On The Fairways

South Shore Ladies

The South Shore Women's Golf Association held its first meeting of the season on Tuesday 4 June with a small but enthusiastic group of seventeen members present.

Winners in the day's play, using the Calloway Handicap were Jane Rathbun, Carolyn Holden, and Mary Ferguson in the eighteen-hole group and Ann Sudlow and Betty Budde in the nine-hole group.

After lunch, the business meeting was called to order by President Carol Todd.

Invitations have been received from the organizations at Rochester, Plymouth, Auburn, and

LOCAL BOY ON TELEVISION

George M. Harvey, II, son of Mr. and Mrs. George M. Harvey, appeared on television last night.

Riding in a dog cart drawn by a registered St. Bernard, his appearance was part of the advertising of the South Bend Dog Show which followed the fights over the Elkhart television station Wednesday.

Huntington.

All members are urged to get scores in as soon as possible for the choosing of a team to compete in the annual Round Robin play with Tippecanoe, Maxwellton and Wawasee.

Eighteen-hole players are scheduled to tee off at nine-thirty.

The organization is looking forward to welcoming back many of the summer resident members who have not yet arrived at the lake.

Maxwellton Ladies

Ladies Day at Maxwellton Golf Club was enjoyed by seventeen of its members Tuesday. The morning play was followed by luncheon at the Pickwick Lounge.

President Elly Blakesley presided at the business meeting and appointed committees for guest day 25 June.

18 holes—1st low net, Elly Blakesley; 2nd low net, Mary Jane Christine.

Low putts—tie for Helen Christner and Esther Brewster.

9 holes—1st low net, Bea Jamison. Low putts—Ruth Rohrer.

Get in the fine-car swim at the low Ford price!

America's favorite convertible is one of 21 Ford models for 1957

There's no need to pay a "fancy price" to enjoy fine-car luxury. Ford is lowest priced* of the low-price three, yet offers values you'd expect only in cars costing far more!

To start with, you can easily pay twice the money, and not find lines that can hold a candle to Ford's for lowness, loveliness, or just plain good taste.

But step inside. That's when you'll find the real evidence of Ford's quality!

And, on the way in, note that Ford offers door checks that hold doors open in either of two positions—for easy entrance or exit. A little thing. But, in a fine car, why not? Then, inside, notice how comfortable those plush, foam-rubber seats are. They'll stay that way. And on long trips. For they're scientifically contoured over non-sag springs. Your rear-seat passengers are treated

extra kindly, too—with spring assists to help them open and close the doors—with the most leg room in Ford's field!

Fine cars are smooth—and that's another place Ford really shows its stuff! Ford delivers its famous V-8 power smooth as a whisper. That's because only Ford takes the pains to electronically balance each engine while running under its own power. Not even the makers of the most expensive automobiles go this far to bring you super-smooth performance.

Ford rides fine-car smooth and quiet, too. You can thank the new "Inner Ford" for that. Ford, for instance, has

a swept-back front suspension that actually "rolls with the punch" of every road bump.

Ford's rear springs automatically adjust to give the right ride for every road. And Ford keeps things quiet, with the most sound insulation in its field.

Fine cars are
built to stay solid. So's Ford!

Ford has the only frame in its field to make use of rugged tubular steel beams. No car at the price offers so many roof-strengthening beams. Expensive cars aren't built of thicker body steel or with sounder engineering skill. Then, of course, in Ford you can have all the power assists and other conveniences found in fine cars. And they cost far less in Ford.* Yes sir! In every feature, every part, Ford is the fine car at half the fine-car price. Come in and see!

Get in on the fun and savings now
in the new kind of

FORD
