Quarter Scores:				
Syracuse	14	36	57	81
Atwood	6	18	23	46

### Atwood's "B" Team Defeated By Yellowjackets

An exciting first quarter found the Atwood Greyhounds battling Yellowjackets to a 10 to 8 score, leading by two thin points, at the Atwood gym Tuesday night.

Locals, who had a definite height advantage over their opponents, bucketed 20 points during the second quarter while holding the hosts to six points, score at end of first half 28 to 16.

Third and fourth quarters were much the same with Jackets continuing to rack up points while Atwood fought hopelessly.

Syracuse's entire second team squad saw action during the game, with little fear of a defeat.

LaMar Kilmer led Jacket scoring with six field goals and three free throws, total 15. Greyhound's Anglin racked up 13 points for Atwood.

Others to score for the visi-

tors were Druckamiller, eight; Alfrey and Kline, seven; Bornman, five; Godschalk, four; Duy, three; and Burson, Disher and Keim, two points each.

Quarter Scores:

Syracuse	8	28	38	55
Atwood	10	16	22	32

Concord will visit Syracuse tomorrow night in the second home game of the season.

### Social Side Of Basketball Game by Miss Sandy DeGross

Atwood's small gym hardly held the crowd who turned out for Tuesday night's game. Many fans were uncomfortable and couldn't see. Appreciate Syracuse's "sparkling, clean new gym" more now, huh fans?

Noticed this saying on Atwood's gym wall:

When the great scorer comes, To write against your name He ask not if you won or lost, But how you played the game. Many fans commented on the above. Think it's wonderful! How about you?

Atwood band performed before the games. Enjoyed the small band who were giving it all they had.

Syracuse boosters were really full of pep and were heard yelling to the top of their lungs thruout both games. Team boys can't say their boosters weren't behind them.

Popcorn difficulties furnished many laughs. Seems someone was always spilling popcorn on the floor. Kind refs held up the game to clean the floor, with one ref tripping over a janitor and his broom. Seeing is believing.

Coaches Dick Beck and Eldon Ummel seemed almost bored during the last quarters of the games. They can be proud of the local "Fighting Yellowjackets" who gave it all they had.

Etna Green's principal, William Abbs, attended the game. Made the statement that Syracuse certainly showed makings of a wonderful, tough team. Bill, several years ago, coached the neighboring Cromwell Spartans, who have a top-notch team this season.

When Syracuse boosters yelled "Yea Team, Say Team, we're proud of you," they yelled as tho they really meant it. They did too! Finally had the privilege of giving out with the yell "VICTORY!"

### Births...

#### Carlton Ray Eby

Mr. and Mrs. Clarence Eby are parents of a son, Carlton Ray, born 4 November at Goshen General Hospital.

#### Bradley

Mr. and Mrs. Robert Bradley are parents of a son born Monday 4 November at Murphy Hospital in Warsaw.

A community has good schools in direct proportion to the interest and zeal of the people in the community.—Charles F. Carroll.

A teacher affects eternity; he can never tell where his influence stops.—H. Mann.

## VIEWS and REVIEWS

Many of the pictures taken at the Halloween Festival, which was such a huge success on that most typical of Halloween nights complete with moon shining thru haze and fog, should be credited to Gene Stutzman, cameraman for Homer Bachtel Studio, who was here and there in the crowd and also took pictures of the little king and queen as well as several parade winners.

Muttnik or Sputnik No. 2, was reported by a number of area people early last Wednesday morning to have been visible across the southwest sky for about two minutes.

Leafing thru Who's Who in Indiana for 1957, we find listed Dr. E. L. Fosbrink of Syracuse. Also, Mrs. Irene Strieby, library consultant at the Eli Lilly Co. in Indianapolis, former Syracuse resident and a present summer home owner at Kale Island.

Pictured in the October issue of The Indiana Clubwomen is Mrs. Richard Heyde of Syracuse Lake. The picture includes past presidents of Marshall County Federation of Clubs of which Mrs. Heyde was elected president this year.

An interesting observation is the trend of parking meter collections elsewhere corresponding to that in Syracuse. The city clerk-treasurer of Goshen reported total receipts for October to be \$2,729, with the September collection totaling \$2,635.32. An increase in October receipts in Syracuse was also noted with the total for the month of \$288.30 reported, and total collection for September listed at \$261.28.

Meeting for a somewhat impromptu coffee break last Wednesday morning, BPW rummage sale committee members and workers found that a review of their preliminary activities and actual procedure of the project was most beneficial. At this meeting basic plans for this sale to be repeated next year were established and ideas for improving it considered. Meeting at the Syracuse Cafe, Mrs. Ruth Prickett, owner and BPW member, kept them well supplied with coffee and fresh doughnuts.

Have you seen the new Chevrolet at S&M? It really is a beauty and has much to offer in the 1958 line of cars.

Remodelling has been a major activity at Pettit's recently in the front of their store where they have made room for their dry-cleaning service.

Rumor has it that its Rollie Byler who is constructing a new building in Wawasee Village next to Tom Sock's Store.

The time for many Syracuse and Wawasee residents to make their winter journey to Florida has arrived. Among those who have already left are the Harold Youngs and the M. C. Connets, all of Wawasee, and Ira B. Fumans of Papakeechee Lake. Leaving this week end are Joan and Lew Hastings and daughter, Linda, also "Wawaseeites."

Equally adept and pleasant at their jobs are Onal Nolan, who holds forth at Connolly's Grocery, and daughter, Alice, who has been employed at Thornburg's for several months now. A pretty nice mother and daughter team, we think.

Those of you who have been planting tulip bulbs may be interested in knowing that tulips are originally from Turkey, where they were first developed. Introduced into Southern Europe by way of military invasion, they eventually found their way to Holland, where in 1630 the Dutch mania for perfection reached its peak with the payment of \$10,000 for a

### GARY BROWN NOW HOME FROM ELKHART HOSPITAL

Gary Brown, 12 year old son of Mrs. Doris Brown, returned home Saturday from Elkhart General Hospital where he has been a patient for the past month. He is still recuperating from a broken arm and leg suffered when he was thrown from a motorcycle.

Gary was riding with his father when the motorcycle hit an obstacle in the road while rounding a curve causing the boy to be thrown from the vehicle with multiple breaks in the left arm and leg resulting.

He is reported to be improving very nicely.

single bulb. Well, next spring we'll enjoy seeing them!

Add to chilly sights seen lately was the large sail boat out on Wawasee last Sunday—and then there was one lone golfer braving the gales of the past week.

Belated congratulations on her 90th birthday go to Mrs. Ida Guy. The older folks are the back bone of our community life—and we're especially proud to comment on their special days.

Several people have mentioned seeing the Wednesday Afternoon Club during their brief television appearance last week on the WSBT-TV "Afternoon Show." It was quite a surprise to the club members, too!

And now that the basketball season is well launched Warsaw sports writer says of the Yellowjackets, "Syracuse, probably the tallest team in the county, has lost its first two games but only by a total of three points. The Yellowjackets definitely look like a title threat."

Work on the addition to the scout cabin is progressing. The exterior is finished and almost all painted and we hear that volunteers from the sponsoring clubs are spending free hours on Saturdays so that something is accomplished each week altho more hands would hasten the work.

Matty Jones, in talking about the recent gun shoot, said there is no sport more democratic than

trap shooting. Men in every profession, trade and business enjoy the fellowship of this sport. Also, the ethics of safety and gun handling are strictly observed and there are no accidents at the meets.
