

To Be Listed In College Who's Who

Ben Reed, son of M. E. Reed, Oakwood Park, was one of eleven seniors at North Central College, Naperville, Illinois, to be chosen for recognition in the 1956-57 edition of Who's Who among students in American universities and colleges.

In making their selection, campus nominating committees consider the student's scholarship, his participation and leadership in academic and extracurricular activities, his citizenship and service to the school, and his promise of future usefulness.

Majoring in speech and English, Ben is a member of Alpha Psi Omega, national dramatic fraternity. Last year he directed the junior class musical "Finian's Rainbow", and is at present student council representative from the speech activities board.
