept. 18.

Sixth Grade.

Treva Hamilton was absent three days last week because of the illness of her mother.

Our school work is moving along very nicely. There are still a few, however, whose minds are out roaming around the old swimming hole.

We are very interested in our geography work because of the war in Europe.

Opportunity Room.

We are hoping something may be done to improve the attendance. There have been only two days since school commenced that we have had a perfect attendance. That was Sept. 12 and 13th. Let us all try to have one hundred per cent.

In The High School.

Barbara, Betty and Beverly Gray entered high school last Thursday morning.

Clarence Eby entered the sophomore class Monday morning.

We have had several complaints about high school pupils violating traffic rules on highways and streets.

One is reckless driving by pupils who are permitted to drive cars to school. This offense occurs mornings, noons and evenings. The most dangerous time is driving during the noon period when so many small children are coming and going.

The second complaint is the jay-walking by pupils in our streets. This is especially true on Boston street where pupils use the street instead of the sidewalks.

We hope parents will cooperate in this before some child is run over.

The senior class organized last week. Corlyss Lecount was elected president; Mary Galloway, vice-pres.; June Metcalf, secretary; and Miss Hammon, sponsor. Mr. Slabaugh will assist Miss Hammon.

The date for the senior class play has been set for Friday night, October 20.

New steel doors have been placed on the commercial rooms. It is hoped that these will help to discourage typewriter thieves.

Etna Green high school will play baseball at Syracuse Friday evening. The game starts at 3:50 p.m.

The Syracuse schools will be dismissed all day Friday, September 29th. This is Kosciusko Educational Day at the Warsaw Fair. The high school band with the teachers and as many pupils as can be there will march in the school parade, which starts from the Center Ward school grounds promptly at 10:00 a.m.

Softball, Sept. 15.

WE'RE A WILD COUNTRY

The United States Biological Survey has been counting its wild animals, and the inventories show nearly 6 million big-game animals in our country. The officials say that this is an increase of one million animals since 1937.

We knew something significant was happening in the United States wilds, and are thankful to the secretary of the interior for confirming the suspicion in the above item.

There are more than 5 million deer in the United States, scattered all the way from "deer" old Pennsylvania to "deer" old California, both of which states are champions in rearing that animal—that is stalked by millions of hunters every winter.

Wyoming has 91,000 elk, 7,400 moose and 4,500 buffaloes. Big black and grisly bears thrive in Tennessee, California, New Hampshire, North Carolina, Mississippi, Washington and Wyoming. Delaware is the only state in which no big-game animals are found.

Fiery Itching Skin Gets Quick Relief

Home Treatment Eases Unbearable Soreness—Distress
There is one simple yet inexpensive way to ease the itching and torture of Eczema, Itching Toes or Feet Rashes and many other externally caused skin eruptions and that is to apply Moone's Emerald Oil night and morning and people who suffer from such embarrassing or unsightly skin troubles would be wise to try it.

Just ask any first-class druggist for an original bottle of Moone's Emerald Oil and refuse to accept anything else. It is such a highly concentrated preparation that a small bottle lasts a long time and furthermore if this clean, powerful, penetrating oil that helps promote healing fails to give you full satisfaction you can have your money refunded.

BRONCHIAL ASTHMA!

Just a Few Sips and—Like a Flash—RELIEF!
You Sleep Soundly
Spend a few cents today at any good drug store for a bottle of Buckley's (Canadiol) Mixture, triple acting. Take a couple of doses just before bedtime and sleep soundly. You'll find Buckley's gives definite quick relief from that choking, gasping struggle for breath. One little sip and the ordinary cough is "on its way". Continue for a few days and soon you'll hear little more from that tough old hang-on cough that nothing seems to help. Satisfaction guaranteed or money back, be sure you get Buckley's Canadiol Mixture.

How Women in Their 40's Can Attract Men

Here's good advice for a woman during her change (usually from 38 to 52), who fears she'll lose her appeal to men, who worries about hot flashes, loss of pep, dizzy spells, upset nerves and moody spells.
Just get more fresh air, 8 hrs. sleep and if you need a reliable "WOMAN'S" tonic take Lydia E. Pinkham's Vegetable Compound, made especially for women. It helps Nature build up physical resistance, thus helps give more vivacity to enjoy life and assist calming jittery nerves and those disturbing symptoms that often accompany change of life. Pinkham's is WELL WORTH trying.
