Christian Science breaks the grip of matter

Many people have been healed of apparently hopeless troubles and diseases through prayer in Christian Science.

They have found a better way of life. They have gained, or regained, peace and confidence.

How anyone can learn to pray understandingly, effectively, is fully explained in the first chapter of Science and Health with Key to the Scriptures by Mary Baker Eddy. Such prayer is the spiritual understanding of God and of man in His "image and likeness," as the Bible teaches.

Science and Health may be read or borrowed at any Christian Science Reading Room. Send \$3 for a copy postpaid.
