## 4-H NEWS

December 2 was set as the date for an all day training meeting in project instruction during the recent meeting of 4-H home economics adult leaders held in the county extension office. Four areas of instruction will be available, each repeated four times during the day so mothers and leaders may attend all or part of the instruction to be given, explains Mrs. Ruth Snellenberger, 4-H Club Agent for Girls' Work. Details as to subject matter content, place, and time will be released later.

Mrs. Edward Summers, Warsaw, presided at the session. Definite plans for the County Dress Revue had to be carried over until after the first of the year although the group approved consideration of the revue being held during the county fair. Miss Reba Pyle, Home Demonstration Agent, reported on progress thus far with dress revue plans.

Miss Pyle also announced the services of Mrs. Lottie Sumner, extension specialist in clothing from Purdue University, was available one day next year. The group set the date of April 18 for this instruction in fitting patterns and garments.

committee was appointed, composed of Mrs. Carl Cook of Claypool, Mrs. Carl Duncan of Milford and Mrs. Leonard Smith of Claypool, to consider revising and continuing the radio project.

Procedures used at the County Fair this year were approved for use again next year except for a change in getting ribbon and picking up exhibits, reports Mrs. Snellenberger. Colored stickers with the grade—A, B, or C—are to be placed on the exhibit. The girl will receive her ribbon when she picks up her exhibit.

Temporary county contest dates were set as follows: Judging—during the week of June 13-17; Senior Demonstration—July 6; Junior Demonstration—July 8. Suggested meetings for next year for home economics adult leaders were discussed. The group voted to meet next at the same time of the 4-H Officers' Training School which will be held the latter part of January.

#### 4-H CLUB CHATTER

Dear 4-H Members and Friends, Today I'd like to stir up a little chatter among some of you 4-Hers who are going to be 14 years of age during 1955. Why? Because I want to discuss a 4-H Home Improvement project and members are required to be 14 years old to enroll in this project.

Now is the time to make plans if you think you'd like to enroll in this project. The reason is because sometimes it concerns other family members. And most certainly it is a project to be discussed with mothers.

The room you improve may be your own, the room you share, or the room of some other member of the family.

The requirements in division 1 are as follows: (1) Rearrange a bedroom to best advantage. (2) Make a drawing of this room before and after rearrangement (pages in book provided). (3) Take entire care of the room for two months (4) Provide a place for shoes other than the closet floor, (5) at least five (you may do more) of the Things to Do listed, one of which should be made. (6) Complete record book.

Some "Things to Do" to improve your room are (1) Locate rod or rods for needed hanging space and greatest convenience in closet, (2) Provide sufficient shelf space, (3) Improve a closet if room does not have one, and then there are 12 other suggested items to provide (sheets, covers, suitable light, coat and skirt hangers, hat boxes and so forth) which may be made or selected.

Because in this county the member is required to make one article and exhibit it, I would like to list some additional suggested items to make.

Drawer partitions is one. These can be varied sizes of boxes selected to fit together in a drawer to keep articles orderly. The boxes can be made attractive by covering with wall paper (perhaps the same as in the girl's room) or painted.

Framing a fabric for a picture is a popular trend and could be done by a girl. Perhaps she'd wish to frame a floral picture instead. Or if she has artistic tendencies, she might choose to make some other kind of picture.

Making a display board for ribbons, party favors, and so forth could be an idea for something to make in division 1.

Convert a top dresser drawer into a writing area to slide out of sight at will is another possibility. This would give a dual-purpose to a piece of furniture.

Making a lampshade, or making a lamp, or make pillows are some other suggestions.

Do you see now why the home improvement project concerns the whole family? Dad's help, and certainly his tools, are apt to be needed. Yes, and some money too will be needed. Where it comes from will depend on whether the girl has had an opportunity to earn or not.

Some time soon I want to continue with discussion about division 2, home improvement. Details on the enrollment plans were not complete for giving to you this week so maybe that'll be the topic next week.

Bye now.

Ruth R. Snellenberger  
4-H Club Agent for  
Girls' Work

### Enrollment Increases At Manchester College

North Manchester—According to official statistics, released by Mrs. Maxine Dorman, registrar, there are 767 fulltime students attending Manchester College, representing an increase of 107, or 16.2 per cent over last year. Of the 767, 422 are men 345 are women. In addition there are 16 part-time, 14 pre-college, and 35 Saturday students, making the total enrollment for the fall term, 832.

There are 343 freshmen, 192 sophomores, 105 juniors, 86 seniors, 30 undeclared and one post graduate student. This represents an increase of 71 freshmen, 42 sophomores, and a loss of seven juniors and three seniors. Of the present student body, 88 are married—73 being men and 15 women.

Geographically, there are 450 students from Indiana, 166 from Ohio, 57 from Illinois, 44 from Michigan, 14 from Pennsylvania, and 26 students are scattered among 14 other states from Wisconsin to Florida and from Washington to Delaware, Austria, British West Indies, China, Germany, Greece, Israel and Malaya are among the countries represented by ten foreign students.

By denominations, 414 represent the Church of the Brethren, 95 Methodist, 42 Evangelical United Brethren, 22 Congregational Christian, 19 Lutheran, 16 Presbyterian, with the others representing 24 different denominations. Included among such are Catholic, Friends, Greek Orthodox, Hebrew, Christian Science, and Hindu.

The secret of success is constancy to purpose.—Benjamin Disraeli
