**Prepare for Peace;
Buy War Bonds**

There is little cause for mirth in occupied Europe and even the children have little stomach for play. Millions have been orphaned by Nazi guns or labor camps; all are undernourished and will bear the scars of this war to their dying day.

Mr. and Mrs. Willard Nusbaum, who have purchased the Henry Grieger property here, have recently had as their guests, Mrs. Nusbaum's mother and sister, Mrs. Ruth Whitcomb and daughter, Dorothy, of Tiffin, O. Also Mr. and Mrs. W. F. Atkins, of Bascom, O., and Mr. Nusbaum's sister, Mrs. Jack Dolker and her son Jack, of Postonia, O.

One of the finest programs of the season was given Thursday evening of last week at the Methodist church, when Mrs. Adrian Vondersmith, of Ligonier, presented Miss Margaret Miles in an organ recital, assisted by Mrs. Ted Hilbish as violinist. Besides the organ solos, Mrs. Vondersmith and Miss Miles played several piano and organ duets. These were followed by two trios with Mrs. Hilbish playing the violin. Mrs. Hilbish also rendered a violin solo. It was a beautiful program and greatly enjoyed by those who attended.

Facts About Lumber

Lumber Is Not Frozen
But Its Use Is Restricted
How the Farmer Gets Lumber

For small amounts, up to 300 board feet per quarter, the farmer orders his lumber as usual, signing application form FL-200 at his dealers, stating why the lumber is necessary for the production of food.

For larger amounts the farmer can get Certificate FL-200 from his lumber dealer, fill it out and take it to the local Triple-A Office for approval.

Other Users

Factories and Firms

Having an established priority rating can get their requirements of Lumber.

City Property Owners

May secure without priority ratings for emergency uses a small amount of lumber from an allotment of 5000 to 8000 feet of free lumber each dealer is allowed each quarter.

MOST ALL OTHER BUILDING MATERIAL CAN BE BOUGHT WITHOUT PRIORITY.

This Is What War Bonds Do

THEY give every American at home a personal weapon against the Axis.

They tell our boys in France and Italy, in Asia and the Pacific what these boys most want to hear... that we're behind them!

They make our country strong, not only for the purchase of weapons today but also to maintain and increase the productivity of our farms tomorrow.

Each Bond you buy forms a financial reserve which is indispensable to the efficient and profitable operation of your farm. Make it a rule to put into War Bonds a good percentage of every dollar you take in.

When those Bonds mature, they will be worth many times the effort it took to buy them. For they will mean new and more efficient equipment, the ability to buy advantageously, the means of financing crops, assured education for the children... and a means of retirement when you turn that farm over to the boys!

So, Buy Bonds... with every dollar you can muster! Uncle Sam needs the money now... you'll need it later!

5 REASONS FOR INCREASING YOUR WAR BOND PURCHASES

1. The tempo of this war is hitting its highest point. Government expenditures for war are at the peak. MORE MONEY IS NEEDED... NOW!
2. In proportion to WHO HAS THE MOST MONEY, individuals are not buying their share of War Bonds. America must correct this situation.
3. War Bonds provide the farmer and rancher with the financial reserve he must have to survive the ordinary ups and downs of farming as a business.
4. Money will be needed urgently as a future due to replace and repair farm equipment, machinery, and buildings. War Bonds will provide it.
5. War Bonds are the safest investment in the world, return a good rate of interest, are easy and convenient to buy... from bank, post office, rural mail carrier or Production Credit Association.

For America's Future, for your Future, for your children's Future
