## Fish Festival Successful Affair

The annual Wawasee Fish Festival held here last Saturday was a success in every respect, except the weather. The cool weather, with occasional showers, did not add to the fun, and held down the attendance of many families.

At the city park, the Wawasee Conservation Club fed an estimated crowd of about five hundred people, who were on hand to see the various events. Winners in the various events are as follows:

## Racing Season Opens

The official season of racing for the Wawasee Yacht Club will open Sunday, June 22, according to an announcement by E. J. Strode, the race committee chairman.

The first race is scheduled for 1 p.m. To stimulate the racing program, a point score system for all types of boats has been devised by the race committee. High point scorers will be awarded cash prizes at the end of the season. Emphasis in the point score system is placed in participating in all races rather than upon winning. To be eligible for one of these awards it is highly desirable to enter every possible race.

## Parking Facilities

The Yacht Club members have always prided themselves upon their gentlemanly conduct and the ability to reduce the nuisance quotient to a minimum. Increased activity at the club has presented a new problem. The area in front of the club is not a public parking place and to do our neighbors a good turn, it is thought advisable to refrain from parking in this area. Club officers are making negotiations for additional parking space and until that is obtained all members are requested to use the area by the lake shore only when absolutely necessary.

## BOYS ARRAIGNED IN COURT ON PETIT LARCENY CHARGE

John Hanft, Jr., 20, of Syracuse, was given a suspended one-year sentence and fined \$1 and costs on a petit larceny charge in circuit court before Judge John A. Sloane Tuesday. Because of their age, his two accomplices did not face formal charges but they were lectured by the court.

The other two boys were Harold Robert Lehman, 17, of Kimmel, and Franklin J. Ringler, 17, of North Webster. The three boys confessed stealing five white rock chickens from the Stoelting farm near Syracuse, tenanted by Donald Ringler.

The chickens were sold by one of the boys to Jeff Garber at North Webster for \$4, officers learned. The theft occurred May 4, 1941.

The investigation was carried out by Deputy Prosecutor John J. Boyle, state detective Estil Bemenderfer and deputy sheriff Charles Ward.

## LOCAL LINES

Elizabeth Rossin, of Hollywood, Calif., a former Syracuse girl, was here several days this past weekend. She took a plane from Los Angeles to Detroit; where she purchased a new car which she is driving back to California. On the trip back to California, she is accompanied by Mrs. Ross Osborn, who plans to visit relatives, and also by her nephew, Robert Rossin of Kalamazoo, Mich. Miss Rossin, a Syracuse high school graduate, is now an accountant for a Hollywood firm. She says that Syracuse looks "grand," and that she had a marvelous vacation. Her mother, Mrs. Ellis, is living with her. Her father, now deceased, was "Cap" Rossin, one of the old-time lake boosters. He ran the pleasure boat, "Wawasee," from about 1895 to 1917 and helped to give thousands of people a good time on Lake Wawasee. An added attraction of Miss Rossin's plane trip east was the company of Edgar Bergen and Charley McCarthy.

Paintings by Mr. Ingerle

Several paintings by Mr. Rudolph F. Ingerle, of Chicago, will be exhibited in the Gallery this year. Mr. Ingerle's paintings of the mountain folks and the landscapes of North Carolina and of Eastern Tennessee have been shown in such important galleries as National Academy of Design, New York; Cororan Gallery, at Washington, D. C.; Pennsylvania Academy of Fine Arts, Philadelphia; Herron Art Institute, Saint Louis; Springfield Art Association, Springfield, Utah; and the Chicago Galleries Association, the Art Institute of Chicago, and the Century of Progress exhibit of 1934-35.

Eleanore Jewett, art critic, Chicago Tribune, wrote of his work:

"Ingerle pours beauty on a canvas as though it were a rich wine; it flows from his brush in a stream of healing fire, stimulating and charming as it runs. No one has quite his touch, quite his understanding. No one can handle sun and shadows as he does; nor weave as perfect a spell with moon light and broken clouds; nor spin as exquisite a web of mist. Rudolph F. Ingerle has won an enviable reputation as a landscape painter. In recent years he has done a great deal of painting in North Carolina. His superb mountain landscapes have captured the imagination and heart of an enormous public."

"Here are strength, beauty, charm, skilled technique, magnificent craftsmanship, a thorough knowledge of a country side, and the evidence of an eye which finds splendor in humble things, divinity in a beggar. A great painter and good painter, out Rudolph Ingerle." It is little wonder that he is known as "The Painter of The Smokies."

Betty Harkless has accepted a position in the office of the Penn Electric Co. at Goshen.

Henry Carlson has gone to Detroit, where he has employment.

Miss Suzanne Rapp is attending North Manchester College this summer, taking preparatory work before entering nurses training in Cook County Hospital this fall.

Mr. and Mrs. Gaylord Jones have moved into the Lydia Dearborn apartment.&lt;/
