## MOTHERS CLUBS...

The Senior Mothers Club met at the home of Mrs. John Sheire with Mrs. Delose Smith and Mrs. Lawrence Firestone as assistants. After the general business meeting, Mrs. Lois Schleeter spoke on preserving our American Heritage, Civilian Defense with general discussion following during the social hour. The next meeting will be 15 November at the home of Mrs. C. C. Mulholland.

Wonderful place... comfortable seats... took a good look around at "millions" (6,433) of people and guess what? Blue in varying shades was the predominant color. The Toledo Mercury and Washington Generals basketball teams had some tall boys, one 7 footer just stood his height and let the ball fall out of his hands into the basket.

Came the Globetrotters—had seen 'em in the movies, but not in the flesh—and we think they are real entertainment. In the presentation and ballyhoo of each player by name, he stepped out of line, and eventually three were left. "Goose" Tatum stepped with one called, but withal when was not him, etc., and finally he leaned way over looking at the speaker, raised a long arm and pointed down to his head, so he was finally presented, and took a big hand.

The Trotters quickly lined up a high score over the Chicago Majors, 72-46, and gradually went in to clowning, evoking much laughter and applause.

Finally the Trotters "tired" of the "game" and started playing baseball in pantomime, and then football, ending that round by the "Goose" kicking the basketball into the basket.

Coming out, still laughing, Sara suddenly reverted years back to school-girl days as Tatum neared the door almost simultaneously, up and held out the ever-ready notebook and pen, got as far as "Mr. Tatum..." so he smiled, wrote "Goose Tatum," and hurried out before that could start an era.

Outside was a scene of beauty in lighting of the building... the beautiful "lakes" of cars in the rolling grounds, and then cars, and headlights later, making "rivers" flowing slowly away on different roads... and a "wonderful time was had by all."

Mr. and Mrs. Paul Ditchett and Mr. and Mrs. Elton Hummel drove to Ludington, Mich., taking the ferry to Milwaukee and then returning home by way of Chicago over the week end.

Mrs. Frank Banning has returned from an 18-day tour of the East. She was accompanied by her sister, Mrs. Foulger, and a niece, Mrs. Borg and children, Sharon and Sonny, from Lansing, Mich.

Mrs. Joe Thornburg had as her guests over the week end, Mr. Al Van Meter, Mr. and Mrs. John Thomas and children, Gregory and Mary Ann, and Miss Ann Thomas, all from Anderson, Indiana.

Mrs. Veltman spent the past few days visiting in Detroit, Holland and Grand Rapids, Michigan. Mrs. D. W. Green of Detroit, and Miss Janet Veltman, of Holland, visited with the Veltmans over the week end.

Mr. Matt Abts is visiting with friends in Wilmington, North Carolina, and will be gone for the next two weeks.

## Sara Cuse Says...

By Ardis Larson.

Sidewalk engineers! yessir, you just can't do without 'em... especially Monday night when our United States decided to move the Syracuse post office... so what happened... strong men waited without... and strong men waited within, and Sara couldn't even rifle the safe, for the Law was not far off... Sara couldn't even go look in the box for a letter from son, Honolulu Eric, 'cause there wasn't any box there!

Talk about Ugly Duckling... the new post office has graduated from that stage, and is an orphan no more... It's downright pretty... Sara detects a Colonial touch, after all, well anyway, mebbe we don't know our architecture but past discussions are past... take a good look, folks, and you'll agree... the building is attractive, and it's ready, and the long suffering personnel will not be so crowded—how they have retained their pleasant helpfulness, we wouldn't know, take it from Sara, who worked there through a Christmas rush... there is our post office—let's love it!

"Lions and White Elephants," soup to nuts... threshing machines to the kitchen sink... what if you do give it all to the Lions Club for its civic work... buy 'em all back in November... you just cannot bear to give up your particular elephant for keeps.

An artist in our midst? Bob Burkholder claims to have dashed off in 3 minutes his attractive, easy to read signs (we bet he must surely take more than 3 minutes).

Some 500 people milled around the grounds near the Wawasee Sportsman's Center Sunday admiring horses and horsemen at the Horse Show put on by the two-month-old Syracuse Saddle Club.

Knowing nothing about such matters, Sara "goes for" the horse "Blue Dawn," the latest addition to Caroline Coll's handsome collection, and 9 year old Cheryl Spry's little pony, which Sara nearly played nursemaid to, some time ago, when "Tina" was a mother. The grapevine says "mebbe another."

Cubmaster Leo Kowalik and Assistant Cubmaster Roy Miller and more than 56 Cubscouts of Pack 56 must have had a Star-studded evening Tuesday with 6 Cubs into Webelos, and 5 Den Mothers receiving diplomas and year stars!

