Beauty and Brawn ...the perfect team!

Here, there and everywhere, Hudson style and stamina are making new conquests—taking thousands of hearts by storm.

This preference for the new Hudson is phenomenal, even in a year when car demand is far above normal. You ought to know the reasons for it.

Women's hearts—men's, too—have been captured by the smartness of new exterior styling, and the luxury of new interiors upholstered in a leather-fabric combination found in only one other 1946 car (one of the highest priced).

Present Hudson owners—and thousands of "habit buyers" of other makes as well—also know what a mountain of evidence Hudson piled up during the war years for smooth performance, reliability, endurance and economy.

There's another reason... the splendid Protective Service offered by 3,000 authorized Hudson dealers from coast to coast—with expert mechanics, modern equipment and genuine Hudson parts.

We are here to serve you—promptly, courteously, at moderate cost. Visit us today. You will find this Hudson organization, too, is "the perfect team"—backing fine cars with expert service, for your satisfaction.

HUDSON

Three little words that are doing a big job in the world today.

The checking account is the "safety shift" on our business machine; it transfers millions of dollars—without the movement of a single dollar of cash.

Paying by check will give you the benefits and protection of bank service, and the privilege of meeting obligations simply by writing your name instead of going in person.

The best and safest way to pay—is to pay by check.

Why Bert Won First Prize

Folks weren't surprised when Bert Childers won first prize for his corn at the county fair.

Yet the judges admit it wasn't just because Bert had the finest ears of corn. He knew how to display them: neatly arranged, with the husks cleanly trimmed, and the booth white and spotless.

"Trimming" sure make a difference no matter what you're offering—as Andy Botkin, keeper of the Garden Tavern, well knows. Andy doesn't just sell good beer. He sells it in a place that's clean and attractive... in nice surroundings that

belong with the enjoyment of a wholesome beverage of moderation.

And Andy, of course, is a whole-hearted supporter of "Self Regulation." That's the system by which the Brewers and tavern keepers themselves make sure that taverns selling beer are clean and orderly.

From where I sit, people like Andy also rate a "First prize." Not just for the quality of the product—but for the "trimming" too.
