

WAWASEE LAKE

CEDAR POINT — The cottage of Mr. and Mrs. John Runge was struck by lightning, just recently, and burned, with nothing left, but the frame, standing, an electric refrigerator, and a dress. The Runges had a grandchild, visiting, and Mrs. Runge, being somewhat wakeful, for the baby, smelled smoke. She had a hard time awakening her husband, but they all did get out, just barely, just after Mr. Runge had gone to the utility room, at once, and noticing light through the keyhole, thought the electric light had been left on, but on opening the door, found the room in flames.

Two men, fishing, saw the fire, and were able to haul the refrig-

er out. It is being checked to see if it is in good working order. Fire Departments could not save the home, as the fire had too good a start.

Mr. and Mrs. Runge's son, who has a cottage nearby, is away, with a professional baseball team, so the Runge's are in that cottage, for the time.

It was a great tragedy to the Runge's for, having been married quite some years, there are things that are gone, and not replaceable. Friends and neighbors along Wawasee, and Papakeechee have been very kind, and last Wednesday night a big surprise shower was given them, at the Turkey Creek Conservation Clubhouse. It was a "Found Party" — guests bringing a pound of anything, even in linens, weighing a pound.

The Home Economics Club, the Conservation Club, and the Friendly Neighbors Club all combined to make it a real party.

OAKWOOD PARK — Mr. and Mrs. Robert Phillips and son, Bobby, of Denver, Col., spent the past two weeks, here, with the former's parents, Mr. and Mrs. Roy G. (Cap) Phillips. Mr. Phillips is chief Investigator of the 15th Air Corp.

Mr. and Mrs. Herbert R. Wall and grand daughter, of Indianapolis, spent last week at their Oakwood Park cottage, in Oakwood Park.

Mr. and Mrs. George Cook and son Jerry, of Indianapolis, spent last week at their Oakwood Park cottage.

OGDEN ISLAND — Mrs. Robert Whaley's sister, Mrs. Richard H. Long, and Mr. Long, are not doing so bad, "keeping up with the Jones'ies", (the Jap Jones) of the South Shore Hotel, who bought their home, and the hotel within a day, or so. Mr. and Mrs. Long, came to Wawasee on Sunday, saw the "Midget" cottage of the Ferguson's and by Tuesday, it was all "in the bag", and their seven-year-old son, Craig, has a new home. Mr. Long will "commute" to his experimental work at the Bendix Aviation Co., South Bend. Mrs. Long's mother, Mrs. Neil Fuller, will be with them for a time in their new home, except for such times as the other daughter, Mrs. Whaley, can get her a bit farther, around Ogden Island.

The Paul Warner family have had house guests for a week, leaving last Monday. They were, Mrs. Warner's mother, Mrs. W. W. Williamson, of Hindendale, and a brother of Mrs. Warner, Mr. R. M. Williamson, Mrs. Williamson, and children. The latter, took home a new Cadillac.

Mrs. Martha Crow Fick, is staying in her small cottage, until opening the big house, later. Mrs. Fick had the "flu", while in St. Petersburg, Florida, but is feeling better now. Mrs. Fick's granddaughter, Margaret Ann Fick, daughter of the N. C. Fick's, Washington, D. C., is getting over a case of polio.

Loses Part Of Finger.
Richard Newman, two-year-old son of Mr. and Mrs. Charles Newman, of Syracuse, was forced to undergo amputation at the first joint of the middle finger on his right hand after a car door slammed against the hand Thursday evening. The boy was taken to the Goshen hospital, where the amputation was performed.

CUB SCOUTS MEET
Seven Cub Scouts of Pack 56, Mickey Hoover, Joe Hudson, John Firestone, David Weaver, Charles Cripe, Dennis and Dallas Bjella, passed "uniform inspection" at the Cub-O-Ree, at Rice Field, Elkhart, last Saturday, with two 100's, and five 95's. Accompanying adults, were Mr. and Mrs. De Loss Weaver, Mrs. Lawrence Firestone, Mrs. Leonard Cripe, Mr. and Mrs. Raymond Hoover, Mr. and Mrs. Oscar Bjella, Mr. and Mrs. Ralph Hudson, young Carol Hudson, and Cub Master Sam Larson, and Mrs. Larson.

Den Chief Clifford Byrd accompanied, Den 3.

On approaching Rice Field, the impression was waves of Boy Scouts, Explorer Scouts, Air Scouts, Cub Scouts, Den Mothers, and adult leaders, dozens of tents for campers, (Cub Scouts do not camp out, unless it is a father and son affair), and dozens of Cub and Boy Scout exhibits.

The Home Economics Club, the Conservation Club, and the Friendly Neighbors Club all combined to make it a real party.

Pack 56 representation was small, for many Scouts were confined with measles, whooping cough, etc. Subsequently, all the Pack exhibits were not there, but there was a large tent, Indian style, with Indian motifs, painted on it, (the burlap was contributed by Royal Borton), a "hogan", which is a night shelter, various small items, games, etc.

There was a full program for the afternoon, and early evening. Games, were played by parents, and Cubs, some of the mothers eventually dropped out, father manfully stuck until Oscar Bjella and Cub Master Larson were left. Much to their surprise, they were "tagged" in a "run" game, and, after the first shock, it was found they could really run.

"Eats" were brought, or bought, other exhibits were looked over, and a general feeling of good fellowship shared with hundreds of others, was evident. Even to those who knew the Scouting Movement was widespread, hundreds of Scouts at this one place, this one day, was a bit surprising, but appropriate.

Troop 28, Syracuse, was represented by "coming Jamboree-ers" Jerry Clark, Raymond Oyler, Bob Firestone, and Joel Bates, who prepared to camp overnight, and enjoy the evening's program, campfires and singing, or "facsimile."

Exhibits of Cub Scout Packs, much older in existence, than Pack 56, were amazing in ingenuity and arrangement, as were Boy Scout exhibits. Some notes were taken on various items, and may be had on request.

Look

Yes, a look will show you why it's Ford for Fashion, again for '50! Once again Ford's modern styling earned it the Fashion Academy's coveted medal as "Fashion Car of the Year." No other car at any price has received such an honor 2 years in a row.

Listen

You can hardly hear the low noise of Ford's powerful V-8, or its companion in quality, the 95-hp. Six — both are "hushed" to a whisper. Your ride is quiet, too, because "sound-conditioning" throughout Ford's roomy and sturdy "Lifeguard" body keeps noise out!
