## How dairy farmers help themselves by working together

Through MPF, dairy farmers provide themselves the following services and representation:

- guaranteed market for their milk
- guaranteed payment for their milk
- butterfat testing
- verification of weights
- negotiation of fair prices
- market information
- a monthly magazine of their own
- field service
- quarantine milk payments
- quality maintenance
- milk hauling help
- public relations in Greater Cleveland
- representation in Federal hearings
- Dairy Council services
- milk sales promotion in Greater Cleveland
- representation in state legislation
- representation in national legislation
- interchange of information

**Don't  
forget!**

You never  
outgrow  
your need  
for milk.  
Drink  
at least  
3 glasses  
every day.

If you are a dairy farmer and not a member of MPF, you should be. Write for complete information.

**WHO'S WHO**

This week for Who's Who we have decided to introduce a classmate we will name our "All American Girl." This personality was born 2 April 1940. Her class has been lucky to have her all 12 years of school.

Susan Irene Klink, or "Suzi," as we call her, has participated in most of the school activities. She was in both junior and senior plays and on the annual staff her senior year.

She was cheerleader as a sophomore and junior; president of Future Teachers of America her junior year and vice-president her sophomore and senior years; secretary of Student Council her sophomore and senior years; a member of Horizon Club and Junior Ladies.

Her most recent honor was being chosen Future Farmers of America Chapter Sweetheart.

Now to dwell upon "Suzi's" personality for a moment: She dislikes spinach and government tests.

Her likes are:

Foods—steaks and salads  
Movie Stars—Rock Hudson and Doris Day

School—commercial subjects  
Songs—"Stardust" and "Ain't Misbehavin'"

Singers—Nat "King" Cole and Pat Boone

Group Singers—The Four Freshmen

Band Leader—Duke Ellington.  
If you want to know more about this charming girl, I'll be happy to introduce you. However, you'll find she does have one pet peeve, which is hard butter.

Her plans for the future are indefinite. But between you and me, we know "Suzi" will be successful in whatever she does.

**ANNUAL STAFF MEETING**

Thursday 7 November an annual staff meeting was held. Bill Dorsey introduced Mr. Albertson of the American Yearbook Company. He showed the staff different designs for the cover and the colors to choose from.

The staff selected a padded leather cover and the colors of charcoal grey with red and white trim.

Mr. Albertson also made some suggestions in ways to make our yearbook better than ever.

**SPECIAL PROGRAM**

Wednesday 6 November the Syracuse High School student body saw the first of a series of the films chosen by the Student Council.

"Prejudice" was the name of the film seen. It gave a good illustration on segregation, and was enjoyed by all.

"Road looks slick—  
better take the  
*Dauphine*"

**\$1759<sup>00</sup>**

Seems they take the Renault Dauphine more and more these days instead of the other car. Pavement wet? The Dauphine has a better road-grip. Traffic heavy? The Dauphine gets through with no trouble. Parking? The Dauphine always finds space. Main thing—the Dauphine is more fun to drive, and gets 40-odd miles on a gallon. With your other car or as your only car, the 4-passenger Dauphine has everything.

Test drive the Dauphine today
