SYRACUSE SCHOOL NOTES

Moving Picture

A movie called "Personality, Charm and Career," was shown at the 5th period, Feb. 13. It pointed out the right and wrong features of life. Table manners, dancing and acquaintances were illustrated. It emphasized that intelligence, character and posture were the three main things by which to gain popularity.

Although the pupils were amused at some of the wrong ways of etiquette, most of us realized some faults of our own.
