

## In The Northeast Corner

(By Bill Spurgeon)

A week ago Sunday another columnist for this paper discovered us, along with several others from The Journal, eating in a local restaurant by means of chopsticks. Funny thing is, although we were probably the least adept at it of our group, nothing was said about it by that columnist. We got our training from W. W. Paul and D. E. Woelfer last fall. Our dining companions the other day learned how from necessity—they had all lived in the Orient at one time or another. Personally, we'll stick to the American system.

Our boxcars are back again. The eastbound siding of the Baltimore and Ohio Railroad at Wawasee is just loaded with empty boxcars. These cars are unsightly and cause a traffic hazard at least one railroad crossing, but they represent a slack time in railroad revenue, and, after all, the railroad has to keep 'em somewhere!

Ice fishermen galore on Wawasee and Syracuse and even some of the frozen slips and channels last week. Topic of conversation at Thornburg's last Thursday morning, after the Groundhog saw his shadow and the weather had once again returned to zero, was the possibility of driving a car out on Syracuse Lake. Local experts agreed it might be possible in one or two places, but each acted as if he would rather someone else furnished the car. We'll stay on dry (and cold) land, thank you.

Speaking of this business of driving out on the lake, we can remember hearing of people driving across from Waco to Kaie Island on Wawasee. Anyone done this lately? Sounds a little too risky for our nature.

Have heard rumors to the effect (even though a newspaper is no place to repeat rumors) that the Town Board is going to make a street light survey one of these days to determine what Syracuse needs. Syracuse does have good streetlighting in places—but in too many places it is not as good as the town deserves. Places with only 25 per cent of the population and less than 20 per cent of the business in Syracuse have better lighting downtown—some such places being but glorified "wide spots" in the road. Our encouragement goes out to the Town Board in any endeavor to improve our streetlights.

Most Thoughtful  
Valentine You  
Can Give

This year, why not let the long distance telephone be your Valentine's Day messenger. It's a delightful change that will be doubly welcome by the loved one receiving your call. Rates are surprisingly low to anywhere—especially so after 6 P.M. Remember, too, your Valentine greetings would be equally welcome any time Sunday when low rates prevail all day. Be sentimental—be personal—telephone your Valentine.

Ligonier Lanes

Weatherhead League

More changes and more ties broken—the Five Devils are still holding on to the lead and are steadily increasing their margin. The Five Rebels are still on the march as they took over second place, this week, from the Apple Knockers. Last week we had four teams tied for last place but this week that dubious place of honor goes to the King Pins and from all indications their reign will be a long and unhappy one. The Chieftains have high series with 2368 and the Five Rebels have high game with 844. R. Criswell, with 574 and Carol Karr, with 488 lead in high individual series, while Cliff Cripe, with 223 and Carol Karr, with 191, have high games.

Weatherhead Nightshift League

In the Weatherhead nightshift league the team of Mary Byrd, Harry Clark, Alma Spry, and Jack Scott had the high game with a 1627. Mary Byrd lead the ladies with a 413 series, and a 177 single. Jack Brubaker topped the men with a 470 series and a 178 single.

In the standings for the Ladies Monday Night League, we find our own Van's Pure Oil team in the lead by one point—not much, but enough to make for good, good feeling. We hope we see an increase each week.

Van's Pure Oil 15 points  
Newman's Furniture 14 points  
Paddy's Bar 13 points  
Pickwick Lounge 5 points  
Atz Furniture 3 points

In the high series, Isabel Stahley, of Van's Team, hit the Five Hundred Series, so her name will be added to the Hall of Fame of the Ligonier Lanes. Other high series were E. Hall 479, H. Flowers 466, B. Kline, 458, K. Ostrander 458, M. Schwab, 450. Isabel, along with Anne Robertson, featured in the high games, with 184 and 179. M. Schwab had a 178 high.

Van's Pure Oil took 4 points from Atz Furniture.

Pickwick Lounge lost 4 points to Newman's Furniture, but not before they had put up a good fight. Annebell Cohl, a substitute for the team, started them off right with a nice game of 157, but the other three on team just couldn't get started.

Syracuse Body and Paint

The Syracuse team met with some stiff opposition, Thursday as they bowled against Orewiler's Chevrolet. John Pusti had a beautiful game of 254 with a 604 high series, which will add his name to the Hall of Fame of the Ligonier Lanes. That makes two for this week. In spite of John's efforts the team was able to only take one game.

The Denzel gals can't seem to get that old go-go-go. They managed to take one game from Humphrey's Insurance, but they aren't too proud of it. One game just never is enough. Lola Buhr had high game with 150.

The weeping, wailing and gnashing of the teeth has started as the teams begin to bowl again after the remodeling of the Warsaw Lanes—it isn't really that bad. The low scores and losses are taken on the chin like real sportsmen and the excuses for them are that they are so fascinated watching the automatic pin setters that is more fun to roll two balls than to get strikes with one. The Foo and Faye team lost two games, (and one of those by only 4 pins), to Walters Drug.