Round and round Sara went, hunting the Harlem Globe Trotters recently, inside the Memorial Coliseum at Fort Wayne, like a headstrong tourist, first time there, but sure of knowing just which entrance to take to "G" section, despite advice of spouse who "suffereth long and is kind."

Shoe leather and feet finally gave out, so took the above advice, and there we were in good Press seats with the compliments of the boss, W. W. Paul, publisher of the Journal.

## Cheryl and Tina Are Now Inseparable

Nine year old Cheryl Spry, daughter of Mr. and Mrs. Joe Spry, who won a trophy at the recent Horse Show, put on by the Syracuse Saddle Club, is turning away wishful buyers for her Pin-Tina, "Tina" since the pony's value has been enhanced by winning a trophy. Cheryl says that Tina will die of old age, at the Spry farm, but definitely!

The 10-year old pony is part Shetland, and has been owned by Cheryl for two years. Last year Tina was blessed with twin colts, and the whole family sorrowed with Tina at their death. However the outlook is bright for another event before long.

Cheryl has 150 more horses and ponies—one of pure gold from Washington, D. C.—horses of all descriptions, colors, materials, and sizes, from Texas, Wyoming, and many other states, and also from England, Japan, Okinawa, Italy, Germany and Mexico.

## NIPSCO Holds Its Annual Meeting

Sixty-two employees of Northern Indiana Public Service Company will join the NIPSCO quarter century club next Wednesday evening, November 3, at a dinner in South Bend at the Oliver Hotel, Dean H. Mitchell, president of the Company, announced today.

Addition of the new members, all with 25 years continuous service with the Company, will raise the total membership of the NIPSCO quarter century club to 634 since its founding in 1947.

In making the announcement, Mitchell said, "The quarter century club represents thousands of years of proven experience in the public utility field." He attributed the high standard of service rendered by the Company to the faithful performance of duties by NIPSCO employees.

Each year Northern Indiana Public Service Company holds a "silver anniversary" dinner to salute those employees who have completed a quarter of a century of service with the Company. Every third year the meeting is expanded to include all employees who have attained at least 10 years of service with the organization.

Among the group to be honored at the annual dinner this year are six women and fifty-six men. Included are NIPSCO people from all over northern Indiana—Hammond, Griffith, Dyer, Crown Point, East Gary, Michigan City, Highland, Elkhart, Fort Wayne, Gary, Goshen, La Porte, Royal Center, Logansport, Chesterton, Huntington, Monticello, Plymouth, Custer, Mishawaka, and South Bend.

During the evening each new member of the club will receive a gold wrist watch in recognition of his many years of faithful service with the Company.

Walter K. Paul, NIPSCO manager of industrial relations, will act as toastmaster during the evening.

## Motorists Advised To Prepare For Winter

The Chicago Motor Club advised motorists to prepare for winter driving before cold weather arrives.

Club road service experts pointed out that freezing temperatures can be expected shortly and that service garages can give faster service than when freezing temperatures send the majority of motorists to them seeking aid.

The Club suggested having these five winterizing measures done now:

1. Drain, flush the radiator, check hose connections and thermostat, tighten clamps and add standard brand anti-freeze solution.
2. Check ignition system: generator, voltage regulator, distributor points. Reset timing, clean or replace spark plugs.
3. Test battery for full charge: clean battery terminals, tighten battery cables. Replace worn out battery or battery cables.
4. Check fuel pump. A faulty fuel pump will not pump gasoline to the engine from the gas tank.
5. Apply lightweight winter grade oil and grease.

## Liability For Store Licenses Explained

The liability for Store Licenses is widely misunderstood by many business men over the state, according to C. V. Osborn, Administrator of the Indiana Store License Division.

The license grants the right to operate a store in the state of Ind. "Store" is defined by the law as any mercantile establishment, either fixed or mobile, in which "goods, wares or merchandise of any kind are sold either at retail or wholesale." The law does not exempt schools, churches, patriotic or charitable organizations or institutions from Store License liability. Even banks or finance companies who sell repossessed chattels must have a Store License, Osborn said.

The sale of any tangible personal property within the state makes a Store License mandatory. However, the sale of agricultural products which have been produced by the seller does not require a Store License. Business establishments selling their services only, do not require a license—such as laundries, dry cleaners, telephone and telegraph companies etc.

Mr. Osborn calls attention to Section 9 of the Store License Law defining penalties for evasion or "violation of the provisions of this act shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not less than twenty-five dollars nor more than one hundred dollars, and each and every day that such violation shall continue shall constitute a separate and distinct offense."

Know the traffic regulations in your city, advises the Chicago Motor Club; you'll be less likely to have an accident.
