CROSS CURRENTS

Occasionally at house cleaning time one feels like brightening up the interior with a few new purchases.

This, of course, need not be over done. A farmer we talked with last summer is still getting along very nicely with a dining room outfit purchased at Beckman's in 1905.

However, there have been a few improvements since that time.

If your needs and tastes suggest something a little out of the ordinary, come in and take a look at what's available at the Turkey Creek Furniture Shop for 1958!
